1548	I usually go to Northern Harford County for most of my everyday needs. That's where most of the grocery stores and general services are. For well maintained playgrounds and for diverse, higher-quality restaurants, I tend to go to Bel Air or Abingdon, but Aberdeen is a good option too. Grocery options are pretty solid in Northern Harford, but in the Edgewood/Joppa area it's mostly Food Lion, Redner's, and Aldi, so the choices are a bit more limited. The Edgewood/Joppa area is very limited when it comes to well maintained playgrounds, trails, safe/protected bicycling infrastructure.	8/2/2026 5:34 PM

1763	I like the small town feel of the local community that Bel Air used to have. I shop at Shoprite for groceries, participate in the CSA at Brad's every year and try to support local businesses like Broom's Broom and the shops on main street. I go to the farmer's market and local events when I can. Healthcare has seriously gone downhill in the area. Trying to get prompt appointment with a qualified doctor has become impossible. When you need to see a doctor and the first available appt. is in 3 months, something has to change. I have to pay for a direct access PCP so that I can take care of my health and obtain my medication in a timely manner. I get my prescriptions at Walgreens but the delays and drive-through lines have been increasing frustrating. The businesses can't seem to handle the amount of people moving into the area.	7/23/2026 8:38 AM

HCPS has FAILED my daughter for her IEP needs and we are looking into Highlands School or other possible schools that could help us with ADHD and Autism—STOP CUTTING THE SCHOOL BUDGET. We stay local for restaurants and shopping (Target, Walmart). We would LOVE to see a Costco or Sam’s Club after addressing traffic needs. We LOVE the farmers market.	7/22/2026 11:51 PM

9	Not many except for specialist and labor/delivery. Unless there was a pressing appointment for a family member’s medical problem, then maybe Johns Hopkins Bayview or Johns Hopkins Hospital downtown. Delivery of child(ren). While good, there is no NICU in Harford County. GBMC is still privately owned (hasn’t been taken up by a big health system) and they have a NICU. I would never deliver my child in a hospital without one, and I wasn’t high risk. Also, while still very good, UMD Aberdeen and UMD UCMC (not anymore) do not have a designated pediatric emergency room.	10/1/2026 5:54 PM

110	My wife and I both work in Baltimore County, though choose to work from home as much as possible. When commuting through Baltimore County there are times when services there are simply more convenient, because we are passing by. Our hospital of choice is GBMC, so we do leave Harford County when that is needed. That also puts most of our doctors in Baltimore County, though our childrens' doctors are all in Harford County.	9/24/2026 3:42 PM

126	We like to get dressed up and eat nicely. There is almost nothing in this category in Harford County. We eat out in Baltimore and lancaster, PA, literally dozens of times a year. Also, attending all live entertainment shows requires leaving Harford County. Worthwhile events at HCC APGFCU Arena are rare. APG health clinic provides routine and preventive primary care only. All referrals lead to civilian providers, and there are not nearly enough civilian specialty care providers. We get sent to Towson, Baltimore, Delaware even, because of the dearth of health care here.	9/23/2026 10:52 PM

332	The over population is breeding more and more traffic and people have less and less patience. Did we really need 3 huge new apartment complexes? Did we need to start destroying Forest Hill with even more housing? The county is having its rural charm stripped away, one greedy developer at a time. We don't even have a mall or anyplace to buy a nice dress. Oh, but housing we have. No idea who can afford $2000-$3000 for rent! Guess it's the people priced out of the housing market, so let's build more houses that people can't afford. Brilliant planning. And forget Bel Air, no place to park. The parking garage was another brilliant bit of planning. Zero safety factor. This is not the county I grew up in. Not at all. "They paved paradise and put up a parking lot." There's barely even any parking at the Bel Air Library for pity's sake. That's just sorry. Can't wait until I move out of this state. Harford County/MD government most certainly do not any interest in quality of living at all. Hey, let's raise the DMV fees. Let's change the historic tag law by 1 year so we can rake in the registration fees, and emission fees-just because they can. What bratty, self-serving children we have to kowtow to. I'll be moving next year. Thanks for screwing up this once-lovely county so badly that an 11th generation native has to flee. Well done!	9/16/2026 10:18 AM

521	Housing affordability is another major concern. The only reason I currently live out of state is because it is simply unaffordable for my family to live in Harford County—even on two teacher salaries. In Pennsylvania, we were able to purchase a 1.25-acre lot and build a brand-new custom home for $306,000. In Harford County, $306,000 will likely get you a 3-bedroom townhome, if you are lucky. That should tell us something. We need to be thoughtful about what kind of growth we are encouraging. Building more dense housing does not automatically make housing affordable, particularly when the infrastructure, schools, transportation, and public services needed to support that growth are already struggling to keep up. I want to be able to live in the community where I work. I want teachers, first responders, nurses, paraprofessionals, and other working families to be able to afford to live in the communities they serve. If working families—including teachers—cannot afford to live here, we have a housing affordability problem that cannot be solved simply by building more townhomes.	9/3/2026 4:01 PM

585	Surgical and hospital needs met at Christiana in DE, or in Baltimore hospitals -- Upper Chesapeake is an absolute disgrace! Numerous neighbors have caught infections while receiving very substandard care there. The walls, ceilings, and fixtures in the hallways and doctors' offices are falling apart, the bathrooms are filthy! The parking garage's pedestrian flow is dangerous. The staff and physicians there are wonderful. But the facility -- forget unsightly. It's a cobbled-together Frankenstein-monster; downright hazardous, unhealthy and dangerous. Might be best to tear it down and build anew a coherent institution. One run by a small coterie of physicians and folks who truly live and understand the intersection between capitalism and non-profit financing, under the oversight of a board populated by society-focused experts (social workers, clergy, PhD-holding nurses, public health folks, financiers who realize a healthy population is crucial to an economy, etc.) Could we invite in experts who study rural hospital and health care systems, who can advise us in escaping the corporatization of health care that plagues our country?	9/1/2026 4:13 PM

We don't have a good nearby movie theater, so we leave the county for that. 670	Healthcare in Harford County is abysmal so we travel to Towson or, for more specialized care, up to Hershey Medical Center for all our medical care. I went to the ED at Upper Chesapeake one time and nearly died as a result of their care (says the team at Hershey Med who ultimately performed the life-saving procedure Upper Chesapeake missed). My husband went to the Patient First across the street from Upper Chesapeake for what ended up being appendicitis. The staff at Patient First told him if he could withstand the pain enough to drive to any of the hospitals in Towson, to go down there rather than go across the street to Upper Chesapeake to get an emergency appendectomy. The reputation of Upper Chesapeake is so bad, medical professionals are actively encouraging people to avoid care there. Other than Upper Chesapeake, there are medical practices but they are so under-resourced/stretched thin that we can't get into them (I tried to establish care with a new PCP and they told me it would be a year before I could get in. Most other places told me they weren't accepting new patients). I wonder if those two issues are related (lack of quality hospital care and shortage of medical practices). Other than healthcare, my kids participate in a youth theater company in Cecil Co.	8/28/2026 10:02 AM

We have the whole 95 corridor, especially near Aberdeen/Belcamp that we could develop “things to do”, like an aquarium, main event games. There are huge sports tournaments that come to Ripken stadium, cedar lane, and Coppermine complex and there’s nothing to attract families to spend their money in Harford County. They go to Baltimore county (white marsh) and Baltimore City, both of which are not safe places to go. Invest in attractions and you bring in jobs for our county as well.	8/18/2026 1:49 PM

1037	Providing my family opportunities to learn away from the internet and/or outside of the classroom: museums, zoos, aquariums, etc. -This county is lacking in this area. Given the sizes of the options available in Baltimore, D. C., and Philadelphia, I don't see this changing any time soon. However, I do not invite anyone with kids to visit as we don't have anything fun for them to do. Providing my family with opportunities to experience and learn about a variety of cultures, races, ethnicities, heritages, and perspectives. -Many parts of this community seem comfortable with the lack of diversity. Therefore, I will continue to leave this county as long as I need to so that my family can appreciate and respect all people. Providing my family with opportunities to enjoy and experience nature, peace, and quiet. -Everywhere is being developed. Traffic is absolutely insane. My kids cannot reasonably walk to a playground. 2004	Leave Harf Co for retail shopping and entertainment. There is not a single dept. store in this county - disappointing. As a result, I got to Christiana for retail shopping, and because I'm there, I end up spending money or groceries (where there is a trader joes within mins. of Macys / Nordstrom) and Costco - which is there, to include large ticket items. Don't you want to keep my dollars in the community? Give me options to do so, right now, you have left me with no choice. I realize retail shopping has changed majorly since covid, but you didn't pivot with the change. Also - what are you going to do if APG closes this base and the civilian jobs go - you need to reinvent yourself (tech jobs / AI / ag?)	7/20/2026 7:00 PM

2015	Definitely hospital (UND Upper Chesapeake has a terrible rating and reviews). I'd rather travel to UMD St Joseph for medical care! Also used private schools because my school district is horrible! It's a shame that people have no choice and that children travel farther from their homes to schools instead of schools that are closer. In our area kids cross 95 and Route 40 to attend middle and high school when there is one so much closer and better. Something needs to be done with the Edgewood school district and children should not have to travel so far for school. If you stop building in the area students wouldn't have to travel so far and could attend schools closer to their homes and not cross major roads to get there. Our school system is suffering and our healthcare in Harford County is terrible!	7/20/2026 5:37 PM

Nice, open air malls and shopping centers are very popular. look at the Avenue in White Marsh, or stores relocating from inside Towson Mall to nearby storefronts. There should be a priority for wide sidewalks, landscaped buffers between parking and side walk areas, etc.	7/20/2026 4:59 PM

29	Speaking for many: leave the rural neighborhoods and countryside alone and exempt from technical innovations. It is the height of insanity to put solar panels and data centers smack in the middle of, not only a neighborhood, but in a country setting that extends for tens of miles in every direction. I’m not disputing the obvious and increasing necessity for these inventions, but when they encroach on the WHY people live where they do in Harford County, they are no longer a blessing. There is a place for them, but it is NOT in the beautiful countryside that once gone is gone for good. For 35 years, we’ve enjoyed all that Harford County has to offer, but rezoning a smidge of a clearly wide agricultural area as industrial is just the beginning of the end for something that is more precious and more priceless than gold. It absolutely requires the long view to see it and I hope the citizens can trust the Harford County officials to see it and have the moral courage to address this imposition that will redefine what citizens love about this county and their home.	9/16/2026 10:35 AM

191	Harf Co location is one of its biggest strengths - can be to Mountains, Ocean, DC, PHyilly, NYC all within 2 hour drive. Having an Amtrak station in Aberdeen is big - you don't market that enough. I appreciate the conservative values, I'm talking morals and not politics - continue to prioritize 2-parent heterosexual households, which is not a slight to anyone who is not that, don't let big brother push you to the liberal agenda (and I'm black by the way, not all black folks are liberals). Lastly, I generally feel safe anywhere in Harf Co. to include the areas I've been warned not to visit, like Edgewood.	7/20/2026 7:00 PM

Q8 What are the most pressing challenges facing Harford County today and in the future?

Answered: 2,238 Skipped: 227

#	RESPONSES	DATE
1	Not showing favoritism to areas, i.e.. the Fallston apartment develpment (stop the sprawl) that was stopped because they were afraid of section 8, but it's ok for other areas.	10/2/2026 6:56 AM
2	Budgetary	10/2/2026 6:09 AM
3	overbuilding	10/1/2026 10:55 PM
4	Getting too congested... too many new residents so becoming too crowded Schools getting crowded, roads congested, can't hire enough teachers and educators to continue to provide quality education	10/1/2026 9:59 PM
5	The same as all of Maryland and the Nation. Affordable housing, healthcare, Electricity, Gasoline, and Groceries. Also, we must fight against AI and ban AI datacenters from the county (and the world.)	10/1/2026 9:48 PM
6	Cost of living, housing expansion, road traffic.	10/1/2026 9:00 PM
7	Equal development and maintenance of all areas of the county Traffic on main roads and repairs Improving schools and facilities for our children and grandchildren especially the fields	10/1/2026 8:47 PM
8	The most pressing challenge is electing citizens that understand suburban planning. The way in which development occurs or doesn't is dictated by people that have an agenda.	10/1/2026 7:52 PM
9	Roads can’t accommodate growing population.	10/1/2026 7:46 PM
10	At 37, while born in a hospital in Baltimore City, I’ve only ever lived in Harford County. As a life long resident, I see how this is such an old county. Lots of older folks that are trying to age in place. Having a background in elder care, the county needs more services for them that are easy for family and friends to set-up for them. We need to continue to keep the county family friendly. We need to seriously consider land development. From folks I’ve talked to, from all walks of life, no one and I mean absolutely no one, wants Harford County to turn into Towson or Hunt Valley. Not in any regard. Explosive growth is never good, and getting too big too fast is not sustainable. We need to preserve, protect, and cultivate to keep families here. My child and the children in my family should still have many aspects of the Harford County that I grew up with in the late 80s-90s-early 2000s. I don’t want to move.	10/1/2026 5:54 PM
11	Too much building without infrastructure. Lack of a good hospital	10/1/2026 5:06 PM
12	Crime is increasing. No trauma centers in Harford County.	10/1/2026 4:55 PM
13	Encroaching crime Education	10/1/2026 4:34 PM
14	Overdevelopment and loss of small town atmosphere, the Conowingo Dam posing a risk for the downstream watershed	10/1/2026 4:16 PM
15	Increasing amount of building (apartments) and roads not able to handle the traffic, especially in Bel Air.	10/1/2026 4:12 PM

16	Over development and poor shopping and traffic nightmare’s	10/1/2026 3:55 PM
17	Over development! Please don't turn us into Howard Co. We need to remain rural. Too many restaurants in Bel Air	10/1/2026 3:49 PM
18	Over development and affordable housing for seniors.	10/1/2026 3:31 PM
19	Slow development. Keep communities safe Make the county more pedestrian and bike friendly	10/1/2026 2:55 PM
20	Safety & crime; healthcare availability & affordability; safe & affordable eldercare services & housing for seniors	10/1/2026 2:55 PM
21	Over development with not enough infrastructure in place	10/1/2026 2:54 PM
22	Overdevelopment of woods/farmland	10/1/2026 2:49 PM
23	School class size Teacher to student ratios Providing access to all people of different races, gender identities	10/1/2026 2:38 PM
24	Roads and crime with increased population	10/1/2026 2:27 PM
25	Too many apartments/housing being squeezed into communities, increasing traffic congestion and crime in certain areas as they become overcrowded, building new businesses/homes and not improving infrastructure to support it, not utilizing empty buildings/business space that exists	10/1/2026 2:25 PM
26	Overdevelopment	10/1/2026 2:02 PM
27	The amount of building new neighborhoods when most of them aren't even complete and the builders walk away. Shopping centers that don't have anything in them and then new shopping centers are being build. For IE Edgewood: Mars and Giant	10/1/2026 1:39 PM
28	good medical facilities	10/1/2026 1:38 PM
29	Solar farms, over development,	10/1/2026 1:24 PM
30	too many apartment/townhouses	10/1/2026 1:22 PM
31	Crime, would you walk through Edgewood or Aberdeen at night? Property taxes to high.	10/1/2026 1:21 PM
32	Growth and its impact.ⁿ	10/1/2026 1:15 PM
33	Affordability of housing for young adults	10/1/2026 1:04 PM
34	Development	10/1/2026 1:03 PM
35	Overdevelopment. I strongly believe the developers are taking over Harford County; the old-town feel is gone and has been replaced with commercial restaurants, stores, and houses/apartments. The biggest challenge now and the future is congestion - Harford County wasn't designed for mass housing; the roads are not equipped for overpopulation. Also, there aren't enough of sustainable job opportunities.	10/1/2026 12:55 PM
36	Managing growth while preserving quality of life,Affordable and accessible housing,Transportation and mobility,Education and preparing young people for the workforce,Making sure opportunity reaches every community,Environmental protection and development,Keeping young people connected to their communities,	10/1/2026 12:42 PM
37	Data centers and rampant development	10/1/2026 12:41 PM

38	Fully funding public schools. I USED to be able to say schools were a strength but it’s getting worse. Huge class sizes, safety concerns. Same with public safety. Getting worse. Murders, police violence, school violence.	10/1/2026 12:32 PM
39	Urban development & congestion	10/1/2026 12:23 PM
40	the increase of "high volume housing" and low income housing, loss of farms, crimes committed by adolescences (no consequences)	10/1/2026 12:22 PM
41	Keeping Harford County rural while providing adequate housing.	10/1/2026 12:20 PM
42	Keeping Harford County rural with no data centers or expanded (forced, eminent domain) electrical grids that take away farmland for the benefit of big corporations.	10/1/2026 12:17 PM
43	keeping the community working together	10/1/2026 12:10 PM
44	resource and traffic growth	10/1/2026 12:04 PM
45	To rapid growth and traffic. It takes forever to get anywhere now. The roads are too narrow to accommodate, lights at rt.24 are too long if you are trying to cross over them. Traffic.	10/1/2026 12:02 PM
46	Homelessness in bel air due to hospital, increase in drug treatment areas bringing large vans of people	10/1/2026 11:03 AM
47	Development. The county is quickly becoming a concrete jungle and losing its affordability. We do not want it to become another Prince William County. Keep the suburban country charm we love.	10/1/2026 9:00 AM
48	Too much development and so schools are becoming crowded. Crime is increasing and housing cost. Need to agriculture.	10/1/2026 8:49 AM
49	The traffic and problems with infrastructure, mostly due to construction on 95 and a lack of other options.	10/1/2026 8:38 AM
50	Housing costs, and school safety.	10/1/2026 8:26 AM
51	Overdevelopment! Displacing all the poor animals, cutting down tree trees, crime has increased as result traffic has increased as a result and it is just not the same slow paced community it used to be. Developers are making tons of money and ruining the quality of our lives.	10/1/2026 7:50 AM
52	AI data centers.	10/1/2026 7:45 AM
53	Traffic getting worse, support for small businesses, improving areas other than bel air	10/1/2026 6:35 AM

69	The underfunding of public schools is a major issue and one I would like to see the county executive take more seriously. While I agree there are some bloated administrative expenses within HCPS, the approach Mr. Cassilly has taken pledging to flat-fund school and in fact, cut funding is short-sighted. Larger class sizes and lower educational outcomes hurt not only students and families but also the entire county as our students are less prepared to enter the workforce. School cannot be asked to continue to absorb additional students brought in from a glut of overdevelopment without adequate resources.	9/29/2026 11:13 AM

Additionally, public transportation and safety for cyclists (especially as oil prices increase) are very important for our family. 255	Couched racism/classism in no-more-apartment slogans while wanting people to work in service industries that are underpaid. "Small-town values" in a place that is growing exponentially. Change is good and shouldn't only be for the affluent. PUBLIC TRANSPORTATION and BIKE LANES are necessary. The bus still runs only once an hour for the entire eight years that I've lived here -- really?! That's not feasible. Every 1/2 hour to every 20 minutes is needed. Things are close because it's a small town, but unsafe for pedestrians and bicyclists. We need more sidewalks along major roads, protected bike lanes (how many more large trucks will people buy and then continue to drive distracted?), and safer crossing areas (924 is a terror for the middle and high schoolers). We need to move away from car-centered civil engineering. There are kids who live 1/4 mi. away from BAMS who take the bus. It's absurd. Drivers don't stop at crosswalks. Build a mall without outdoor areas (like the Avenue at White Marsh)? Don't allow youth in stores without guardians? Bel Air has an complex of entitlement and privilege. On a separate note, the firefighters/EMTs need to be paid/certified; if you pay the sheriffs and police, why can't other community necessities be equitably supported?	9/17/2026 8:59 AM

Also, everything from Amazon and similar warehouses (logistics centers) to solar farms and data centers should have mandatory landscaping that is maintained to help those places blend in with the developed green landscape that is Harford County. Also, don't let the new town center at former Harford Mall turn into TowsonTown Center, riddled with crime and a hangout for wild gangs of teenagers - get legislation on the books that more than two teens together must have a parent accompany them, and make the parents responsible for any damage their teens cause, including terrorizing people shopping or visiting those stores.	9/17/2026 7:57 AM

I also think there are too many new neighborhoods going up around the county. We like living here because it's not as crowded as other places like Towson. If we keep building housing - regular or low income - Harford county will lose its small town charm and become another Towson or Essex and push people that love living here to Cecil County. Community character / friendly neighbors - if you are a white, god-fearing Republican. Everyone else is expected to keep their mouths shut. Parks / open space Schools / education - this is a joke right? I work in an HCPS school and we don’t have enough staff, resources, or money to give every student a reasonable education. Certain people are ok with erasing history to make parents comfortable. Students have low executive functioning, hygiene, and social interaction skills. Parents aren’t sending their children to school set up for success so teachers, paraprofessionals, and inclusion helpers are scraping by. While parents are only concerned about banning books and ensuring the curriculum is not “woke” and we’re not indoctrinating students to be transgender or gay. Employment opportunities Local businesses / downtown areas Safety / low crime Housing - this is a joke right? New developments are popping up everywhere. Housing prices are not affordable. Agricultural preservation - what does this mean? The only agricultural preservation happening is when it is profitable. Bloom’s Broom, Brad’s produce, and a few others are protected. But lots of agricultural spaces look like they are in desperate need of support and resources. Historic preservation seems to only apply to buildings that are connected to white people. Why do we have a museum for John Wilkes Booth and his Shakespeare performing family? Why did a newspaper run an article about the school for white children off of 924 and Wheel Road. Historic preservation of racism is what it should be called. Transportation / mobility is lacking just like bicycle and pedestrian facilities. Economic development Water resources Confining growth to the Development Envelope is a joke. We are putting the money and resources into our schools but we continue to build new houses. Agritourism - what is this? Everyone around here just wants to show off their gas-guzzling trucks, tractors, and riding lawn mowers. People moved where they did in Harford Country for very legitimate reasons and that must be taken into account. The Golden Rule, do unto others as you would have do unto you, absolutely comes into play here. I do not see any legislators jumping on the bandwagon to buy houses overlooking solar farms or data centers. Until they do, this legislation is immoral and needs to be overturned. Delay permits, sue the state, do whatever is necessary but DO NOT allow these facilities to be built on Ag land. Also - no affordable housing initiatives in areas that don't want it. The area around the Hickory Wawa is an absolute disaster right now due to this, I have been going to this location for over 20 years and never seen it this bad. Also - the sheriff and the schools need to become less political and more under County control. This is a conservative county and the school system is extremely progressive - this is unacceptable. The sheriff needs to be converted into a PD or something similar, we have minimal safety issues in the county yet this political figure is constantly whining and grandstanding about more money and more facilities. Rural communities don't need paramilitary police forces.	9/14/2026 3:29 PM
383	Keeping the development envelope from expanding; loss of rural feel to warehouses, solar/battery farms, cookie cutter housing areas; weakened infrastructure (roads, schools, electric, water) to handle increased demands	9/14/2026 3:06 PM

385	Better supporting public schools, increased building of homes, no more data centers or solar panel farms	9/14/2026 10:57 AM
386	Our county government claims to support education but their actions speak otherwise. I fear that the school system can only continue to make due with the resources provided for so long before it begins to have a negative impact on students. Teachers don't feel respected by our county executive and they will start to leave. We can't attract new families to a system where the county executive continuously paints a negative picture of our school system leadership. We need a government that supports our school teachers and leaders.	9/14/2026 10:56 AM
387	The current introduction of apartment complexes, which creates traffic problems, dense population increase without infrastructure to accommodate this. Cutting down forested areas, which depletes wildlife habitat and endangers butterflies and beneficial insects.	9/14/2026 9:56 AM

396	OVERDEVELOPMENT! and OVERDEVELOPMENT! Which has led to inadequate infrastructure, I.E. roads, traffic congestion.	9/13/2026 6:50 AM
397	Fear of overcrowding, infrastructure unable to keep up with rising population.	9/13/2026 12:50 AM
398	The overtake of agriculture land by solar farms. This must be stopped or else Harford County will lose all its farmland, decrease in property values, and damage to enviornment. Increase in smoke shops. This needs regulation.	9/12/2026 8:59 PM
399	Funding for education- the current county executive expresses disdain for his constituents by failing to fund education appropriately. He is actively hindering academic achievement for the students who live and will eventually work in this county.	9/12/2026 7:55 PM
400	Please please please fully fund the schools. Class sizes are out of control, and many schools don't have basic supplies for kids like paper. For a county with resources and money, it is absolutely absurd to have class sizes so large. Traffic and development is also getting out of control. 412	Seems to be an increase in crime. That is the perception.	9/11/2026 2:30 PM
413	TOO MUCH GROWTH!!!! It's starting to mimic Montgomery Co!! I left there due to over development! Would hate to see that here, but I'm afraid I'm starting to see it happen. The second and very important issue is in-patient hospital care! We are terribly underserved! UMUC is frequently over crowded. We should not have to go elsewhere for in=patient care! That causes transportatioin issues when one is discharged among other things. The trip to UMUC from around the county can lose valuable minutes in saving a life! WE NEED ANOTHER FULL-SERVICE HOSPITAL IN HARCO!!!!!!!!	9/11/2026 12:49 PM
414	Harford used to have a phenomenal public school system. It seems like lately we have fallen behind other similar sized counties. My wife and I can’t afford private school so have recently considered moving to Howard county because the public schools are better. We need more tax revenue to better provide for our students. I would gladly pay more in taxes for better schools.	9/11/2026 12:26 PM

426	Very expensive to live here. School systems not funded and not supported by the county. Class sizes are too large. Seems like it is the county government vs. the school system. Not working together as a team. Recreation fields are not equal amongst across the county. Bel Air terps complex getting new grass when Cunion field in Edgewood was told they would be getting the same and nothing has happened. Told no fence could installed to protect the football field when Bel Air has one. Someone drove on the field and tore up the field with tire tracks and county did not help to fix it. Joppatowne does not have a Rec/Activity center. Joppatowne Marina could be a very nice place and draw a lot of people into the town. Just sitting there deteriorating. Huge portion of the seawall has caved in over 1 year ago and never fixed.	9/10/2026 3:22 PM

427	EDUCATION!!! Over the past 11 years Harford County has slowly be stripping resources from HCPS putting more responsibiliites on teacher's plate while also increasing class sizes. Highly trained master teachers will eventually leave and find better counties to work for.	9/10/2026 3:15 PM

431	Keeping high quality teachers in HCPS. The past two years teachers have lost positions and moved to other counties for the same opportunities. Less experienced teachers are then hired to cover those positions. HCPS pays to train and professionally develop its staff, including earning a Master's Degree and National Board Certification. Yet, they do not receive the payoff of well trained and highly qualified teachers whose positions are cut or choose to leave for higher salaries, smaller class sizes, more classroom support, and lower stress rates.	9/10/2026 2:28 PM
432	Underfunding our schools and over building our land with housing that will ultimately result in overpopulation of our schools that are already underfunded.	9/10/2026 2:16 PM

435	Increase in buildings and destroying open spaces/nature areas.	9/10/2026 2:11 PM
436	Treating every area the same. Not giving areas special treatment. For example, stop the sprawl in Fallston, please that's because they didn't want section 8, but it's fine for everywhere else. Don't let me get started on the infrastructure.	9/10/2026 2:09 PM
437	Development overload. Streets, schools, etc are getting congested. Harford county is losing its small town charm. If we wanted to live in the city or Towson we would already be there.	9/10/2026 1:22 PM
438	High cost of living	9/10/2026 12:34 PM
439	The amount of traffic and explosion of apartment building/ big gas stations. It was a beautiful rural area and now is becoming very congested and Bel Air is like Towson so congested and poor stores shopping with the mall being torn down. No good major stores like Macy's. Crime is also rising in Bel Air. There used to be much better small shops and less congestion. This is not progress.	9/10/2026 12:01 PM

We need to get parents more involved in their student's education and overall well-being. Safety is extremely important to me and my family. 449	OVERDEVELOPMENT!!!! Instead of allowing new development, encourage businesses to move into/repurpose/develop over unused buildings. Funding schools adequately! No way our schools should be required to use their rainy day funds just to meet the minimal budgetary expenses. Teachers and staff also deserve pay that is commensurate with what their peers are making elsewhere. We should not rank close to the bottom of MD schools with salaries and cost per student.	9/10/2026 9:56 AM

477	Wise development choices that balance the beautiful farmland with the housing and infrastructure supporting the people who want to live here. Allowing developers to build neighborhoods and then burden the county with the long term support costs is not a sustainable strategy. Developers never have the long view in mind.	9/9/2026 8:54 PM
478	The county administration is starving the public school system of needed funding. We are benefiting from the inertia of past spending, while building up a big deficit of lost staff and student opportunities. 552	Absolutely. I’d make the education point more direct and connect it to the consequences for students without overstating causation: **Lack of education funding is already having a direct impact on our students.** Class sizes are increasing while resources and support are being reduced. Budgets across the board have been slashed to make up for the deficit, and those cuts are being felt in our classrooms every day. This directly affects student performance and growth. An elementary classroom with **28–32 students is not conducive to effective learning**, regardless of how strong the teacher is. Teachers cannot provide the same level of individualized instruction, intervention, feedback, and support to 30 students that they can provide to a smaller class. Our teachers are being asked to do more with fewer resources while our students are being asked to learn in environments that make individualized attention increasingly difficult. **If we want our students to succeed,	9/3/2026 4:01 PM

	we have to fund the schools and resources necessary for them to succeed.** Cutting education funding and then expecting teachers and students to simply absorb the consequences is not a sustainable solution.

557	Too much new housing. Our infrastructures, emergency services, and schools cannot continue to support the growth. Monetary investments in these areas are a MUST if the housing growth continues. A very real concern of decreased safety and increased crime could arise, if we do not have the support for the population that lives in the county.	9/3/2026 3:18 PM

559	Lack of affordable housing, supporting the needs of some communities in the county	9/3/2026 2:39 PM
560	Lack of infrastructure and availability of services such as county wide high speed internet, continued housing overdevelopment overtaxing existing infrastructure, lack of public transportation, partisan politics within the county executive’s office and sheriff’s department wasting millions of taxpayer dollars each year, lack of commitment to fund schools to ensure student success and high quality teacher retention. Less available medical resources and quality providers, especially for pediatric patients. Racism, homophobia and transphobia present throughout the county government and sheriff’s office. Lack of accountability from the sheriff’s office and detention center.	9/3/2026 2:37 PM
561	Using tax dollars wisely. Education funding keeps dropping (in real world financial terms, not actual dollar amounts). Pedestrian and bike transportation needs to be more of a priority. Agricultural land has gotten way too much attention compared to other county needs.	9/3/2026 2:36 PM

599	School systems are the biggest. The reason I might decide to move out of harford county is because the school systems are not in the top of the state and this is directly correlated to funding and culture. I understand taxes will always be a complaint, but increasing taxes to be able to fund public services like education, walkable areas, and parks and recreation would make me be more willing to stay in the county even if I would need to commute out of the county.	9/1/2026 9:08 PM

I realize that the land needs to be developed but the magnitude of the project is inappropriate and will negatively impact the citizens who live in the area, the commuters who use 924 and 24 to get to and from work, and the businesses in the festival itself.	9/1/2026 5:38 PM

It should be a unified series of townhalls, meetings of representatives with civic and religious and informal groups (such as in diners and parks), and online presentations and interactions. 631	Ag areas being taken by solar fields/farms	9/1/2026 1:23 PM
632	There has been way too much development, especially of multi-family units (apartments). They are being built in places where there is not the structure to support them, nor the schools. Harford County, especially the northern part of the county such as Bel Air, Forest Hill, Fallston, Hickory and beyond are *not* prime targets for apartments to be built. Fountain Green Rd. at the Rt. 1 Bypass is a prime example of this poorly conceived kind of construction. The Harford Mall apartments are also a terrible idea. If something had to be built there, better a medical facility which is actually needed instead of more apartments which don't fit the character of this county.	9/1/2026 1:20 PM

642	Intolerable traffic congestion around Bel Air. A lack of efficient public transportation options between the large population centers and other public transportation hubs like the train stations, and bus lines into Baltimore or DC so commuting is easier. 651	One of the most pressing challenges facing Harford County is the lack of accessible, appropriately equipped arts and performance venues. As the county continues to grow, its cultural infrastructure has not kept pace with the needs of local arts organizations, schools, performers, and audiences. Limited access to affordable performance spaces restricts opportunities for local organizations to present high-quality programming, expand audiences, and provide meaningful arts experiences for residents. Looking ahead, Harford County needs greater investment in dedicated arts and cultural spaces that can support performances, education, community events, and collaboration. Without this infrastructure, local arts organizations may struggle to grow, young artists will have fewer opportunities to perform close to home, and residents will continue to travel outside the county to access cultural experiences that could instead strengthen Harford County’s own economy and sense of community.	9/1/2026 11:34 AM

708	The community is not welcoming to all, only to those who fit the perception of who "belongs" in Harford County. We have a huge perception issue. My husband and his family are HarCo natives. We moved our family up here as a result. When we were planning our move up here from Baltimore County, we received the same feedback from our neighbors, church friends, kids' school friends, work colleagues, etc.-- "Why would you want to move up there? They're a mess up there." The people cited different things about which HarCo is "a mess," but the message is the same. This place is not a place people should want to live, work, and/or play. They named the fact that our schools are under-resourced, that they are constantly in the news for needing to cut positions, that the buildings are in disrepair and are unsafe. They talked about bad experiences they have had with people being hostile to folks who look differently from them. The few who knew of others or themselves looked at HarCo as a potential home said housing is unaffordable and how there isn't a pipeline for eldercare support as they or their parents age. They talked about how Harford County is always in the news for some drama. How Harford County perceives itself to be this great place but that under the patina of idyllic towns and shopping centers lies a rotten core. Since moving here six years ago, we have found these things to be true. Our school buildings are old and unsafe and our schools are targets of ridiculous attacks and absurd levels of underfunding just for the sake of underfunding and destabilizing public education, while the people who are educating our children are working their fingers to the bone trying to stretch precious resources to support our youth. The community hosts events but the people are unfriendly and unwelcoming when you show up (other than at Mountain Christian Church. God bless that community-- we finally found our "village"). It is becoming more and more expensive to live here, yet the services we receive are negligible. And the social media groups we joined to learn more about our community have been overrun by the most awful, hate-mongering, fear-spreading propagandists who have made us truly wonder if this is a place we can continue to call home.	8/28/2026 10:02 AM

718	Affordable housing crisis. Affordable housing is not pertaining to home ownership either. Instead, it refers to the affordability of the local fair market rents that are listed throughout the county. How can the cost of rentals go up each year while the cost of goods and services also increase without income increases. Harford County focuses on tourism dollars but let me ask this question. Where does the local government expect those who work in the tourism, lodging, service and hospitality industries supposed to live? People in these industries routinely cannot afford to live in Harford County. There is a growing homelessness problem in Harford County that exists all over the county and not just on the Route 40 corridor that most like to think. There needs to be more public feedback sessions, open firms to discuss these topics and perhaps workgroups to help analyze the gaps in services that also exists. The local government needs to be more involved to help solve these problems. More importantly, speak tot he providers who service this population to get a better feel of the trends that go on in the county. Also, there needs to be more preventive resource to prevent families to enter into homelessness. Same grants with the same amounts with the same policies perpetuating homelessness.	8/27/2026 2:47 PM

720	Housing prices are completely unaffordable. Many of my neighbors and I would not be able to purchase homes in the county if we were moving here at this time instead of decades ago. Our children and grandchildren cannot afford homes here.	8/27/2026 2:37 PM
721	The growth in the county is a problem. Not sure why all the new housing is not bringing in money to support schools but schools are bursting at the seams and have a very small budgets! Traffic is another issue. There seem to be more dangerous drivers and many more accidents.	8/27/2026 2:14 PM

729	One of Harford County's most pressing challenges is balancing growth with preservation of its rural character and natural resources. Future growth should focus on redevelopment and infill within existing communities rather than continued expansion into undeveloped areas. Prioritizing redevelopment of underutilized properties can accommodate housing and economic growth while making better use of existing infrastructure and reducing impacts to forests, agricultural land, waterways, and other environmentally sensitive areas.	8/27/2026 8:25 AM

797	Development of data centers-they need to be stopped in the county; solar farms need to be limited-the development of the solar farm on rt 136 is disgusting; additional housing-schools?, school renovations are desperately needed; fire department-more equipment needed for new apartment structures being developed in the county; sherriff department-additional coverage across the county needed for safety; keeping the agricultural land, parks, and open spaces for the community.	8/20/2026 8:48 AM

846	Over development with no checks and balances. The infrastructure does not meet the growth in housing and business development. I see plenty of mentally ill people homeless (our people) that we should have a place for, and people that are here illegally that are given a home, food, clothes and an education. It makes no sense. I do not blame it on them. So many are nice people . Our government said come on in. There are consequences though. Our taxes especially real estate taxes for people that are facing retirement. They instead move to Baltimore City, Baltimore County, Cecil County, and York County, PA. Density should be encouraged in and around the municipalities; however, creative ways can be used to create more density in rural areas (ADUs, singular 2-3 story apartment buildings). The transportation network is focused on cars at the detriment of people who are unable to drive, such as children, teens, disabled people. 902	Redevelopment - as we continue to allow more development, the traffic is becoming worse. Where I believe the mall revitalization will be great for the area, the traffic is already congested. It will only worsen the situation. Also, I wish the area was more walkable to Town from the East MacPhail side by MD Golf & Country. 1087	Housing development and school overcrowding	8/13/2026 7:37 AM
1088	Healthcare- hospital can't handle the population!! Traffic- too much wherever you go!	8/13/2026 7:35 AM
1089	Smart growth in regards to residential and commercial. Taxes are going to have to go up to pay for increased infrastructure and schools	8/13/2026 7:04 AM
1090	Fast growth 100% volunteer firefighters, demand is getting too high	8/13/2026 6:24 AM
1091	Affording anything, knowing how to drive apparently also because no one seems to know how	8/13/2026 12:23 AM
1092	Overcrowding, traffic congestion, declining open space, housing density, too much stuff!	8/12/2026 11:20 PM
1093	The county isn't capable of keeping up with the growth- roads, etc. There is also a great need for activities for teens.	8/12/2026 11:03 PM
1094	Too much building on bought agricultural Land.	8/12/2026 10:23 PM
1095	Traffic, over-development need to preserve natural and rural areas	8/12/2026 10:11 PM
1096	Too much focus on growth and new building rather than improving what we have and keeping Harford county's core of rural areas protected from development. The county needs to better invest in community's outside of the densely populated area, fund Harford county rec centers much better, and focus on working with the state on dangerous roads like east west highway	8/12/2026 9:46 PM
1097	Housing growth	8/12/2026 9:37 PM
1098	Way too much building, not enough infrastructure (roads), really bad driving (lack of enforcement of basic driving laws), extremely poorly designed intersections.	8/12/2026 9:26 PM
1099	Limited special education supports. Major disparities between different zip codes. Please say NO to data centers!!!!!!	8/12/2026 9:18 PM
1100	Increased crime moving up from rt 40 and 95, data centers, farmland disappearing.	8/12/2026 9:10 PM

1101	Over growth in Bel Air	8/12/2026 9:04 PM
1102	The possibility of Data centers	8/12/2026 9:02 PM
1103	Speeding, reckless driving and disrespectful young people. Overbuilding of commercial spaces.	8/12/2026 8:37 PM
1104	Maintaining services without raising taxes while keeping the county financially healthy. I	8/12/2026 8:35 PM
1105	Over development, too many vacant stores while building new ones, over crowded schools, not the small hometown feel anymore	8/12/2026 8:14 PM
1106	Too much development and increasing crime	8/12/2026 7:43 PM
1107	Not enough fire and EMS.	8/12/2026 7:21 PM
1108	Racism. Deprioritizing education. Appeasing older, white people at the expense of young families and people of color. The low taxes are not a plus if our public school is embarrassingly behind other counties. I work in HCPS and it is appalling what we are expected to do with what we have is pathetic.	8/12/2026 7:03 PM
1109	Schools are underfunded for a growing community. Roads cannot safely carrying the load of the increase in housing.	8/12/2026 6:27 PM
1110	Housing, there is a huge affordability problem in Harford County. Houses that can be purchased in PA for 200-300,000 dollars are upwards of 500,000 to 600,000 here. Additionally, the tax rates and other expenses are higher due to local and state taxes and fees. The housing availability is also lower, as more people grow of age to rent or own a home, there is a lack of apartments, homes (single family, town home, or condo) available at a price that is affordable. Apartments are through the roof, as are houses, with no county assistance for residents (especially those who are volunteers with emergency services) to buy a home in the community or county in which we were raised. The schools are amazing, but due to a lack of long term planning and financial investment, many are run down, over capacity, and there is a struggle to build new schools, as well as to renovate current schools to be higher capacity, more modern, meet modern needs, and provide services for all students.	8/12/2026 6:24 PM
1111	Uncontrollable growth	8/12/2026 6:11 PM
1112	Government that doesn’t know how to work together. To much in fighting	8/12/2026 5:39 PM
1113	Continued growth. You just let them keep building. Bel air is like going to the city	8/12/2026 5:04 PM
1114	Building without using Smart Growth. Look at all that accidents, traffic. Ok	8/12/2026 4:59 PM
1115	Over crowding in our schools, traffic congestion, too many apartment complexes without thought of the impact to schools and roads and traffic patterns.	8/12/2026 4:52 PM
1116	Economic development; growing the southern part of the county to match the prosperity of the central/northern parts of the county.	8/12/2026 4:47 PM
1117	Growth…. Police protection	8/12/2026 4:26 PM
1118	We are growing and developing at a faster rate than the infastructure was made for/being upgraded to handle. It's too much too fast. Traffic on 152 compared to even 5 years ago is wild.	8/12/2026 4:01 PM
1119	Growing fast	8/12/2026 3:57 PM

1120	Adequate shopping and activities for youth and young adults, more certified curriculum at the community college Fresh food. Career Jobs	8/12/2026 3:56 PM
1121	the recent sewage spills concern me, we should do a better job managing that infrastructure so that does not happen.	8/12/2026 3:54 PM
1122	Overdevelopment. Too many rental properties.	8/12/2026 3:45 PM
1123	Liberals moving here.	8/12/2026 3:31 PM
1124	Over development	8/12/2026 3:31 PM
1125	Lack of infastructsure, demand on public safety services, cost of living	8/12/2026 3:23 PM
1126	Infrastructure, the county needs to slow it's building. Roads and schools are being over taxed by new residents and increasing traffic.	8/12/2026 3:21 PM
1127	Overdevelopment, shifting of costs from the state onto the county, change of identity from other others moving into the area	8/12/2026 3:19 PM
1128	Over development, the city moving outward, crime starting to rise, kids on e bikes	8/12/2026 3:18 PM
1129	A lack of infrastructure and too much development.	8/12/2026 3:09 PM

1131	Public safety with volunteer fire companies	8/12/2026 3:07 PM
1132	Keeping the development envelope contained and managing growth and keeping up with roads, schools and utilities.	8/12/2026 3:03 PM
1133	School capacity - solution is not to redistrict lines. People bought houses based on the area they were zoned for. Need to look within districts that share MS/HS (ie reorganize elementary schools for HdG/Darlington) to keep numbers at ok level but not redistrict to other middle/high We also need a Trader Joe's! And a Costco but not in Bel air (Aberdeen, plenty of warehouse space and off of 3 major roadways, 22, 40, and 95) and perfectly in the middle of the next two closest locations (White March and Delaware) Having Bel Air as the only hub for bigger shopping stores - opportunity for Aberdeen to serve as that too with the warehouse zoned spaces and ease of access off of major roadways	8/12/2026 2:55 PM
1134	transportation, affordable housing for familes making minimum wage or just above, a hospital that has rooms available for our growing population	8/12/2026 2:35 PM
1135	Traffic (infrastructure not keeping up), lack of affordable housing, overcrowded classrooms, teachers underpaid.	8/12/2026 1:29 PM
1136	Too many apartments and housing developments. Road congestion because of that.	8/12/2026 1:29 PM

1140	Data centers Over development	8/12/2026 12:54 PM
1141	Budget constraints. Too much political in fighting.	8/12/2026 12:31 PM

1142	If there's an open space, small space, or a farm, developers build. Unfortunately, it is in the back of every Harford county resident that our local government may be getting kickbacks from builders. We want the town to maintain it's aesthetics. It seems that violent crime is seeping into Harford county that is a major concern.	8/12/2026 12:24 PM
1143	County officials getting along Sheriff needs to realize the county executive is not an enemy	8/12/2026 12:07 PM
1144	Healthcare - Have to travel to Baltimore, Philadelphia or Delaware for specialist care, Upper Chesapeake has fallen short too many times - there are good nurses there and some good (contracted) Dr's but need many more good Drs.. Thwarting the crime that is moving from Baltimore City to Baltimore County and then to Harford County. Ensuring education is focused on the basics and skills to make ones way through life, tracking students to the best way to succeed - College or trades. The homelessness population may be small as compared to Cities but there needs to be better programs and solutions.	8/12/2026 12:07 PM
1145	Expansion in the 16+ years that I have been here is awful. Traffic is a nightmare Schools used to be top in MD but have been overrun by political agendas and lack of sufficient funding levels (it was what drew us to Bel Air for relocation in 2009)	8/12/2026 11:58 AM
1146	overdevelopment without supporting infrastructure--roads, schools, police, etc ; --loss of small town feel, too many large buildings, cleared properties w/no building, empty buildings that could be redeveloped instead of destroying more trees & green areas	8/12/2026 11:45 AM

1153	Harford county is beautiful and has a little bit of everything. Having less traffic, space and character make it special. Over development takes away from the lifestyle. Once it starts, it never stops.	8/11/2026 10:48 PM
1154	To much low income housing being built. If you can't afford to live here there are many other places you can go.	8/11/2026 9:59 PM
1155	Too much low income housing being built and too much housing in general, infrastructure isnt there to support it	8/11/2026 9:56 PM
1156	Over development, traffic congestion, school overcrowding	8/11/2026 9:25 PM
1157	I fear and believe that it is becoming too crowded and too much building making it look like the city. And that criminal and violence problems of the city is starting to infiltrate the county.	8/11/2026 8:43 PM
1158	The infrastructure has not kept pace with development . Traffic and noise has become a major issue. I.e.: Rt. 7 was a beautiful place to live and raise our children in a rural setting. No longer feasible. The small two lane road cannot keep pace with the 70 mph traffic and semi-trucks. What a shame!	8/11/2026 8:41 PM

1194	OVERDEVELOPMENT!! We have a very poor hospital and only one. We have volunteer emergency services and over crowded schools. Harford county is no longer the quaint welcoming area we moved here for. For the first time ever we are considering moving because the over crowding, out of control building and overall lack of focus on the people who are lifelong residents. The focus is on money, developing and lack of focus to restore what once was a wonderful place to live.	8/10/2026 9:46 AM

1203	Some of the most pressing challenges facing Harford County are the lack of diverse employment opportunities for experienced professionals, limited public transportation, and insufficient retail, dining, entertainment, and cultural options. Many residents have to commute outside of the County to find professional careers with competitive salaries or to enjoy amenities such as quality shopping, fine dining, brunch, live entertainment, theaters, and family entertainment venues. Harford County also lacks a major shopping and entertainment destination, such as a mall or modern mixed-use town center. As the County continues to grow, I believe it is important to focus not only on housing development, but also on attracting professional employers, improving public transportation, and creating places where residents can work, shop, dine, socialize, and enjoy entertainment without having to leave Harford County.	8/9/2026 10:39 PM

1312	Expansion needs to stop.	8/8/2026 9:01 AM
1313	The declining education system. I am a public school teacher. I've taught for more than 20 years in this county. The perpetual underfunding of education has led to a decline in the teaching talent within the public schools. The teacher in the classroom is THE MOST important element to a child's education. Over the past few years HC has not been able to hire the talented high quality taught after teachers because they go to the counties where they can make 10-25k a year more. Such a shame and a loss for the county. I am speaking from my observations and experiences. I have consistently prepared students who scored in the 80% proficient range most of my career. The public fighting amongst politicians on social media is an ABSOLUTE embarrassment.	8/8/2026 8:59 AM
1314	Population of homes with no plan to make jobs	8/8/2026 8:58 AM

1358	Rapid over-development with no focus on infrastructure.	8/7/2026 9:13 PM
1359	Overpopulation/Overdevelopment. Sacrificing forest and farm for huge neighborhoods, condos and shopping centers must stop. It is killing the charm, safety, ease of travel that this county once had. My family moved here from a more urban area and are now planning to move elsewhere within the next 2 years bc Harford County is adding too many houses/congestion and very few options for quality dining and mature recreation. Too much lower quality development /shopping centers and not enough higher quality establishments. This county has so much natural and historic beauty and it is being destroyed by overdevelopment with new construction instead of preserving the existing character.	8/7/2026 9:11 PM
1360	Bad politics. Not enough social justice. Need new leadership ans sheriff. Way too expensive. Not enough help. Need more community and support for youth.	8/7/2026 9:05 PM

1365	Traffic	8/7/2026 8:43 PM
1366	Development causing the need for more water, power, and other resources that is also destroying the rural culture of the County. Schools are overcrowded. Make the developers pay for the schools, road repairs, and other infrastructure needs. Example, why would you approve to build a whole community right across from South Hampton Middle school when you	8/7/2026 8:42 PM

	know the traffic is already horrible by the school. Obviously the politicians and engineers in this county are unable to think logically.	
1367	Too much traffic, over building, crime, infrastructure, ruining views with solar farms, wildlife losing homes rapidly, losing the rural feel, loss of trees, pollution of land and waterways	8/7/2026 8:39 PM

1376	We need to slow down building and continue preserving our rural areas and charm. We are adequately taxed and perhaps we need to be audited to see where funds are going vs building more apartments and townhomes. We need representation that serves the public.	8/7/2026 8:17 PM

1415	Infrastructure enhancements, specifically related to walkability, take far too long to complete. Bel Air area specifically has some intersections with no pedestrian crossing lights that could provide easy access to the Ma & Pa trail. Additionally, there are several instances where sidewalks stop and start at a later point.	8/7/2026 4:56 PM

Not enough schools for all these people, not enough quality hospital space, the roads are too crowded!!! It's sad every time I look up, farm land is being sold and apartments or condos are being built. It's starting to look like Columbia.	8/7/2026 4:02 PM

1446	Only one hospital and it was too small when they built it! Traffic and now more growth (ie: Harford Mall) than the power grid, cell towers and water shed can handle as well as the hospital, schools and grocery stores. More growth means more potential crime.	8/7/2026 12:52 PM
1447	It’s getting too crowded. I moved to Harford County in 2008 because it had a nice country feel to it. The rapid growth has changed that. Low income housing is going to hurt the public school system (long-term).	8/7/2026 12:51 PM
1448	Traffic, need for expended hospital.	8/7/2026 12:48 PM
1449	School quality - they need proper funding, staffing, and attention. Hospitals - need more beds. Affordable housing, not “starting at 800k” developments or luxury apartments. Adult children are priced out of the towns they grew up in, they can’t afford kids. The schools are ranking lower and lower which will bring down home values, but will create a generation who is behind academically and economically.	8/7/2026 12:41 PM

Lack of updates to community facilities - The Jarrettsville Library has been closed nearly all summer due to lack of working AC, and v few community programs run there - kids can't get books over the summer without travelling to Fallston - this should be a community hub! with lots of baby and toddler activites, a book club for teens & adults, gaming and computer access for teens, craft activites for all ages etc	8/7/2026 11:12 AM
1463	Over development and getting to be over crowded. We do not want to become a big town.	8/7/2026 11:11 AM
1464	Too many cars, and not enough roads. We need better accommodations for public transportation, bikes, and pedestrians. We need more parks that have walking paths, not just soccer fields.	8/7/2026 11:11 AM
1465	The infrastructure isn't keeping pace with the increase in Harford County residents needing to use such infrastructure. Traffic is very much congested now. Multi-family housing needs to be limited to preserve Harford County's charm.	8/7/2026 10:49 AM
1466	Planning for growth. A lot of people complain about adding more people to the community, but often what they are really complaining about is not properly planning for that growth (e.g., the roads can't handle the traffic, the schools have a large influx of kids, etc.). I worry that some of the development will be viewed negatively simply because the infrastructure to support the growth wasn't in place. Education. The fight between HCPS and the county executive over the budget this year and last year was really disheartening. Obviously, we want thoughtful spending, but also an investment in education has a huge ROI. Finding politicians willing to work with each other respectfully. I've lost track of all the different arguments between the the county executive's office and the county council, the sheriff's office, etc.	8/7/2026 10:14 AM
1467	Maintaining conservative government.	8/7/2026 10:09 AM
1468	Crime that is migrating into Harford County from other areas (Baltimore City, Baltimore County etc.	8/7/2026 10:02 AM

1470	Grocery cost Gas cost	8/7/2026 9:56 AM
1471	Population growth impact on quality of life. Infrastructure isn't keeping up. Schools, roads,and utilities seem to be lagging the population growth. Also, loss of agricultural land to development changes the character of the town.	8/7/2026 9:53 AM
1472	Over development	8/7/2026 9:24 AM

1473	Rising crime. Influx of lower income, too many apartments means too many people and too much traffic	8/7/2026 9:18 AM
1474	Over development that does not take into account the added costs of traffic, schools, police and fire services. I see apartment building everywhere. The other main problem is the increasing congestion on the roads, especially Rt 22 and 155.	8/7/2026 8:47 AM
1475	Too much growth. Traffic is becoming a problem. Especially in the Bel Air area.	8/7/2026 8:32 AM
1476	AI solar battery warehouses no doctors terrible hospital too small for number of people horrible road accidents . lack of police	8/7/2026 8:22 AM
1477	Too much low income housing. Traffic.	8/7/2026 7:03 AM
1478	Run by republicans who follow a felon and con man. White supremacists. Bleeding people dry with all the raising costs but not income. No planning or upkeep of our infrastructure, jamming more people in new homes, roads, schools, hospitals. Green space and environment not a priority.	8/7/2026 4:56 AM
1479	No outlets for middle school and high school kids. There isnt a community center that is open to the public. Need more pools that arent private and expensive. A skating rink would be nice. We need better public transportation and more public meeting spaces.	8/6/2026 10:58 PM
1480	Traffic, reducing crime, preserving our character, not expanding the development envelope, fully funding our schools.	8/6/2026 10:46 PM
1481	too much subsidized housing	8/6/2026 10:45 PM
1482	Over development, water scarcity, understaffed schools, loss of rural character, data centers, solar panel fields, mismanagement at the state level of government.	8/6/2026 10:07 PM
1483	Cost of living	8/6/2026 9:44 PM
1484	Too much growth and affordability	8/6/2026 9:43 PM
1485	Illegal immigration. Crime from local states or Balt city. Or even shadier parts of the county. Homelessness. Rising home prices, prevent local family from upgrading from town homes to single families because the costs of everything has risen. Even high earning families are trying to make more prudent spending decisions.	8/6/2026 8:27 PM

1492	development! Stop it! Pretty soon we will look like White Marsh and have the crime rates of Baltimore City. Keep Harford Rural or be prepared for the OG's to move away	8/6/2026 3:24 PM
1493	Losing all the farmland to development, overcrowding, insurgents of crime coming from Baltimore City and Baltimore county as new people move in.	8/6/2026 2:52 PM
1494	Over development, over crowding of schools, and reduced school resources.	8/6/2026 1:29 PM

1498	Restricting further development	8/6/2026 11:46 AM
1499	Picking and choosing certain businesses that align with what politicians want and not what are in the best interest of what the people of the county wants. For example not bringing legislation up for cannabis to allow more dispensaries in the county. You are not making it convenient for the local communities and they have to travel further just to access a dispensary	8/6/2026 11:38 AM
1500	Potential power grid Taxes Increase in traffic and housing projects	8/6/2026 11:20 AM

1502	Keeping it the GREAT place I have enjoyed for the last 33 years!	8/6/2026 10:39 AM
1503	Expansion beyond infrastructure; inequities in education (need more tech school seats, and summer educational options).	8/6/2026 9:28 AM
1504	Harford county needs to expand public mass transit, including buses and trains that service across a wider area, if these transportation methods were more accessible it would cut down on road congestion. Harford county needs to focus on preserving its parkland and green space and expanding it. It should be rewilding and restoring unused commercial space, and shrinking the Development Envelop. New developments need to be disallowed as it’s eating up green areas and inviting more people where there are no jobs besides APG and Warehouses to support them.	8/6/2026 9:17 AM
1505	sprawling growth	8/6/2026 9:09 AM
1506	Traffic, too much housing development, lack of competent medical facilities including hospitals. Upper Chesapeake facility inadequate. Lack of shopping for items other than groceries such as Christiana or white marsh.	8/6/2026 8:45 AM
1507	Adequate funding for county responsibilities (schools, fire, sheriff) with the increase in costs due to the economy.	8/6/2026 8:41 AM
1508	Maintaining the historic charm and small town feel of the towns. It will be a travesty for bel air to continue on the path it’s on quickly turning into another Towson or Newark, DE with the loss of small town feel and looking more like cities with 4+ story modern style buildings & high density housing towering over the streets. Many towns successfully preserve history charm and thrive - look at havre de grace, Lewes, DE or so many thriving small towns in PA. Similarly, stopping the influence of developers / development of high density housing in rural areas, including places like Hickory with the horribly misplaced Taco Towers or mixed use near kohls in Forest hill. High density housing at the former mall is also a mistake, like at the former Hunt Valley mall and former Owings Mills malls. Traffic congestion and loss of small town feel in and around Bel Air will soon stop us from trying to go in / around town. The route 40 corridor is much better suited for density growth. Stopping data centers is also key. Also need to commit to not allow flock cameras or similar technology. Finally, schools (our student graduated in 2018 - went to school at Prospect Mill and then North Harford elementary & middle): overcrowding & large class size was a big issue, as was “new math” and removing grammar from the curriculum and relatively low emphasis on reading and writing. Never was in our purview to consider private school, but at our son’s request & with our full support chose a private high school school in Cecil County with an outstanding curriculum. Our student was a top student in public school and still had a lot of catching up to do entering private school in 9th grade. Would be amazing to have access to a high quality public education (like I feel we had in the 70s / 80s). Shouldn’t need to commit to an hour commute each way to get a quality education.	8/6/2026 8:27 AM

1514	stop building/overdeveloping open or low density space. I think we have enough mostly empty warehouses. A Costco between 924 and 24 is a travesty. Do any of you guys actually drive there because you sure don't live in that traffic tangle or it'd be a no go.	8/6/2026 6:06 AM
1515	TOO much development	8/6/2026 5:35 AM
1516	Over crowding. Traffic congestion due to the same. Too much new construction and corporate business instead of local business. Lack of support for life long residents and farming community	8/6/2026 2:27 AM
1517	As a lifelong resident, I feel the government is allowing too many housing projects, too many of the same businesses within close proximity to each other (hence chicken restaurants back to back on Route 1, etc. Services like health care is a pressing matter because there are too many people here now to accommodate the demand. This is really a major problem! Too many people without the services to keep pace. There are too many businesses that are repeat businesses of the same categories overlapping our county. Especially in Bel Air. I remember when Bel Air had one stop light. I realize progress does happen. But there seems to be no real thought about what businesses open here. I do not want it to turn into Towson or a drunk bar zone like Federal Hill or Fells Point in Baltimore. Bel Air and Harford County is a special place that is why have I have stayed here, in my childhood home. I must admit there are times when I drive thru Bel Air and do not recognize my hometown. Havre De Grace does a better job of preserving its past. Please protect Bel Air, the HEART of Harford:)	8/6/2026 1:17 AM

1523	Energy needs. Safety on the east side.	8/5/2026 10:23 PM
1524	Over Development!! Stop building more houses and apartments, until you fix the infrastructure. Forest Hill used to be a great area, but now everything is being overdeveloped with more apartments and housing and traffic is becoming horrible. It’s one reason I would consider moving. The second issue is not enough hospitals. One emergency room for all of Harford County is insane. I’ve had to take my mom a few times and the wait ends up being greater than 12 hours. The county needs an additional hospital/emergency facility.	8/5/2026 10:17 PM

1568	Harford County is, unfortunately, stuck behind the times, and it's starting to show. In areas we used to be excellent (education, historic preservation, agricultural preservation, willingness to work across difference), we've been lacking. People are not willing to come together to support each other, and infighting in our government and school board is appalling. Our schools are falling further and further behind. I had an excellent education at HCPS; I cannot say the same for my child. The curriculum is outdated, the buildings are falling apart, and class sizes are atrocious (over 30 children in an elementary school for the last three years). We need to figure out how to properly fund our schools so the kids we graduate can then become productive members of society who want to stay in Harford County. Also, the infighting within government is childish at best and is making us a laughingstock in the state. Let's do better and try to actually meet needs. Another huge issue is food and housing insecurity. My church has a small food pantry; it is emptied multiple times a week. Harford Community Action Agency has a long waiting list and no resources. Housing is unaffordable; as a two-income household, my husband and I never would've been able to afford our house if we hadn't bought it ten years ago. We are not supporting our most vulnerable members of the community.	8/5/2026 2:39 PM

1596	School Funding!! HCPS has been chronically underfunded by the county for many years. You cannot continue to expect school staff to do more with less and less. As you continue to build you put more strain on our schools. Which then adds more strain to our emergency and police services.	8/5/2026 11:29 AM
1597	Mismanaged funds for public school while at the same time underfunding schools/teachers	8/5/2026 11:26 AM
1598	We need bike lanes. We need places for people to safely ride their bikes (especially e-bikes) from Bel Air neighborhoods to down town. The Ma & Pa trails are great, but for kids to ride there, they need to be driven there by an adult, who then must have a car that can transport the bike. Kids and adults are riding bikes to and from local businesses (Wawa, Dairy Queen, etc) on MAJOR Roads (543, rt. 1, 22). We have so much traffic and kids on bikes, accidents are happening...it would open up a lot of opportunities for kids and families that are interested in riding bikes/scooters instead of driving cars. I would love to be able to ride my bike from my neighborhood (Prospect Green) to downtown Bel Air for dinner, I can hit some sidewalks, but previous bike land plans were cancelled.	8/5/2026 11:19 AM

1602	Definitely Education. I have a daughter who teaches in Harford County and grandchildren who attend school there. Would love to see some changes in the attitude of the administration with regards to schools. You need to listen to the teachers as they are the ones who truly know what is going on. 1663	Escalating housing and business development with inadequate infrastructure. Our once vibrant rural community is becoming increasingly overcrowded.	8/2/2026 7:44 PM
1664	Overall, poor development choices are the biggest challenge. We keep getting more grocery stores and basic retail instead of the kinds of places that actually improve quality of life and draw more people in. Roadway conditions are a big issue in Harford County, especially near the 24 and 924 intersection and heading into the Constant Friendship shopping center. There are also way too many grocery stores and basic retail in Northern Harford County. At some point you have to ask how many more we actually need and why aren't you expanding it to neglected parts of the county instead. The old Mars grocery store has been sitting in Edgewood, vacant for 10 years and that whole Route 40 corridor is rundown. The area would benefit a lot more from real attractions and places people want to go. Harford markets itself as an active area, so something like a climbing gym would be a huge hit. There is a large demographic here that would use it, but climbing is basically inaccessible unless you drive far, so people either do not climb or they go very infrequently. Also, all bike lanes should be protected when feasible. If Harford wants to call itself an active community, it needs real complete streets with protected bike lanes. Paint on the road is not enough when cars are flying past you on their phone while drifting into the bike lane. The Regal movie theater was removed, and that took away one of the few entertainment options. The pool was also closed and leveled in Joppa and the majority of pools are private. There should be a public pool or two somewhere in the Joppa/Edgewood or Abingdon area. Maybe an Escape Room even. More recreation spots would bring in money, give families something to do, and make the area feel more complete.	8/2/2026 5:34 PM
1665	Southern district is an untapped opportunity. Could really use a consultation with an urban planner or similar to revitalize the Southern district - it has so much potential with it being water oriented and having small businesses, coppermine, and waterfront parks. Years ago they did the Rt. 40 revitalization project - this needs to be expanded from where it left off and eastward through Edgewood, Abingdon, Aberdeen, and HDG so when people drive through Rt. 40 in Harford County they see how wonderful our county is.	8/2/2026 3:24 PM
1666	Safety, affordability, rural characteristics	8/2/2026 1:31 PM
1667	Overpopulation, development destroying natural habitat, and the influx of crime.	8/2/2026 10:24 AM
1668	Lack of a consistent public transportation presence and walk ability throughout areas less condensed areas	8/2/2026 10:18 AM
1669	Overdevelopment of housing, especially in Bel Air. We moved to this area for the more rural location.	8/2/2026 8:24 AM
1670	Apartment complex’s Data centers Lack of gas fuel to homes and rising cost of electricity	8/2/2026 3:47 AM
1671	A lack of housing for new families as older generations are not downsizing. Also a lack of resilience against increasing extreme weather and rising utilities. Renewable energy programs should be expanded.	8/1/2026 2:30 PM
1672	Losing the rural character and taking away the wonderful small town feel of Bel Air. You have got to figure a way to keep Bel Air vibrant and attract people to keep the small businesses going. Making Bel Air safe, walkable and active is so very	8/1/2026 12:06 PM

	important.	
1673	Over crowding, class sizes, hospital over crowding. Hospital poor quality	7/31/2026 11:32 AM
1674	Crime, illegal immigrants, to much growth.	7/31/2026 11:23 AM
1675	Water costs, too much growth	7/31/2026 10:31 AM
1676	The lack of new housing is the biggest issue facing the area. We need more apartments, more condos, more single family homes, more of everything. While I own a home, I feel we are pricing people out of the area who grew up here and want to stay here. People younger than I am will never be able to afford a home if we do not have enough supply. We also need better public transportation options.	7/31/2026 8:59 AM

1680	Harford County is huge and what's great in some places isn't at all in others. Crime is rising so fast and there needs to be places kids can do all over harco. 1700	Overdevelopment and sprawl which means less connected green spaces. Little bits of trees here and there is much less desirable than large swathes of forest or other habitat. Instead of redeveloping existing plots, empty storefronts, it seems people would rather tear down or cut down trees. The character of the town has already declined over the past 20 years. It would be wise to creatively use what is in place.	7/30/2026 9:01 AM
1701	No bike lanes due to many narrow roads. Money for education. Powerlines above ground. Quick trash pick up from the road sides. Enforce better recycling.	7/30/2026 8:23 AM

1708	Schools need improvement the budget cuts have caused ridiculous classroom sizes and teacher seem frustrated with salary and don’t seem committed as they used to. 1740	Over development. Water usage. Traffic. Increasing crime.	7/29/2026 5:50 PM
1741	Balancing future growth with with current character. The county needs to address the needs of both sides of the county, not just west of Route 40 when planning and protecting land etc. Our public school teachers need to be paid appropriately and school budgets prioritized over other petty county projects. Living in Havre de Grace for us is taking the best of Harford County and incorporating it into 1 area. If all of Harford County looked like this it would be great. I wish Havre de Grace could run our own school system.	7/29/2026 5:44 PM

1796	The lack of funding for hcps provided for by the local government (Bob Cassily’s budget priorities). The constant disputes between our sheriff’s office and county executive. Increased traffic with lack of infrastructure to support demands.	7/28/2026 9:44 PM
1797	The infrastructure doesn't keep up with the development. The volume of traffic has increased exponentially and congestion is everywhere.	7/28/2026 9:15 PM
1798	Overdevelopment without infrastructure changes. Crime is becoming more prevalent as the city crime is coming into our county via busing. Our school board needs a new overhaul!!	7/28/2026 7:59 PM
1799	Too many housing developments being built that cost too much money and destroy the natural habitats of wildlife. New people moving to the area think they now own Aberdeen. Older children undisciplined. Crime increasing rapidly.	7/28/2026 7:21 PM
1800	Crime (Baltimore City moving to Harford), roads / infrastructure, congestion (152, 22), lack of mid to high end restaurants, uncertainty of volunteer fire service, unlicensed contractors, lack of affordable Serio’s assisted living, wokeness especially in schools, state gerrymandering, lack of solid waste disposal facilities in the southern part of the county, energy production not	7/28/2026 6:51 PM

	keeping pace with demand, permitting turnaround times, homelessness, increased welfare state, no senior center in Joppa, lack of enforcement standards for property owners who fail to maintain decency standards for their lots/homes	
1801	Additional new industrial areas and new construction without adding lanes to rt152. Traffic confines you to certain times that it is reasonable to go out the road for anything.	7/28/2026 3:53 PM
1802	There is a huge shortage of homes to purchase that are affordable for families who are not wealthy.	7/28/2026 2:16 PM

1807	We are over-developed - we are over-crowded. Stop this now.	7/27/2026 11:29 PM
1808	Data Centers	7/27/2026 9:10 PM
1809	overdevelopment	7/27/2026 8:44 PM
1810	People buying into classified neighborhoods, like AG designated communities, with the intent to speculate a new housing development. They knew they bought into an AG area, as did their neighbors, knowing the regulations for the area, yet that speculator feels their desire to develop should override the desires of all their neighbors who want to live a quiet life in the zoning they bought their home in to live a quiet AG life. These same speculators grease the wheels of the zoning commission to push through .development.	7/27/2026 8:05 PM
1811	A disconnected transit, walking, and biking network with the need for safer and more affordable transportation options that are sustainable.	7/27/2026 4:17 PM
1812	Over-development that will change the rural character of this county	7/27/2026 3:12 PM
1813	One of my major concerns is keeping our county land preserved and not allowing new technology, such as AI data centers and solar farms to destroy natural resources and our quality of life. I also have concerns about keeping public schools funded. As a homeowner I am aware that any drop in Harford County school quality would result in an eventual loss of property value. Please keep teacher salaries strong . I want my grandchildren to have quality teachers.	7/27/2026 11:02 AM
1814	Aging population, Development ruining culture and open spaces in lower Harford County	7/27/2026 10:39 AM
1815	1. Due to open land, Harford County is being eyed as a resource for solar, data, or battery farms or warehouses. 2. Excessive ultility increases from BGE. 3) Lack of art house activities (to bring in concerts, presenters, plays, etc.) for cultural enhancements.	7/27/2026 9:41 AM

	Encouraging businesses to used existing vacant buildings instead of taking over vacant lots/properties - there are too many empty store fronts

1823	HOlding new housing to the current plan and corridor	7/26/2026 4:18 PM
1824	Lack of affordable housing specifically for young 20 something residents as well as recreational activities for the same age group. There are also many commercial buildings that are unoccupied, it seems like the route 40 corridor needs some revitalization. It would be nice if TUNE could expand or University of Maryland could open something similar. Finally, the class sizes in the school system are getting too big. That will definitely start to affect the educational system. Schools need to be funded.	7/26/2026 4:00 PM
1825	That sorry excuse for a governor we have and mayor	7/26/2026 3:11 PM
1826	Data Centers and over development	7/26/2026 1:42 PM
1827	Crime. Road signs covered with vegetation. Need more police, People constantly running stop signs. We have a hospital (Upper Chesapeake) that no one wants to work at, and does not provide good care for their patients. Not enough beds in the hospital. The Aberdeen facility is not a hospital! Too much sec 8 housing. There is always crime in those locations.	7/26/2026 12:55 PM

1843	More crime, higher cost of living, building everywhere but yet the medical/dental/rehab/nursing home/roads/some schools and our first responders can not handle the growth. We need more police officers to make our roads safer, I live on a main highway and we have had several deaths at our intersection over the past few years. People not stopping at stop signs going over the speeding limit, (they shouldn't be allowed to go over 10 miles before getting a ticket) passing in no passing zones. Our government doesn't care about our algaculture or our hospitals, roads and other things or they would stop building and take care of who has lived /worked and paid taxes here there whole life before adding more people. The crime in northern harford county has went up and what are you doing about it? You want to add more busing for people so they don't have to drive what so we can become even more like another White Marsh and Towson? You can say we aren't in Bel Air you can keep your head in the sand, and Phil Raub doesn't care what happens to Bel Air I know the man personally he doesn't care, they could had turned the Harford Mall and Tollgate Malls around but they choose not too!! We had enough clothing and entertainment stores till the Harford Mall was allowed to go down hill the last 20 years.	7/25/2026 1:30 PM

1858	Growth of apartments. Insufficient senior housing too many vape stores	7/24/2026 3:58 PM

1859	There is too much development and projects (ie. Solar farms, data centers, shopping center) currently in our county. We are losing the small town, farmland and friendliness of our county.	7/24/2026 3:09 PM
1860	potholes in the roads, people from the city moving into Harford County with the same mentality as if they were in the city, housing not affordable for low to moderate incomes	7/24/2026 11:57 AM

1866	Crime in certain parts, poor transportation infrastructure in some parts, and car centric development	7/23/2026 11:50 PM
1867	There is entirely too much building going on. The roads can’t handle what has been going on. Entirely too many tractor trailers around here. Not enough police presence. The crime from the county and city moving this way needs to be under control. It is bad.	7/23/2026 10:01 PM
1868	Affordable housing, homelessness, over development, lack of concern for low income residents, poor bus system that ignores that people work on weekends, lack of hospital beds	7/23/2026 9:29 PM

1871	Too many new houses, and schools are overcrowded and traffic can be an issue	7/23/2026 8:06 PM
1872	Way TO MUCH GROWTH !!!!!!!!! Our Beautiful County is MORE than overgrown NOW as it Is ~ The Hospital is not able to handle all the people well ~ although they are WONDERFUL and Caring and TRY HARD , there are just TO MANY PEOPLE !!! 1886	Building too many apartments/ housing developments. Traffic is terrible. Hospital not big enough	7/23/2026 2:37 PM
1887	Roads simply do not accommodate the new housing being built. Increase in residents has also increased crime rates. Both serious issues	7/23/2026 2:17 PM
1888	Overdevelopment, the threat of solar farms data centers. Cost of living, water bill too expensive, cost of housing	7/23/2026 2:14 PM

1891	Over building homes	7/23/2026 1:39 PM
1892	Accessibility - lack of sidewalks is really bad. We need to welcome more large businesses, so my money can stay in the county. We need more public transport. But just importantly, we need "missing middle" housing. Not just giant homes or small condos restricted for elderly populations. More duplexes, small multifamily, shared living, etc.	7/23/2026 1:29 PM
1893	Over development, need more doctors/medical facilities, lack of retail shops, poor road conditions, too much traffic	7/23/2026 1:20 PM
1894	Decreasing green space in BelAir, Edgewood, Aberdeen, Abingdon, Fallston. But for some reason the development stays away from Churchville, Dublin, North Harford. Hmm maybe cause most of the county council and higher ups in the county have lived there except for the current CE. Just seems fishy to me.	7/23/2026 1:17 PM
1895	Traffic infrastructure Solar farms Corrupt politicians Division among politicians CRIME	7/23/2026 1:03 PM
1896	There are too many people and cars. We need to stop development of residential and commercial properties. There are plenty of vacant properties. Additionally, the infrastructure, particularly roads, cannot support more people.	7/23/2026 12:52 PM

1902	School budget, overcrowding in schools, disparity of economic classes	7/23/2026 10:05 AM
1903	Crime and safety concerns from large apartment complexes and large housing development. Too much development, losing the rural, agricultural feel of the county, losing natural resources, not protecting wildlife. Protect the integrity of this county.	7/23/2026 9:56 AM
1904	School funding which will affect school quality; overbuilding of housing, especially apartments.	7/23/2026 9:47 AM
1905	Infrastructure with roads. The roads cannot handle the amount of construction. Hospitals cannot handle more patients. Schools are overcrowded and not funded.	7/23/2026 9:25 AM
1906	School capacity and new school to accommodate for the growth.	7/23/2026 9:10 AM
1907	Overdevelopment, traffic	7/23/2026 8:59 AM
1908	Overdevelopment!!! I want to live in the Harford County that my family moved here for. I want to keep the local farms farms and keep big developers, data centers, and solar farms OUT	7/23/2026 8:55 AM
1909	Over crowding and too much building. More people means increased traffic, more accidents, increased crime and less resources. All of those things are happening now. I fear Bel Air will become like Towson very soon.	7/23/2026 8:38 AM
1910	Too much building	7/23/2026 8:38 AM
1911	I think the schools are horrible. My family chose to homeschool all my boys after trying public school. Its gotten worse after COVID. Kids (teens) need more areas they can be kids and hang out without getting in trouble they are forced to just walk around stores or meet up at parking lots. Also working to add more hospital type facilities. Upper Chesapeake is over run and staff is over worked.	7/23/2026 8:20 AM
1912	Managing the increasing need for Fire and EMS services plus keeping development within the Development Envelope. There is sufficient capacity for redevelopment. Also, need to mitigate multiple car crashes and fatalities. Folks need to SLOW down.	7/23/2026 7:29 AM
1913	The disproportionate underachievement of students living in economically disadvantaged areas. There is a direct correlation between poverty, race and achievement in Hartford county. That is a result of a disproportionate concentration of people, experience, poverty in pockets of the community. there needs to be public, transportation and housing opportunities throughout the county for those with low income. We may need to consider redistricting schools, so that there is more proportionality in the demographics make up of it students.	7/23/2026 6:36 AM
1914	There is way too much development of farmland and a rush to build houses when the school infrastructure is not there. Supporting county schools is lacking!!	7/23/2026 5:54 AM

1925	Overgrowth, new housing, not enough quality shopping	7/22/2026 6:27 PM
1926	Development cohesion. When we build, we build in farm, forest, and wetland, and we spurn developing and redeveloping our existing urban and suburban areas. We need to truly maintain our envelope, but also upzone most if not all of the envelope to ensure it need not expand again.	7/22/2026 5:40 PM
1927	developers pushing projects the citizens do not want or need. The development envelop should be closed except for redevelopment. Save our remaining farms and open land.	7/22/2026 5:31 PM
1928	controlling growth and keeping industrial uses away from residences	7/22/2026 5:02 PM
1929	Too much devolpment, too much low income housing, crime in those areas	7/22/2026 4:46 PM
1930	Traffic, crime, housing affordability	7/22/2026 4:05 PM

1944	Infrastructure is not sufficient to meet needs.	7/22/2026 11:07 AM
1945	Over development without related improvements in infrastructure. Public schools not preparing students for careers or college. They are getting caught up in silly social issues, rather than focusing on rigorous academics. Behavioral expectations are sadly compromised, student accountability and consequences are not enforced. This does not prepare students for careers or college, as they lack basic self-discipline and lack the ability to follow directions, rules, or guidelines.	7/22/2026 10:39 AM
1946	Harford County's most pressing challenge today and in the future is managing growth responsibly. Recent solar farms, data centers, and large developments near Harford Mall are examples of projects that appear to be driven more by profit than by the needs of current residents. These developments will only make Bel Air's (and surrounding areas) already disastrous traffic worse, while roads, schools, utilities, emergency services, and other infrastructure are not keeping pace. Too often, decisions seem to favor short-term financial gain over long-term planning, with little regard for the loss of open space, farmland, environmental damage, or the overall quality of life for existing residents. Harford County needs sustainable, well-planned growth—not unchecked development that creates lasting problems for the community.	7/22/2026 10:25 AM

2031	Harford County's most pressing challenge is the rapid overdevelopment that continues to consume our remaining open space and productive agricultural land. Large housing projects, warehouse complexes, and utility-scale solar farms are replacing the rural landscapes that define our county's identity and long-term sustainability. This pace of development is overwhelming infrastructure, increasing traffic congestion, straining schools and public safety, and degrading our natural resources through loss of tree canopy, stormwater runoff, and watershed impacts. If Harford County does not adopt stronger land-use protections and a more disciplined approach to growth, we risk permanently losing the farmland, open space, and rural character that make this county unique — and we will pass the financial and environmental consequences of sprawl on to future generations.	7/21/2026 6:29 PM
2032	Maintaining what is here while growing and adjusting for the future. Havre De Grace always feel like it is on the cusp of becoming somthing great. Bel Air is already a wonderful place. What can be the next destination for similar experiences. Could it be downtown Aberdeen for example? Creation of jobs or businesses is always a buzz word but what could be done is to create business incubators that extend beyond the small shop face. I have businesses interests that are based in Florida, Delaware and Germany primarily due to the state tax situation.	7/21/2026 6:19 PM

2034	Over development, the loss of farmland, open spaces and traffic congestion. Development is out pacing the ability for school system's ability to grow to provide the classroom needs for all students	7/21/2026 5:51 PM
2035	I believe the most pressing challenges is the pressure to develop. Whether that be housing developments, data centers, solar farms or corporate offices. We need to have smarter decisions in our decisions such as - utilizing color as arming coverage rather than taking valuable farm land.	7/21/2026 5:20 PM

2041	On going housing development, over crowding. Not enough space for students on school	7/21/2026 4:43 PM

2042	keeping development focused where infrastructure is available, but making sure people want to live in those areas. there's no point of a development envelope if no one wants to live there. rural areas continue to see sprawl and housing growth because people want to move out of the towns and into the county, but then they want more services and the commercial uses follow them. we're used to driving 30 minutes to get to big box stores, we don't need them closer to us. but new people move out of town and expect to have all the same amenities within a short drive	7/21/2026 4:32 PM
2043	I hope that Harford County will curb the development of apartment buildings. Apartment buildings are flooding the schools with students and the roads with cars. People who own homes have more roots in the community and care about it. I think a challenge will be to create access to the community for people who cannot drive, especially seniors. I am also concerned about the schools. I know several teachers who have left the school system for their own personal safety. The teachers are being instructed that if a student is hitting or kicking them, the teachers are to put their hands behind their backs and not defend themselves. Who will work in that environment? I also feel sorry for students who are constantly being evacuated into the hallway because a student in their room is "having big feelings" which means being wild, disruptive, and throwing things. It's not right that the children who behave have to suffer because one child is acting out. Also, I hope that our farmers will be able to keep the farms that have been in their families for generations.	7/21/2026 4:31 PM
2044	The Cassilly administration is destroying at least one of the county's most important features: its public education system. Libraries will be the only place that is free (+ free parking), allow you to stay all day, cold in the summer, warm in the winter, protection from weather and air quality issues. Libraries are small, wonderful, but limited spacing and even smaller space for teens to be able to gather. 2082	TRAFFIC ON 152! We need more hospitals..the ER wait time and time to get a bed is absolutely unacceptable, Piecemeal Development without adequate public facilities. All of that needs to be redefined and the County council needs to put legislation in to modernize the zoning categories and what can be built in them. Comprehensive Senior housing communities similar to Oak Crest etc..and not shoved in some crappy route 40 location. Property crime, lack of meaningful parks that have fields, courts, skate parks, and yes, gasp, public pools- both indoor and outdoor ones, smaller and more schools- who thinks 1000 kids in an Elementary school is okay..who thinks 1700-2500 kids in a high school is okay?	7/21/2026 1:15 PM

2094	I think Bel Air and the surrounding developing areas are becoming too crowded and too "corporate". Chain businesses are taking over properties too frequently. Most of which are unhealthy, like a new chic-fil-a or chicken tender store, or a new arby's. I don't see how any of these developments will positively contribute to a Healthy Harford plan. I know it's not going to be entirely the county government's fault for a lack of local businesses, but I have to wonder why the markets are one of the only opportunities we have to shop local. Not everybody knows how to, wants to, or can afford to buy healthy/local products and then incorporate them into their lifestyle at home or when they want a healthy meal. I have noticed over the past decade, all the new housing (apartments) that are being built. Yet, very few advancements to our infrastructure are improving to	7/21/2026 11:57 AM

	support the people living there. For example, the intersection on Rt. 1 where the new sheets was built has had two complexes built within the last two years but there is hardly a sidewalk, and no crosswalk, on the same side of the road where the grocery store is, less than a mile from the older complex. I believe that the political and racial tension that Maryland in Harford pose risks to our citizens health. When really, our diversity and range of occupations, infrastructure, and culture is an amazing opportunity to build community, strengthen relationships among our rural and urban structures, and become an example of a diverse, thriving county/area. Similarly, living in Bel Air, I am very aware of everyone's interest in Baltimore City's infrastructure and how they believe Baltimore impacts our lives up here. There is racism and prejudice that is extremely layered, and definitely not one person's fault. But a brief take from me is that Baltimore City is villainized here, and people are afraid of being close to Baltimore, and that creates more division.	
2095	Overdevelopment (mainly residential) led by greed and not grounded in actual community need. We risk overcrowding our schools and roadways and taking away the green spaces that make Harford feel like home.	7/21/2026 11:32 AM
2096	Poor planning; allowing well water dependent neighborhoods to be surrounded by radically upzoned CI parcels. In addition, allowing businesses that utilize hazardous chemicals to be in close proximity to private wells. Plus, allowing a business that uses known volatile organic compounds to build a well in the development envelope. That in itself is duplicitous. It's clearly stated in Harford County public information that any business in the development envelope utilizes public water and sewer. What happened? This is a prime example of local government not protecting existing citizens, with no accountability.	7/21/2026 11:19 AM

2104	Over development - Housing and Data Centers. Improved infrastructure like more roads whether local or county roads. Cost of water and electricity. Method of paying property taxes should not have such a high processing fee for credit card and debit card payments!	7/21/2026 10:00 AM

2106	No more apartments the traffic is insane. That is why I take the backroads to Hunt Valley vs Bel Air. Now your building 289 apartments where the mall use to be. That’s poor planning. It will also bring crime and everything else to BelAir. We’re becoming the new White Marsh.	7/21/2026 9:10 AM
2107	Too much building	7/21/2026 9:01 AM

2108	Not fully funding education and starting dumb online fights like a child. Idiotic representation like Bare Minimum Bob threaten our future & our children's future. Act like adults. Overexpansion when there are empty buildings everywhere is mind boggling. Why are we building new when there's literal spaces available?? We also need to be putting in solar everywhere we can to reduce demand on the grid and help better serve our community with energy flexibility for the future. If we are at the whim of big energy, no one wins. Preparing ahead for options is a huge leg up for our communities. Legislating new solar to support and offset new buildings that aren't using current spaces would reduce demand for new & ensure those willing to build that they're doing their part to support the future. Finding affordable housing in another huge issue. I've been trying to convince my sister to move home to help with my aging parents but she simply can't afford the wild rent these "cheap" apartments want. I couldn't either if I were in her circumstances. We need more young adults & young families- if they can't afford to live here they're not going to shop & visit. We really need more transparency in our government as a final note. I'm so sick of petty online back & forths. Online transparency about major county transactions & projects, general amounts spent on government trips & food & events would help solidify a lot more trust. It's far more mature than finger pointing & accusations & twisting statistics to make one side look right. Anyone with a high school education knows better & you all look like ignorant fools. Do better.	7/21/2026 8:45 AM

2151	Harford County has allowed overdevelopment seemingly without considering roads, schools, and the impact on the environment, which has very negatively affected infrastructure. We don’t want more apartments in areas with two-lane roads that can’t handle the increased traffic, but it doesn’t seem to matter what county residents want. The county has also allowed the destruction of habitat, including habitat that should have been protected, which is extremely disappointing and also not what most people want. It seems that those in leadership roles have forgotten that safety and the well-being of the people and the environment we’re entrusted with protecting matter more than allowing developers to make money.	7/20/2026 8:10 PM

More kids in each class, less teachers, less activities like music and art being supported. 2195	Keeping our County's character. I am very worried about Solar Farms and Data Centers. I worry that the Southern part of the county is going to be forced to deal with these things as a compromise and I don't want that. I also think education is a pressing challenge as the cost of things is going up, as well as the needs of the kids are significantly increasing. I see a big challenge with increasing crime as crime moves out of the city to the counties. Roads and bridges are a pressing challenge as our infrastructure is aging. It is also a challenge because we have this influx of so many developments and our roads aren't designed for this many people. Finally, our healthcare situation. 	District, our quality of life, and potentially our well water supply. There does not seem to be anyone involved in local government decision making that has the good sense and/or knowledge to not destroy neighborhoods. Plus, there are no nuanced architectural controls when it comes to commercial building near residential areas. I've never lived anywhere that the local government has allowed residential land to be altered to the point of real property devaluation.

#	RESPONSES	DATE
1	40 corridor	10/2/2026 6:56 AM
2	Next store to where the politicians and developers live.	10/1/2026 10:55 PM
3	Using what we already have instead of building more	10/1/2026 9:59 PM
4	I'm not sure what is meant by future growth, and I'm probably not in favor of it. Preserving, repairing, and improving existing infrastructure would be preferable to anything else.	10/1/2026 9:48 PM
5	Likely in the more rural areas would help to divert some of the traffic and allow for more diversity in the surrounding areas.	10/1/2026 9:00 PM
6	Redevelop the areas that need updating.	10/1/2026 8:47 PM
7	Jarrettsville and Fallston - Baldwin Mill Road and Pleasantville Road areas. The folks need access to shopping/eating/convenience places so they don't have to drive into other communities.	10/1/2026 7:52 PM
8	No where!	10/1/2026 7:46 PM
9	Schools and local businesses. Our children quite literally are our future, and local businesses are important for community culture and entrepreneurial spirit. This keeps many big name companies out of the area. Land preservation is vital because God isn't making any more of it. That means historically, agriculturally, and keeping data centers and bandwagon-like-movements off of our land. Such as, keeping solar panels off green land - unlike Route 136 in Churchville - and utilizing parking lots instead. Also, while I do feel very safe in this county, I think all public schools (and while different, private could benefit too) should have metal detectors. Joppatowne High School just averted what could have been a repeat of what occurred in 2024. Metal detectors alerted the school to a firearm and they were able to swiftly take action. In today's world, this should be standard. There is no reason to wait. We need to ensure safety in our schools.	10/1/2026 5:54 PM

15	Preserving our natural resources and safety of our communities.	10/1/2026 3:31 PM

16	More economic development in the Rt 40 corridor would help provide improved employment opportunities and social outcomes for residents of those communities.	10/1/2026 2:55 PM
17	No more development in our rural areas. Focus on community development along RT 40 corridor, providing 3rd spaces esp for our youth. Make walkable areas for elderly and non drivers to get to needed services.	10/1/2026 2:54 PM

23	future growth should be kept in the developed areas such as Abingdon, Aberdeen, where there are already apartment buildings, etc.	10/1/2026 1:38 PM

28	Directing growth in areas like Edgewood or Joppatowne - These are vital communities that out-of-towners see right when they are coming off the highway or adventuring from the south. Both of these communites need extreme vitalization.	10/1/2026 12:55 PM
29	I believe future growth should primarily be directed toward existing development corridors and communities such as Edgewood, Joppatowne, Aberdeen, Havre de Grace, and Bel Air, where infrastructure, transportation, businesses, and public services already exist. The county should prioritize redevelopment and infill before expanding into agricultural and rural areas. New development should be matched with adequate roads, schools, utilities, parks, public safety, and transportation so that growth improves communities rather than placing additional strain on existing resources.	10/1/2026 12:42 PM
30	Schools. Smaller class sizes, more schools. Funding schools. Paying teachers. I’m fine with more businesses coming in like Costco or restaurants. No more apartments. More public safety. No more furniture stores or pharmacies and never any vape shops. Like the idea of what the mall is supposed to become. More White Marsh Avenue like spaces. Ice skating in the winter, restaurants, ice cream shops. Main Street needs a huge redo. Nothing is open on that street at night except bars with drunks. It would be great if there were more restaurants and activities on actual Main Street like a main street is supposed to be. Main Street at night is basically three options – 111 Main, which is very expensive, a pizza place, three bars.	10/1/2026 12:32 PM

57	Better use of existing and vacant buildings	9/29/2026 12:23 PM
58	New growth should be focused on the redevelopment of the vacant spaces along Route 40. I strongly oppose additional housing developments, especially high density housing, in Bel Air and the more rural spaces in the northern part of the county.	9/29/2026 11:13 AM

59	Schools - young families move to Harford County for the community and lifestyle but realize quickly that schools are not prioritized at the government level	9/29/2026 9:50 AM
60	Route 40 corridor, those with lesser school ratings	9/29/2026 9:46 AM
61	More growth in the Aberdeen and Havre de Grace areas - not just in the older downtowns, but undeveloped or neglected streets surrounding those areas to include recreation, informal adult education and family restaurants.	9/28/2026 7:10 PM

65	We have a robust development envelope however greater care or scrutiny needs to be placed on the needs of a "developed parcel". Zoning notwithstanding and if we need affordable housing then why are we building more warehouses instead of residential communities	9/28/2026 8:40 AM
66	We should NOT have any more growth/development.	9/28/2026 8:07 AM
67	In the development envelope	9/27/2026 11:11 PM

73	Rather than developing greenfield agricultural land, new growth belongs in the designated Development District running along I-95 and US Route 40 (Joppatowne, Edgewood, Aberdeen, and Havre de Grace).	9/26/2026 8:22 PM
74	Medical and educational needs first and foremost!	9/26/2026 6:59 PM

77	Schools and agriculture	9/26/2026 3:15 PM

81	Improve roads	9/26/2026 11:25 AM
82	Dont need anymore houses	9/26/2026 7:51 AM

83	New growth should be focused on gentrification of low income high crime areas like Edgewood to bring investment and new life for community improvement.	9/26/2026 7:50 AM
84	Infrastructure. You should lose power in a residential area when the wind blows. School cancelations shouldnt be a county wide decision. It should be based on the location of the school.	9/26/2026 3:32 AM
85	Solar farms should not displace farmland and open spaces. Solar farms should be built to provide shade for cars in parking lots and also located on the roof of buildings. Warehouses should be directed to old and disused warehouse building sites and not gobbling up open land. Thank goodness the Mitchell property in Perryman was not turned into another concrete desert and overburden of access roads. It easily could have done so under a different administration.	9/26/2026 12:01 AM
86	More bike trails; Providing rec centers for every rec council in the county and providing adequate facilities for each program or sport offered for children	9/25/2026 10:25 PM
87	Route 40 Corridor (Edgewood, Joppatowne, Aberdeen)	9/25/2026 8:55 PM

92	I think older empty properties are under utilized. They should be redeveloped to current trends. Our society has become so used to things being disposable. This includes developed real estate that already exist.	9/25/2026 5:12 PM

98	Affordable community housing AND public transportation	9/24/2026 7:36 PM
99	Future growth should stay within the current envelope.	9/24/2026 3:42 PM
100	Walkable community, infill in Bel Air and other towns. Working with the state to allow ADUs,	9/24/2026 2:32 PM
101	I believe new growth should be directed toward existing urban centers and established transit corridors, explicitly tied to the strategic remodeling and expansion of Aberdeen Middle School and Aberdeen High School.	9/24/2026 2:15 PM
102	Chuchville area	9/24/2026 12:27 PM
103	Improving areas along Rt 40 / off 95 to make it more appealing and usable instead of building on farm land or open space in areas that can't handle more traffic or more students in the school.	9/24/2026 10:32 AM
104	We could use a department store nearer to Havre de Grace than Bel Air. The Target in Aberdeen lacks adequate space and stock to serve the Aberdeen/Havre de Grace area.	9/24/2026 9:48 AM

105	Rt 40	9/24/2026 9:16 AM
106	Within the development envelope	9/24/2026 9:14 AM
107	Indoor farmer’s market, skating rink, free to use basketball courts, gathering places for teens, maybe even a dedicated gym or area of a gym to promote healthy activity and not sitting in front of screens all the time	9/24/2026 9:11 AM
108	It should be directed towards revitalizing existing industrial and commercial properties. There are a significant number of properties in the county that are vacant, up for sale, up for rent. There are bore commercial properties than there are businesses. Perhaps incentivize businesses more to locate into HarCo. I took advantage of an Economic Development Loan to purchase and renovate my current office building. This is a GREAT program that is available, but no one knows about it. There should be more programs like this and they should be better communicated to the business community!	9/24/2026 9:00 AM

110	within the current development envelope - where there is access to public water/sewer	9/24/2026 8:29 AM
111	Existing business centers. I feel that Harford county would be better off maintaining its current character rather than focusing on so much growth. It's like the old saying more money. More problems. Keep things closer to the way it is today and it will be a great place to live.	9/24/2026 7:22 AM

124	Slow growth, prioritize funding the school system,	9/23/2026 5:34 PM
125	New construction should include a fee for developer/buyer to support new school development. This occurs in many other communities and should be part of building in Harford county.	9/23/2026 5:17 PM
126	Staffing and funding hospitals, health care facilities, and schools	9/23/2026 5:14 PM

127	No new growth	9/23/2026 5:11 PM
128	Preserving not growing	9/23/2026 5:06 PM

150	Based on my answers to greatest needs (Figuring out ways to successfully use taxpayer money to support an increasingly diverse population - school systems are struggling to deal with increased class sizes as well as state regulations. Schools are losing personnel annually while the expectations increase (including social/emotional/behavioral needs). Discrepancy within schools exists throughout the county on the route 40 corridor vs. Belair/Fallston/ vs. northern HarCo. Additionally,	9/21/2026 12:32 PM

	public transportation and safety for cyclists (especially as oil prices increase) are very important for our family. We try to use environmentally and financially smart ways to transport ourselves around the county, but they are far and few in between. Cycling on roads (both in the towns and out) is dangerous.), I feel new growth should be in education, if that is something the county values, cyclist and pedestrian passages, and development in traditionally marginalized communities.

184	I believe new growth should be directed primarily to areas that are already developed and have the infrastructure to support it. We should focus on redevelopment and making better use of existing areas, particularly along the Route 40/I-95 corridor, before expanding farther into rural and agricultural areas. From my perspective in Havre de Grace, I would like to see more attention paid to the eastern side of the County. Havre de Grace, Aberdeen, and the Route 40 corridor have tremendous potential, and growth should include investment that strengthens these existing communities rather than simply creating new areas of development elsewhere. That means looking at infrastructure, transportation, businesses, housing, tourism, our waterfront and historic resources, and the things that make people want to live, work, and spend time here. Growth is inevitable, but it needs to be thoughtful. It should strengthen the communities we already have, protect the character and history that make them unique, and make sure that all parts of Harford County benefit from the County’s future growth.	9/17/2026 6:56 PM

196	Not Bel air, I do not live in Bel air but I feel bad for those who do, it doesnt stop expanding and something should be done about it. It is a hard question because there has already been too much expansion.	9/17/2026 12:10 PM
197	Not in more houses and absolutely NO more big box stores in the middle of our little community!	9/17/2026 11:24 AM
198	I feel like they should work with a lot more low-income families. Single parents who are struggling to pay their bills to prevent evictions More income-based housings that are up to code And landlords, who rent should have to show proof that their houses are up the code that they're renting	9/17/2026 11:08 AM

209	Rt 40 corridor	9/17/2026 9:30 AM
210	Rt.40 - the Local communities in Harford County are great but Rt. 40 leaves much to be desired. There is a real opportunity to turn that corridor into something beautiful, supportive of community needs, and flourishing with businesses and community centers.	9/17/2026 9:29 AM
211	New growth should happen in already dense areas such as the belair/festival/tollgate strip (build upwards now out). Rezone for more mixed use (stores/ venues on bottom, housing on top). There is no need to allow developers to buy up precious land to build a subdivision full of half a million dollar homes that no one can afford. APG should add more housing to the base for the people that want to work there.	9/17/2026 9:22 AM
212	Small businesses	9/17/2026 9:17 AM
213	Aberdeen and Edgewood seem ripe for thoughtful development/improvement. But expanding the County's access to water would be helpful.	9/17/2026 9:04 AM
214	Where the community is most struggling. Build parks and community centers where there are none. Support communities instead of excluding them rhetorically as "other" or "route 40 corridor." There is already a vibrant arts and sports scene here. Support it with supporting education so that people understand the value of community as wholes.	9/17/2026 8:59 AM
215	Where the jobs are - denser housing is not a bad thing at all, especially when done right.	9/17/2026 8:37 AM

216	current corridor, no further expansion	9/17/2026 8:17 AM
217	Please take the peak traffic capacity into consideration when permitting high-density housing and large shopping facilities.	9/17/2026 7:58 AM
218	The Route 40 corridor could benefit from redevelopment and maybe some zoning changes. It is a sorry hodge-podge of everything from smoke shops to fast food to junk yards and just no uniformity in either what businesses are present or how they appear. New growth? Harford County is bursting at the seams with growth, traffic, and development. I think the county should focus on redevelopment, especially around the MARC train station areas - in between Baltimore and DC, most of those stops have desirable housing (and some even have businesses) within walking distance of their MARC stops. This would be a way to increase density, bring higher earners to the county, and satisfy whatever growth the County (not its citizens) feels is necessary.	9/17/2026 7:57 AM

221	Education Affordability Green space preservation	9/17/2026 7:07 AM
222	Infrastructure and education - we don't need more chicken places in Bel Air, we need schools funded and not punished because of requirements out of Annapolis that go unrecognized by the County Executive; develop affordable housing not more communities of homes that start at $500k - that is pricing out the majority of tax payers. This is a great community but we are losing people because they can't afford to buy let alone rent a "luxury" apartment. My kids will likely never live here let alone in Maryland and that's a shame. We will likely move once they do because the expense of living in Maryland is getting too high.	9/17/2026 6:55 AM

241	Education and fixing inequities (note; : the question below is confusing to me)	9/16/2026 7:49 PM
242	Stop the growth. Harford County is no longer the county we knew. Traffic is horrible…no matter what time of the day. Bel Air is becoming unrecognizable. The character of the county is gradually being destroyed. Get a home town paper back. The current Aegis is just a version of the Baltimore Sun.	9/16/2026 7:33 PM
243	N/A	9/16/2026 7:24 PM
244	The Rt. 40 corridor is an eyesore with its derelict buildings. Those areas need to be redeveloped. Under no circumstances should current farmland be developed. If Harford loses its farming it will lose its identity. That is what has occurred in much of Baltimore County. Crime follows overdevelopment.	9/16/2026 7:16 PM

284	I guess only alternative is to have denser growth in already congested city areas. PRIORITY SHOULD BE TO LIMIT GROWTH	9/16/2026 10:53 AM

285	Depends what kind of growth you are taking about. This question was too vague to answer responsible. Also, same for question 12. On question 12 you use the phrases “Expand envelope” and “Shrink the envelope” which I’m sure are insider terms that do not communicate their full intent to the average citizen, and the Growth is inevitable which is understandable. I tell me children two things: Just because you can doesn’t mean you should, and if you have to choose between what is expedient and what is right choose what is right. I ask the same of our County officials when standing up to Annapolis and each other on behalf of the citizens of Harford County. The County stands at a crossroad. Choose wisely. It absolutely matters. I’ve lived in this beautiful County for 35 years and loved every minute of it. With the threat of technology encroaching on gorgeous northern Harford County…not so much and it deeply saddens me. There is a way forward and there is a need to put a pin in these impositions to re-think them.	9/16/2026 10:35 AM

287	education transportation	9/16/2026 10:30 AM
288	No new growth, over populated, unsustainable, not enough resources, residents over developers, too many chains	9/16/2026 10:26 AM
289	Redevelopment and higher density in the building envelope.	9/16/2026 10:25 AM
290	In the previously developed but abandoned or under utilized areas.	9/16/2026 10:23 AM
291	North Harford	9/16/2026 10:22 AM
292	Preserving farm lands, increasing public transportation	9/16/2026 10:20 AM
293	NO new growth is needed. That's exactly the problem. Example: Tear down the Harford Mall and put in apartments and pocket parks and parking for those residents, and then bring in a high-end grocery and boutiques while inflation climbs, wages are stagnant, gas is over $4 a gallon-just what affluent residents are going to shop there? This must end, unless the aim is to end up a concrete, crime-infested sewer like Baltimore City.	9/16/2026 10:18 AM
294	Nowhere, or, what do you mean by future growth? Attracting more residents and larger factories/industry? I would love to see the county grow toward a Blue Zone philosophy. Regarding question 12, I am not familiar enough with the envelope to answer the question at this time.	9/16/2026 10:13 AM

320	For industrial, business and high density residential - Rt. 1, Rt. 152, Rt. 7, Rt. 543, Rt. 22, etc. These are obvious areas already partially within the development envelope where expanding picks up easy access to major state routes. If anything, the largely rural, agricultural, large-lot residential areas should have minimum lot sizes increased to keep those areas less congested. Getting away from density is exactly why people move to those areas.	9/14/2026 3:29 PM

I live next to Festival, and we walk there for groceries, car maintenance, restaurants, Five Below, the eye doctor, and to return Amazon packages at Kohls. I love it. Apartment buildings would make that sort of life available to more people. It would also open up some more affordable housing. 467	I hate this question. This county has grown significantly the past few years and will continue to do so, and yet I feel we have totally failed to address the matter properly. We have allowed so many crappy luxury apartments to be built, horrifyingly quick and close new construction builds and this has happened all over the county. The question isn't where, it's how. We need to ensure we aren't putting up popsicle stick shacks that make people want to leave the area shortly after moving here. The places built recently won't be here 50-100 years from now, so what does that say about our county's dedication to historical/environmental/economic matters? Create better standards for the entirety of the county don't focus on one area. Harford is better together, we need whiteford and Edgewood and bel air all to be beautiful.	9/4/2026 10:27 AM

475	If you're looking to polish this into a stronger public comment or statement, I'd make it firm while avoiding a claim that violent crime is directly caused by underfunding unless you have data to support that connection: **NOT toward mini-storage facilities or additional condo and townhome communities.** We already have far too many of these developments, and continuing to put more people into increasingly dense communities places additional strain on resources and infrastructure that are already underfunded. Calling those cuts and shortages "savings" is shameful. Our county is already struggling to adequately fund the schools, public safety, transportation, and other services that residents rely on. We are seeing the consequences of those choices, and the answer should not be to continue adding development while expecting already-strained services to somehow keep up. Growth should be accompanied by the infrastructure, staffing, and resources necessary to support it—not by cutting corners and calling the result a savings. **Invest in the county we already have before continuing to build more of the county we cannot adequately support.**	9/3/2026 4:01 PM

482	The southern district. It is beautiful with its water-oriented resources and it has so much potential. Rt. 40 underwent "beautification" over 20 years ago but that needs to be expanded through the rest of Edgewood and Aberdeen. 484	Focus MUST be on community support and infrastructure first, then redevelopment of existing areas. STOP NEW HOUSING DEVELOPMENT and STOP REZONING. Housing density is ridiculously high with no proper planning for redistricting school zones, and new businesses continue to encroach on residential and agricultural spaces instead of seeking to improve upon existing areas zoned for business that are not utilized properly. Preserve agricultural areas and promote local business development NOT franchises.	9/3/2026 2:37 PM

491	We need a better strategy for new housing and developments. There are plenty of vacant areas that are pre-developed yet an eyesore. These should be used first before considering deforestation. Traffic infrastructure with pedestrian infrastructure should take precedence to building the developments. A prime example of a failed project is off of 924 and plum tree road. Once this space is eventually developed it will be a net carbon area which is unacceptable in 2026. Major commercial development and buildings should be as environmentally friendly as possible. The county needs to place requirements for these developers to include planting back native plants and trees, better erosion and storm water infrastructure, use of solar on top of buildings and parking lots. With more housing development, there will be more demand in electricity. The county need to start use of solar power on county buildings such as recreation centers and parking lots. New growth should be directed to family-friendly activities and pedestrian infrastructure. Our family has yet to visit the HarCo farm fair due to parking.	9/3/2026 11:42 AM

526	Harford County should pursue a thoughtful plan of minimal, responsible growth and carefully targeted economic development that protects the quality of life residents value most. Development should be focused where infrastructure already exists, while preserving our farmland, natural areas, open spaces, safe roads, and established communities. Economic growth should prioritize high-quality jobs and businesses that strengthen the County without overwhelming schools, roads, public services, or the environment—ensuring that quality of life remains the guiding principle for Harford County’s future.	9/1/2026 5:38 PM

533	I'm not certain what you mean by "growth"? Pursuing expansion of the county's tax base, no matter the cost to our standard of living and our mental and environmental health? That all development and building is good, never mind the consequences? Encouraging and supporting farmland expansion, or the expansion of "green space"? Encouraging increasing population -- birthrates and folks to move into the county? Are you asking about investment of tax monies, how to spend the time and attention of elected officials and county employees, emphasis on county website and other means of disseminating information to the public? Zoning and granting permits and variances? Is "growth" always good? It certainly needs to be directed. Please include in the Master Plan, the development of actual cohesive cities in Bel Air, Aberdeen, and Havre de Grace. Rather than the higgelty-pigglety plopping of shopping centers here and there, residential developments stuck out on what used to be good farmland (oh, the traffic issues!), and the neglect of town centers. About Question 12: I'm not certain what you mean by "envelope" in terms of future growth. But if "envelope" and "growth" includes any future development of the Rt 40 corridor, then the State of MD absolutely needs to remove its designation of Rt. 40 as a zone for unfettered growth -- including warehouses and large distribution centers and perhaps even data centers. The legalized current industrial and business developments along Rt 40 make a travesty of environmental and livability justice for the residents of our county. If, for instance, the state requires us to build "work force" or "affordable" housing on Rt. 40, then the state should include in its grants and other funding for such housing, monies to make the apartments or homes actually part of the community. So when an apartment building is built on one side of Rt. 40, then the funds to build a pedestrian bridge and improve sidewalks all the way into town and to schools should be included. Don't leave the kids -- within easy walking distance from their school or playgrounds or town's neighborhoods and businesses -- stranded on the opposite side of a busy highway! Fund and build so the entire list of needs of all family members can be met in their new home. So shrink the envelope along Rt 40, and demand the state stop using our county's Rt 40, and anywhere else in Harford County, as	9/1/2026 4:13 PM

	legalized dumping grounds for undesirable development, until the state learns it must not simply mandate developments of any kind, or attach strings to funding projects, that force those projects to be less than viable.

561	Enough growth regarding population. Limit further development of the town of Bel Air. Focus on Havre de Grace, Aberdeen and Edgewood.	9/1/2026 11:38 AM
562	Nowhere. We're already overrun, especially in the southern part of the county. The upper part of the county should also be able to maintain their land	9/1/2026 11:38 AM
563	Future growth in Harford County should include intentional investment in arts and cultural infrastructure, particularly in central, accessible areas that can serve residents throughout the county. A dedicated performing arts venue with appropriate stage, seating, technical, rehearsal, and educational spaces would provide much-needed resources for local dance, theater, music, and other arts organizations. Locating this growth near established population centers and transportation routes would make performances and arts education more accessible to families, schools, and residents across the county. As Harford County grows, investing in a centralized arts and cultural destination would help keep artists and audiences local, support arts organizations, attract visitors, and strengthen the county's cultural and economic vitality.	9/1/2026 11:34 AM

577	The new development in my area has caused numerous speeding, traffic, and safety issues. Roads that were rural and 30mph speed limit have an enormous amount of traffic with most vehicles driving way over the speed limit. Also, expanding and paving roads have caused water runoff issues on our property.	9/1/2026 10:20 AM

611	Redesigning areas where growth has already occurred	8/28/2026 7:07 AM
612	Focus on revitalizing and building in the Route 40 corridor instead of encroaching on areas outside the development envelope. The smartest move would be to build more/higher density housing in close proximity to train stations in Edgewood and Aberdeen. Expanding the tax base here will encourage investment and attract businesses to these areas, and having access to reliable public transportation will reduce the strain on our roadways	8/27/2026 11:04 PM

Emphasis should be placed on redevelopment and revitalization of underutilized properties. 658	The Route 40 corridor needs attention. The parks, libraries, playgrounds are all the last to get attention and funding, so we have to go out of Edgewood for many of these things, even if we'd prefer to stay in our local area and support it. I do not think we need more apartments, houses, etc. Local businesses, local attractions, and the like need to be the focus.	8/22/2026 9:25 PM

662	Put solar panels over parking lots, increase pay for public school teachers, stop paying for Flock and other mass surveillance tools, and NEVER build a data center in Harford county. Establishing mixed use zoning in communities will allow small coffee shops and cornerstores to pepper communities and create more convenient hubs for commerce. Also, something seriously needs to be done with the dying Harford Mall. I think it would be wise to convert this to mixed use apartments & small stores. Maybe some of the small stores could be a grocery co-op stocked by the small farms in harCo.	8/21/2026 8:30 PM

774	New growth should be directed as infill in and near the municipalities. No more large single family housing developments should be built, period. It's a waste to see new developments like, for example, Moonlight Drive and how much housing that could have been created there. Also, streets need to connect to each other to improve the transportation network. Looking at that same neighborhood, it was a waste to not connect it to Redfield Road to spread out the local transportation network to decrease the traffic at 543 & 22. If density isn't going to be increased, then the development envelope is going to need to grow, which is awful for the environment but people need to live somewhere. Also, people complain about school occupancies when what they should be focusing on is class sizes. If the choice was to have 28 kids in my daughter's class in a classroom versus 14 in a trailer I'd pick the trailer every time. I noticed a huge difference with the cuts made for the 25-26 school year - my daughter went from a class size of 18 to 28 as a result and it really impacted her academically. We need more teachers and smaller classes.	8/17/2026 11:14 AM

782	I hate to say it, but infill is only going to go so far. What are the stats for the new Ryan Homes development on 543 in Creswell? Is that bringing in new, younger workers and families? Abingdon and Forest Hill seem to be the prime options. I	8/17/2026 9:28 AM

	wonder if it makes sense to focus on Creswell and therefore build up Riverside/Belcamp.	
783	Depends on intensity of that growth. We should be following sound zoning practices and limiting growth to where the infrastructure can handle it and where it complies with the vision and values of our community. There should be no growth beyond the development envelope.	8/17/2026 9:10 AM

856	Near existing infrastructure as long as it can handle it. Even though there is a lot of development happening where there appears to be infrastructure, the traffic and demand on resources is too much. I'd say focus on Rt 40 but even Rt 40 is a mess. Refocus on improving existing communities and any housing and businesses that are vacant. Too many people want newly built houses that are poorly constructed when there are existing houses available. Question 12 is not easy to answer without already knowing what the development envelope is. A link should have been provided to a map.	8/15/2026 9:42 AM

862	The Development Envelope has been an incredibly successful policy since the 1970's. Redevelopment of underutilized and blighted areas should be a high priority. Minor tweaks to the boundaries of the envelope may be appropriate not a major expansion.	8/15/2026 8:02 AM

880	New growth should be directed primarily within the existing Development Envelope and toward areas that already have the infrastructure to support it, including Aberdeen, Havre de Grace, Bel Air and the Route 40 corridor. I would prioritize redevelopment and better use of already-developed or underutilized properties rather than expanding into rural and agricultural areas.	8/14/2026 3:39 PM
881	The county does not need new housing developments. Our schools cannot sustain over development/over crowding. Howard County out paces us with quality open spaces/sports complexes/parks. HCPS teachers/staff need to receive funding & salaries for livable wages. Another quality beach volleyball court by NHHS. NH rec programs need access to bathrooms with running water, NHHS should not need a porta potty by the turf field. All the development goes to the Rt 40 corridor, it would be nice to have similar facilities like Fallston Rec/Churchville/Copperplex in the NH area for rec teams to have access to quality turf and bathrooms. The NHHS turf needs to be replaced, at least 3 torn ACLs on high school athletes in 1 year means there is something wrong with our turf. Dublin Elementary hasn't had consistent AC/Heat for years, part of the building is always without heat/ac and portable AC units & space heaters are brought in every year. Students/teachers should not have to sit in classrooms with winter jackets and/or sweating in a 90 degree room, or sitting in the hallway because it's cooler there than their classroom.	8/14/2026 3:06 PM

997	I'm not an expert, but I would think that we should maximize our most valuable assets and minimize our highest risks. With that said, I would suggest that a study be conducted to attract and improve the Rt 40/I-95 corridor business opportunities. Attracting larger businesses will increase local tax revenue which could be used to "prop up" other areas of the county and to service those who are less fortunate. My suggestion on that is to concentrate on keeping the food pantries stocked, staffed, and encourage a healthy outreach program for each community. Food insecurity is the beginning of a community's undoing.	8/12/2026 9:50 AM

It's really sad that we have to take our grandkids to other counties for fun things to do. We have travelled to 48 states and find wonderful activities everywhere but Harford county. And to have to go to Baltimore city or Philadelphia for a decent show is ridiculous. I would love to see more fine dining and brunch restaurants, live shows and theater, comedy and music venues, arcades and family entertainment, and other activities that give residents more things to do locally. Growth should not only mean more housing, warehouses, or traditional shopping centers. I would like to see development that creates an experience and gives residents reasons to stay, socialize, celebrate special occasions, and spend their money within Harford County instead of traveling to Baltimore or surrounding counties for entertainment. A well-planned entertainment and dining district could also create jobs, support small businesses, attract visitors, and bring more energy to the County.	8/9/2026 10:39 PM

We might need more stores such as WaWa, Royal Farm or Dollar Generals. We don't have one on every corner yet, but I am sure there will be 20-30 more in the next 10 years. Stop the building!!!!!!! 1188	You have too much growth and the school system and resources are struggling because you give the corporations tax breaks instead of making them pay to improve infrastructure and the school system! This survey is skewed as the questions do not allow you to create proper statistics with a unbiased mindset. Also, you would be surprised how many people have no idea what question 12 means, especially the word "envelope". Just state what you want.	8/7/2026 8:42 PM

1196	Growth needs to be slowed. We need to perfect what we have before we add. Work on supporting our schools, community and expanding healthcare and emergency service before adding thousands more residents. Ive been to meetings where builders given extremely underestimated numbers on population growth ie this development has 10 apartments so we estimate 2 children as residents, while we all know thats a gross miscalculation.	8/7/2026 8:17 PM

1205	Not when you are going to clear forests for new housing, data centers, solar farms. Not for huge costcos and chick filets where the road infrastructure can’t support it. We could even get a new coffee shop that did make for hazardous traffic. If you need to focus on growth focus on business but not big warehouses. Small mom and pop types.	8/7/2026 7:39 PM

Make its so there isn't 900 cars in Bel Air at any given time because of the over population. Go back to being a rural county, put in a Bass Pro Shops or a Buc-ee's. Seems like Boot Barn is doing rather well??? go figure. Accommodate the people that already live here and stop trying to change the social make up of the county. It's rural and AG - leave it alone. Lots of open space and limited multi-family living. Lots of quaint Main streets in the various towns along the line.	8/7/2026 10:49 AM
1274	Given the rural history of the county, I would probably direct the growth to existing towns in the county to preserve the rural areas. Since there is nowhere else to leave final comments, I'll put them here. This public input tool is not great. Anyone can take this survey and take it multiple times. Also, only people who are already tuned into county news will hear about the survey. So the findings will at best represent highly engaged residents, which may only be a small portion of county residents who may differ from most residents in important ways (e.g., higher income, older, etc.). The intro says "The first step in the public engagement process is to ask community members to tell us what type of place they would like it to be." But none of these questions really ask what I want in a community. Finally, there is jargon in here that I don't understand. What are "viewsheds"? What is the "envelope"?	8/7/2026 10:14 AM

1277	It depends on the growth. Housing has historically been an issue—especially affordable housing. Placing affordable housing with no support (public transport, healthcare, schools, grocery options) defeats the affordable housing if nothing is available! Most (all?) business growth has been along the Route 24 corridor and the traffic in that area reflects those resources. Would the placement of Costco been better directed to the Edgewood/abingdon area? Maybe—certainly traffic would be less of an issue. Would patrons travelled to edgewood? Likely—since they already travel to the one in White Marsh.	8/7/2026 10:02 AM

1378	Limit building in the mall area. We do not need a lot more retail stores when so much is taken over by Amazon.	8/5/2026 1:06 PM
1379	Devlopment can be done on a gradual basis. I still don't know how those houses got approved in Forest Hill when the traffic is so congested. There needs to be more honesty in the development process. The citizens have to be notified and be able to express their view about development. I'm very concerned about the new head of the county council. He loves development but not improvement of our roads.	8/5/2026 12:38 PM

1386	Education funding and programs	8/5/2026 11:33 AM
1387	The route 40 to Route 7 corridor. We need to offer large incentives to replace old dilapidated structures on route 40 with new structures these would include high rise condos or apartments with integrated businesses on the bottom floor maybe even connect building via walking cover walking bridges over the road. We don’t need to expand the envelope and build on more virgin land if we can just repurpose land that is alreasy compromised. New buildings and our publicly owned building need to begin installing solar energy in all roof structures and over parking lots. This will reduce environmental damage, reduce energy cost for home owners and cut taxes.	8/5/2026 11:29 AM
1388	In our schools. We don't need more houses or apartments. We need teachers and schools. The future starts there.	8/5/2026 11:29 AM

1452	Southern district and Rt. 40 Corridor; small business; family programming and recreation; public and private partnerships; School funding to help support non-public placements for children that cannot safely or effectively attend public schools - this would help reduce teacher demands because so much teacher time is spent managing the few students who just don't belong there, but there is no other placement option - plus the other students in Harford County suffer with a learning environment that is not conducive to actual learning.	8/2/2026 3:24 PM

1453	Areas with current public water and sewer access. Within two miles of I-95 corridor.	8/2/2026 1:31 PM
1454	Growth should be reduced. That’s the problem. Too much is destructive. Youth here need things to do other than meth. Build indoor sports facilities, basketball is important but no where for youth to go!!!	8/2/2026 10:24 AM

1456	Small pockets of areas where major roads exist already but keep commercial away from residential development and farm	8/2/2026 3:47 AM
1457	This is tough because so many farms are selling and homes are popping up everywhere. This is removing some of the rural character in Northern and Western Harford but its still OK. Leave northern and western Harford alone and parts of southern Harford that are still rural. Please, as development continues, hold the developers responsible for the appearance of what they are building. It must fit the character of the location. For example those ugly high apartments built in Fallston along the BYpass and Belair road, and those apartments built in Hickory behind the Royal Farms. And keep with the character by preventing huge signs in front of stores in rural areas. A name on the store front wall is sufficient. Sorry about my ranting.	8/1/2026 12:06 PM

1464	I think we need to support our school system and community bonds and safety. That will drastically change our future in harco as it's heading in a bad direction. You keep building communities and homes and retail places but not in schools and safety that keep the community. Harco is becoming divided mainly because of schools and crime.	7/30/2026 8:27 PM
1465	Somewhere else. Redevelop areas that are underutilized	7/30/2026 7:55 PM
1466	I don’t feel the Bel Air area can expand anymore and shouldn’t. Edgewood is a wonderful community and I’ve seen more attention to bringing businesses here and improving its overall appeal. It would be great to continue to expand employment opportunities here and add cultural and entertainment spaces.	7/30/2026 6:22 PM
1467	Edgewood/Joppa area	7/30/2026 6:20 PM

1473	Definitely around the 95 corridor. I grew up in Joppatowne and now live in Monkton (HarCo), so I have seen the changes for 40 years. We are a "bedroom" county, and I think growth should be focused along the main transportation routes. Honeygo Village-style neighborhoods would be really awesome. Central commercial zones surrounded by housing should be the future of development.	7/30/2026 1:23 PM

1482	Route 40 is embarrassing. It has a lot of opportunity to be improved and made more usable. But it must be done wisely so it’s not 15 miles of strip malls. What NOT to become is US 19 in Florida’s Pinellas county. Become a thoughtful region that combines local economic resources and preserves natural beauty and habitats in a way that other places in country can copy.	7/30/2026 9:01 AM

1493	While I agree that growth opportunities should be limited it does feel like the Bel Air area is getting overcrowded and on it's way to feeling overly busy like Towson. Part of Harford County's charm is the rural feel and with expansion only focused in certain areas we are quickly loosing that. A slight expansion may help reduce over crowding in the Bel Air area.	7/29/2026 9:50 PM

Furthermore I think area Main Streets should be developed to allow local businesses fair pricing/access so that these locations become hubs for locals but also visitors to our county.	7/29/2026 8:42 PM

1515	Growth naturally directs along major routes of travel. We have seen over the decades growth spread North on 95, east of 95, then west on 152, then west on 22, then west on 543 and west on 155. Plan for this, we all know it is how it works. There is no "mystery" here to solve. Travel/commuting is how people survive. Keep some of our best healthcare workers near by with a better hospital system to work in. Farms will remain rural and can be designated agricultural but overtime some of these areas will need zoning changes when the population continues to grow. The county certainly appears to have an abundance	7/29/2026 5:44 PM

	of warehouses that should be used before new ones are built. Some of the development envelope will need to be expanded west if the county wants to grow and generate tax revenue.

1567	That depends on what "growth" means. Housing needs to be where there is already infrastructure in place to accomidate. Roads, water, electric infrastructure. Industrial zones with proper infrastructure alread in place is where ware houses, data centers, and so on should be considered.	7/28/2026 3:53 PM

1569	Away from farming communities.	7/28/2026 11:06 AM
1570	This survey needs an area for free-form comments. I worry that when I mark that I want Ag preservation, that is interpreted as forcing farmers to be unprofitable. I own a farm with two hundred acres and it is very hard to make money as a farmer. We basically need full time jobs outside the farm to survive. The county doesn't allow us to build apartments on ag land, even though this is the #1 way to attract long term help. I'd like the county to be more favorable toward farm owners who want to offer event space for weddings etc. If I lease to a farmer growing corn/wheat/soy I make $110 per farmable acre which is about $15k per year. It isn't enough to survive without other revenue sources. I'd like the option to put solar on part of the farm to help with costs. If I put solar on just my worst land, which wouldn't affect my ag profits at all, I'd be able to pay the mortgage long term. The council should allow solar with stipulations - like a max % of the farm, or justify why the area isn't suitable for other crops, or show a plan for multi use (goats/cattle under the panels), and an agreement not to subdivide the farm while solar lease is active. This would help so much.	7/28/2026 9:55 AM

1572	No more outward growth! Fill the empty spaces that already exist. Love the Harford mall project because it revitalizes the area without additional loss of natural areas and farms. We need trees and vegetation, not more concrete and asphalt. There are lots of storefronts that are empty in town and in many of the shopping centers that need to be filled.	7/28/2026 8:41 AM

1581	Protect open land from noise, air, water population; do not allow open land to be utilitzed for data centers, solar or battery farms. Add solar panels for electric grid relief above public parking areas similar to IKEA in Baltimore County. Test this process at the public libraries and schools and county buildings. Plant trees...every county facility, park, school, and library should have trees. Provide discounted tree sales (shade or fruit) whips to any HC resident for their own property to create shade or fruit. Lead Maryland in agriculture safe havens. In our area, drop electric lines underground to stop outages caused by downed trees. Start a home solar program education and discounted bulk purchases for those who would like to convert.	7/27/2026 9:41 AM

	Lean into self-reliance as a county. More resteraunts like Burton's in Bel Air. Finally, political signs should have to be taken down within 7 days from election date, ruins the green space.

1585	Towards park lands and 3rd spaces - community resources and gathering places. Not more pavement and big corporations. Small businesses lead by local owners that keeps the revenue within Harford County. Hard to say where to put more "growth". Rural areas should stay rural - it's the biggest draw to our area. And populated areas (Bel Air) need to keep the green spaces they have left. It's sad the forest that was cleared for Costco was cut down YEARS before any development was in the works. And sad the forest earmarked for the Maryland Center for the Arts was cut down with no progress besides a parking lot. Massive areas on Moore's Mill and 543 are in development - or stalled - when tight housing was just introduced off Route 1 and in Bel Camp...	7/26/2026 10:15 PM

We need facilities to take care of our young/middle age and elderly so we can live here our whole life. We need more Bob Hooper housing for families that are dealing with death. We need another hospital and the staff to fill it. You shouldn't have to wait 8 hours or more in the emergency room. The government says they want our input put yet they still keep growing our county where we don't need it and we tell you that. No wonder people are leaving. Use to take only 20 min. to get to Upper Chesapeake now it takes 40, I only live 14 miles away. The speed limits didn't change.	7/25/2026 1:30 PM

1617	Route 40 has a ton of development space that could be revitalized or reimagined rather than breaking new ground in rural areas or adding more crowding to Bel Air and Abingdon. Growth should be directed overall to places that have outlived their current existence such as Harford Mall or other shopping areas on Route 1. Just because there is less desire for physical clothing or department stores does not mean the area itself isn't good for commerce. It's about pairing the right business with the right vacant space.	7/24/2026 5:26 PM

Concentrating growth where infrastructure, schools, roads, and utilities already exist will reduce sprawl, protect agricultural land, and maintain the rural character that residents value. Look at the Paradise Valley Mall redevelopment- it is actually gorgeous and functional. Look at Kierland area of Scottsdale. High end, dynamic beautiful and busy! 1832	I read that Harford is going to be surveying places like farm fiar, first friday's and farmers markets for the Harford Forward initiative. However, that is only a small fraction of people who represent our diverse county. And those people are probably more likely to share feedback, and are aware of county resources, since they are attending these public events. Those who are lower income, and not attending these public events needs their voice to be heard as well. New growth would be beneficial to those groups, too. I see Harford taking initiative to create more public events and resources. The local groups, orgs, and businesses that already exist and operate day-to-day need support and room to grow. Don't take over their spaces in the course of trying to create a more engaged County community.	7/21/2026 11:57 AM

You can call it “growth” like it’s a good thing, but it isn’t. It’s like we’re in an overcrowded city when we’re in Bel Air. 1925	First, before any growth, a logical plan for roads, schools, and healthcare should be developed to deal with the increased growth. As far as where, that depends on what is being built. Growth should be very strategic. Also, please remember that the people in the Abingdon, Riverside, and Perryman areas of the 40 corridor also want nice communities, not just continued building. We want open spaces, clean and safe communities. We are tired of large warehouses and industrial building up. I would really limit industrial building up in Harford County, period. 1939	this is hard to answer, of course, the natural tendency is to say "anywhere but next to me". I think growth has to go hand in hand with economic development and making livable communities where people work	7/20/2026 3:20 PM
1940	First build-out the development envelope, but to plan for inevitable continued growth. Expand the envelope along the Creswell/Schucks corridor, extending to HCC. Start long-term infrastructure planning steps now.	7/20/2026 3:11 PM
1941	Redevelopment in the Rte 40 corridor. Makes no sense to continue to dig up every farm field in the county while we allow sections of the county to decay.	7/20/2026 3:11 PM

1954	Route 40 corridor. Edgewood, Joppa, Aberdeen, etc. It is a busy and populated area full of abandoned and unkempt shopping areas that deserve to be revitalized. There are many low-income people who deserve social resources, parks, and gathering places, who are openly ignored and denigrated in favor of "upscale" areas like Abingdon and Bel Air.	7/20/2026 1:16 PM
1955	Only in the areas that are already developed (like Rt. 40) and underutilized, and have existing infrastructure. STOP planning future growth in areas that should be preserved (like Hickory!).
