1061	I usually go to Northern Harford County for most of my everyday needs. That's where most of the grocery stores and general services are. For well maintained playgrounds and for diverse, higher-quality restaurants, I tend to go to Bel Air or Abingdon, but Aberdeen is a good option too. Grocery options are pretty solid in Northern Harford, but in the Edgewood/Joppa area it's mostly Food Lion, Redner's, and Aldi, so the choices are a bit more limited. The Edgewood/Joppa area is very limited when it comes to well maintained playgrounds, trails, safe/protected bicycling infrastructure.	8/2/2026 5:34 PM

1276	I like the small town feel of the local community that Bel Air used to have. I shop at Shoprite for groceries, participate in the CSA at Brad's every year and try to support local businesses like Broom's Broom and the shops on main street. I go to the farmer's market and local events when I can. Healthcare has seriously gone downhill in the area. Trying to get prompt appointment with a qualified doctor has become impossible. When you need to see a doctor and the first available appt. is in 3 months, something has to change. I have to pay for a direct access PCP so that I can take care of my health and obtain my medication in a timely manner. I get my prescriptions at Walgreens but the delays and drive-through lines have been increasing frustrating. The businesses can't seem to handle the amount of people moving into the area.	7/23/2026 8:38 AM

HCPS has FAILED my daughter for her IEP needs and we are looking into Highlands School or other possible schools that could help us with ADHD and Autism—STOP CUTTING THE SCHOOL BUDGET. We stay local for restaurants and shopping (Target, Walmart). We would LOVE to see a Costco or Sam's Club after addressing traffic needs. We LOVE the farmers market.	7/22/2026 11:51 PM

We love our small businesses in town & but all sorts of needs and wants. Our favorite events are the art fairs & now that the kids are older we’re trying to get to more music events! 33	Housing affordability is another major concern. The only reason I currently live out of state is because it is simply unaffordable for my family to live in Harford County—even on two teacher salaries. In Pennsylvania, we were able to purchase a 1.25-acre lot and build a brand-new custom home for $306,000. In Harford County, $306,000 will likely get you a 3-bedroom townhome, if you are lucky. That should tell us something. We need to be thoughtful about what kind of growth we are encouraging. Building more dense housing does not automatically make housing affordable, particularly when the infrastructure, schools, transportation, and public services needed to support that growth are already struggling to keep up. I want to be able to live in the community where I work. I want teachers, first responders, nurses, paraprofessionals, and other working families to be able to afford to live in the communities they serve. If working families—including teachers—cannot afford to live here, we have a housing affordability problem that cannot be solved simply by building more townhomes.	9/3/2026 4:01 PM

97	Surgical and hospital needs met at Christiana in DE, or in Baltimore hospitals -- Upper Chesapeake is an absolute disgrace! Numerous neighbors have caught infections while receiving very substandard care there. The walls, ceilings, and fixtures in the hallways and doctors' offices are falling apart, the bathrooms are filthy! The parking garage's pedestrian flow is dangerous. The staff and physicians there are wonderful. But the facility -- forget unsightly. It's a cobbled-together	9/1/2026 4:13 PM

	Frankenstein-monster; downright hazardous, unhealthy and dangerous. Might be best to tear it down and build anew a coherent institution. One run by a small coterie of physicians and folks who truly live and understand the intersection between capitalism and non-profit financing, under the oversight of a board populated by society-focused experts (social workers, clergy, PhD-holding nurses, public health folks, financiers who realize a healthy population is crucial to an economy, etc.) Could we invite in experts who study rural hospital and health care systems, who can advise us in escaping the corporatization of health care that plagues our country?

117	Some more highly qualified medical specialists are available just outside the county - this may have more to do with the proximity of major institutions like Johns Hopkins and less to do with the availability / quality of Harford County specialists. We don't have a good nearby movie theater, so we leave the county for that. The county is also lacking some small local businesses I'd like to patronize for my hobbies - a yarn store, a book store (though a new one is growing near the armory).	9/1/2026 12:09 PM

182	Healthcare in Harford County is abysmal so we travel to Towson or, for more specialized care, up to Hershey Medical Center for all our medical care. I went to the ED at Upper Chesapeake one time and nearly died as a result of their care (says the team at Hershey Med who ultimately performed the life-saving procedure Upper Chesapeake missed). My husband went to the Patient First across the street from Upper Chesapeake for what ended up being appendicitis. The staff at Patient First told him if he could withstand the pain enough to drive to any of the hospitals in Towson, to go down there rather than go across the street to Upper Chesapeake to get an emergency appendectomy. The reputation of Upper Chesapeake is so bad, medical professionals are actively encouraging people to avoid care there. Other than Upper Chesapeake, there are medical practices but they are so under-resourced/stretched thin that we can't get into them (I tried to establish care with a new PCP and they told me it would be a year before I could get in. Most other places told me they weren't accepting new patients). I wonder if those two issues are related (lack of quality hospital care and shortage of medical practices). Other than healthcare, my kids participate in a youth theater company in Cecil Co.	8/28/2026 10:02 AM

We have the whole 95 corridor, especially near Aberdeen/Belcamp that we could develop “things to do”, like an aquarium, main event games. There are huge sports tournaments that come to Ripken stadium, cedar lane, and Coppermine complex and there’s nothing to attract families to spend their money in Harford County. They go to Baltimore county (white marsh) and Baltimore City, both of which are not safe places to go. Invest in attractions and you bring in jobs for our county as well.	8/18/2026 1:49 PM

549	Providing my family opportunities to learn away from the internet and/or outside of the classroom: museums, zoos, aquariums, etc. -This county is lacking in this area. Given the sizes of the options available in Baltimore, D. C., and Philadelphia, I don't see this changing any time soon. However, I do not invite anyone with kids to visit as we don't have anything fun for them to do. Providing my family with opportunities to experience and learn about a variety of cultures, races, ethnicities, heritages, and perspectives. -Many parts of this community seem comfortable with the lack of diversity. Therefore, I will continue to leave this county as long as I need to so that my family can appreciate and respect all people. Providing my family with opportunities to enjoy and experience nature, peace, and quiet. -Everywhere is being developed. Traffic is absolutely insane. My kids cannot reasonably walk to a playground. 1144	It would be crucial to see more family-friendly activities. That encouraged children away from constant use of technology. Along with providing fun and active adventures, for children over 10. Especially teens. It is infuriating to see more houses being built and cramming up the area we live. Yet watching businesses close and having limited options to engage teens & tweens. They are too old for Chuck e. Cheese and love Dave& Buster's. However, attending large events like Dave & Buster's & medieval times, is incredibly costly. Also, neither of those options encourage physical activity for days. It is too unbearable with the weather.	7/29/2026 4:59 PM

1516	Leave Harf Co for retail shopping and entertainment. There is not a single dept. store in this county - disappointing. As a result, I got to Christiana for retail shopping, and because I'm there, I end up spending money or groceries (where there is a trader joes within mins. of Macys / Nordstrom) and Costco - which is there, to include large ticket items. Don't you want to keep my dollars in the community? Give me options to do so, right now, you have left me with no choice. I realize retail shopping has changed majorly since covid, but you didn't pivot with the change. Also - what are you going to do if APG closes this base and the civilian jobs go - you need to reinvent yourself (tech jobs / AI / ag?)	7/20/2026 7:00 PM

1527	Definitely hospital (UND Upper Chesapeake has a terrible rating and reviews). I’d rather travel to UMD St Joseph for medical care! Also used private schools because my school district is horrible! It’s a shame that people have no choice and that children travel farther from their homes to schools instead of schools that are closer. In our area kids cross 95 and Route 40 to attend middle and high school when there is one so much closer and better. Something needs to be done with the Edgewood school district and children should not have to travel so far for school. If you stop building in the area students wouldn’t have to travel so far and could attend schools closer to their homes and not cross major roads to get there. Our school system is suffering and our healthcare in Harford County is terrible!	7/20/2026 5:37 PM

Nice, open air malls and shopping centers are very popular. look at the Avenue in White Marsh, or stores relocating from inside Towson Mall to nearby storefronts. There should be a priority for wide sidewalks, landscaped buffers between parking and side walk areas, etc.	7/20/2026 4:59 PM

60	While i like convenience, too much congestion near the festival. Need to start developing in other areas of the county. Let Fallston, North Harford & Forest Hill start getting the development. They have a lot of land & its less congested	8/10/2026 6:43 PM

61	I fortunately live in a rural area, but the town of Bel Air is quaint, soon to be ruined with parking garages and change of dynamics of court house.	8/10/2026 9:46 AM
62	Used to be the green space, safety, sports friendly, and walking paths. Since the open borders, it's no longer safe to use the paths, the crime is up, it's been overdeveloped and is entirely too crowded and takes double the time to get anywhere is the county prior to moving her years ago.	8/9/2026 10:54 PM

144	Harf Co location is one of its biggest strengths - can be to Mountains, Ocean, DC, PHyilly, NYC all within 2 hour drive. Having an Amtrak station in Aberdeen is big - you don't market that enough. I appreciate the conservative values, I'm talking morals and not politics - continue to prioritize 2-parent heterosexual households, which is not a slight to anyone who is not that, don't let big brother push you to the liberal agenda (and I'm black by the way, not all black folks are liberals). Lastly, I generally feel safe anywhere in Harf Co. to include the areas I've been warned not to visit, like Edgewood.	7/20/2026 7:00 PM

#	RESPONSES	DATE
1	Overbuilding Overcrowded roads Disappearing farmland	9/9/2026 11:55 AM
2	Section 8 housing and apartments destroying property value.	9/9/2026 11:29 AM
3	Over Population , Congestion, Baltimore expanding into Harford County	9/9/2026 10:35 AM
4	low funding of our schools and emergency services	9/8/2026 2:47 PM
5	As a bike commuter, I would like to see more dedicated bike lanes in the Edgewood area, particularly along Route 40 between Edgewood and Belcamp and along Route 24 connecting Edgewood and Abingdon. Improved cycling infrastructure in these corridors would help make commuting safer and more accessible for cyclists.	9/8/2026 9:43 AM
6	Lack of jobs and housing- racism in elected officials and no forward thinking or vision.	9/7/2026 1:47 PM
7	Over building/population	9/6/2026 9:31 PM
8	From my perspective,too much building without sufficient support services. Also, more paved areas yields more runoff, more heat, more costly repairs and poorer air qualty.	9/6/2026 1:38 PM
9	Allowing improper and unrestricted growth (too many apartments)	9/6/2026 1:19 PM
10	Cost	9/6/2026 11:55 AM
11	Safety access to help with medical & disability assistance	9/6/2026 11:42 AM
12	Limit residential and commercial growth. No data centers, preserve parks and grasslands	9/6/2026 11:18 AM
13	Transit service during weekends	9/6/2026 10:24 AM
14	Housing cost	9/6/2026 10:02 AM
15	Employment Opportunities Local Business Housing Bicycle/Pedestrian Facilities	9/6/2026 9:14 AM
16	Overpopulation, Crowded Stores, Too Much Traffic Unruly WHITE teenagers and mid-schoolers roaming stores in groups, throwing merchandise, riding bikes in busy parking lots, and being disrespectful. Harford County needs to find some productive things for them to do when school is not in session.	9/5/2026 2:46 PM
17	The Sheriff. He is more interested in being a politician than a police officer. The amount of violent crime is on the rise due to it.	9/5/2026 1:53 PM
18	Data centers, turning farms/woods into warehouses, big box stores, and housing developments	9/5/2026 11:45 AM
19	Only one hospital!	9/4/2026 4:11 PM

20	Improving schools Insuring that safety issues are addressed Providing more support for those living in poverty	9/4/2026 4:07 PM
21	Growth, traffic density, expenses vs revenue	9/4/2026 3:21 PM
22	Urban creep	9/4/2026 2:23 PM
23	Controlling development, keeping it in the PFA/Development Envelope & not expanding the PFA/Development Envelope. Pushing back on State mandates in order to maintain local control of zoning & siting of development. State shifting revenue away from County & costs to the County.	9/4/2026 1:30 PM
24	Traffic from new developments and apartments, crowding in Public schools.	9/4/2026 12:40 PM
25	Lack of affordable housing and school decline	9/4/2026 11:30 AM
26	Overdevelopment of houses and loss of green space	9/4/2026 10:58 AM
27	Racism, land development with little thought for the future, school quality consistently declining	9/4/2026 10:27 AM
28	The housing prices are too high in general. We need affordable houses that are 3 bed, 2 bath. Too many houses are huge and it's difficult for younger couples to afford to live here.	9/4/2026 9:10 AM
29	Over building of apartments. You’re going to turn us into a little Towson or Baltimore.	9/4/2026 7:22 AM
30	Congestion, traffic, new development overwhelming the school system	9/3/2026 9:14 PM
31	Housing that is affordable to our young professionals and families, as well as an outdated zoning code	9/3/2026 8:46 PM
32	traffic	9/3/2026 7:47 PM
33	Public schools lacking, too much traffic	9/3/2026 7:29 PM
34	The county never fully funds what the school system and safety departments ask for (police, fire etc) harford keeps building which brings more families, more low income families and more crime but yet DO NOT out supports in place to compensate for the building and Community needs	9/3/2026 6:43 PM
35	High taxes, not fully funding schools instead of the bare minimum, housing being built too much causing overcrowding, traffic	9/3/2026 6:29 PM
36	Absolutely. I’d make the education point more direct and connect it to the consequences for students without overstating causation: **Lack of education funding is already having a direct impact on our students.** Class sizes are increasing while resources and support are being reduced. Budgets across the board have been slashed to make up for the deficit, and those cuts are being felt in our classrooms every day. This directly affects student performance and growth. An elementary classroom with **28–32 students is not conducive to effective learning**, regardless of how strong the teacher is. Teachers cannot provide the same level of individualized instruction, intervention, feedback, and support to 30 students that they can provide to a smaller class. Our teachers are being asked to do more with fewer resources while our students are being asked to learn in environments that make individualized attention increasingly difficult. **If we want our students to succeed, we have to fund the schools and resources necessary for them to succeed.** Cutting education funding and then expecting teachers and students to simply absorb the consequences is not a sustainable solution.	9/3/2026 4:01 PM
37	over development of Joppatowne, unfair treatment to communities funding/building/schools, roads, would love a costco in county!	9/3/2026 3:42 PM

38	Affordable housing and jobs that pay well	9/3/2026 3:41 PM
39	Affordability as it is everywhere. Staying out of partisan politics.	9/3/2026 3:35 PM
40	Too much development, overcrowding, lack of support for education, lack of infrastructure.	9/3/2026 3:34 PM
41	Too much new housing. Our infrastructures, emergency services, and schools cannot continue to support the growth. Monetary investments in these areas are a MUST if the housing growth continues. A very real concern of decreased safety and increased crime could arise, if we do not have the support for the population that lives in the county.	9/3/2026 3:18 PM
42	traffic! Especially along 924 and 24. It is insane to keep adding more drive-up businesses along these routes. They are already overwhelmed at certain times of the day.	9/3/2026 3:07 PM
43	Lack of affordable housing, supporting the needs of some communities in the county	9/3/2026 2:39 PM
44	Lack of infrastructure and availability of services such as county wide high speed internet, continued housing overdevelopment overtaxing existing infrastructure, lack of public transportation, partisan politics within the county executive's office and sheriff's department wasting millions of taxpayer dollars each year, lack of commitment to fund schools to ensure student success and high quality teacher retention. Less available medical resources and quality providers, especially for pediatric patients. Racism, homophobia and transphobia present throughout the county government and sheriff's office. Lack of accountability from the sheriff's office and detention center.	9/3/2026 2:37 PM
45	Using tax dollars wisely. Education funding keeps dropping (in real world financial terms, not actual dollar amounts). Pedestrian and bike transportation needs to be more of a priority. Agricultural land has gotten way too much attention compared to other county needs.	9/3/2026 2:36 PM
46	Traffice, cost of living, education costs, Harford County losing its "country charm", with over development.	9/3/2026 2:32 PM
47	Apartments at reasonable prices for seniors and disabled.	9/3/2026 2:30 PM
48	Illegal Drug use Homelessness and housing instability Youth mental health services Teacher shortage Over development (housing especially) Over crowded schools Traffic	9/3/2026 2:26 PM
49	price of housing, traffic congestion in Bel Air and main roads throughout Harford County, increasing crime, poor shopping selections for clothing.	9/3/2026 2:15 PM
50	funding for education-if we don't fund our schools, Harford County will suffer	9/3/2026 2:11 PM
51	Affordable housing - people that grew up here can't afford to buy a home even with graduate degrees and six figure incomes	9/3/2026 1:39 PM
52	Over building of apartments. Affordable housing. Land should not be that expensive.	9/3/2026 1:37 PM
53	Traffic, growth, some schools better than others. Big box stores wanting to come in and other big businesses wanting land.	9/3/2026 12:06 PM
54	affordable housing, children recreation activities, affordable childcare, lack of bicycle lanes and sidewalks, children's mental health and bullying in schools	9/3/2026 11:42 AM
55	Public transportation and bike and pedestrian infrastructure. We have green space, but we "need" cars to access it and it's too spread out. We need dedicated - paved - bike and pedestrian infrastructure to promote health, community, and safety. We also need to "bury the power lines," and invest in water and electrical infrastructure.	9/3/2026 8:59 AM
56	It was a shame that the Harford mall was shut down. I suggest an alternative be explored. Need a new theater.	9/3/2026 8:28 AM

57	Too Much Development; Loss of Rural Areas/Farm Land; Traffic Congestion on MD Rt 24 & 924; U.S. Route 1 & 40; and I-95; Limited Affordable Housing; and Increasing Crime	9/2/2026 9:10 PM
58	Congestion	9/2/2026 6:09 PM
59	overbuilding, over-crowding on roads, loss of rural character, crime (future)	9/2/2026 6:07 PM
60	Urban sprawl, unfriendly community, lack of free/inexpensive public transportation options, lack of quality shopping options, lack of good quality restaurants	9/2/2026 3:49 PM

66	Manage growth of population and business. Providing services responsibly with prudent taxing.	9/2/2026 1:33 PM
67	Harford County's biggest fault is that it lies in Maryland... Electric fees are out of control and everyone wants to live in Harford, making it become congested (traffic) and attracting criminals.	9/2/2026 1:11 PM
68	Confining growth to the development areas and a road system that is able to handle the increased traffic.	9/2/2026 11:03 AM
69	rapid expansion and traffic congestion	9/2/2026 10:40 AM
70	development of housing without affordability for emerging professions that have been residents of Harford county for their whole lives, roadway infrastructure does not support this influx of population	9/2/2026 10:27 AM
71	Population density. Will change the quality of life from a town vs city. Increase in noise, pollution, and ability to get to destinations.	9/2/2026 9:03 AM
72	Emergency services cannot support the growing population, full landfill and infrastructure (water and sewer aging)	9/2/2026 9:03 AM

77	over development of housing	9/2/2026 12:41 AM
78	Traffic, infrastructure upgrades and taxes	9/1/2026 11:51 PM
79	Public transportation, preserving agricultural areas, lack of career options, cost of living increasing	9/1/2026 10:12 PM
80	Public Transportation/Car, dependency, biking saftey/lanes. Housing affordability, Public Reasources.	9/1/2026 9:57 PM

81	Small farms unable to survive sold for large housing developments	9/1/2026 9:54 PM
82	Investing in the public schools Preserving the rural feeling of parts of the county	9/1/2026 9:16 PM
83	School systems are the biggest. The reason I might decide to move out of harford county is because the school systems are not in the top of the state and this is directly correlated to funding and culture. I understand taxes will always be a complaint, but increasing taxes to be able to fund public services like education, walkable areas, and parks and recreation would make me be more willing to stay in the county even if I would need to commute out of the county.	9/1/2026 9:08 PM
84	Data centers that would stress our water table and increase cost of electricity	9/1/2026 9:06 PM
85	Lack of trades education	9/1/2026 8:14 PM
86	Lack of public transportation	9/1/2026 8:07 PM
87	Traffic and over building	9/1/2026 7:43 PM
88	Under funding of schools. Unreliable county executive	9/1/2026 7:14 PM
89	WAY too much building, loss of agricultural land. It’s starting to feel just like Towson. Also, crime is going up	9/1/2026 7:10 PM
90	Over development - If it gets more developed, I think I would like to move to Carroll County	9/1/2026 6:49 PM
91	Senior Housing Traffic Cost of water Need more senior center activities- Great senior centers but folks from Balto Cty come up bc they are so good and we don’t get into classes.	9/1/2026 6:39 PM
92	Costs of electricity, water, property taxes, trash collection, traffic	9/1/2026 6:35 PM
93	Over development, poor roads, courts to easy on those convicted of crimes, schools overcrowded, not enough hospitals.	9/1/2026 6:27 PM
94	EDUCATION!!! Old schools, not enough staff (faculty and support) to meet student needs in lower income neighborhoods Also, racism, prejudice and race/ethnicity segregation of neighborhoods and schools. Also, balancing of new business development to infrastructure needed to accommodate.	9/1/2026 6:21 PM
95	minimize population growth	9/1/2026 6:14 PM
96	Crime and overpopulation	9/1/2026 5:57 PM
97	I think one ofthe most pressing challenges are controlled growth. For example; the possibility that a Costco might be built near the festival is very worrisome. I realize that the land needs to be developed but the magnitude of the project is inappropriate and will negatively impact the citizens who live in the area, the commuters who use 924 and 24 to get to and from work, and the businesses in the festival itself.	9/1/2026 5:38 PM
98	Economic Growth with an eye to esthetics as well as needs. We don't need uncontrolled growth such York Rd north of Towson. Sadly Rt. 1 approaching Bel Air is an example of what we don't need or want.	9/1/2026 5:20 PM
99	unchecked growth in some areas	9/1/2026 5:20 PM
100	Too much growth too fast, the infrastructure cannot keep up. Traffic is already worse than it was 10 years ago when I moved up here.	9/1/2026 5:17 PM
101	Deforestation Employment Racist community Bel Air Middle School HCC tuition	9/1/2026 4:56 PM

102	Destroying fertile, productive land needed by farmers to produce crops to feed the world! World.	9/1/2026 4:51 PM
103	We've got to have a dialogue on determining our values, and the possibilities of what we can look like in 10, 20, 50 years. Otherwise we won't know what we can or should drive towards. It should be a unified series of townhalls, meetings of representatives with civic and religious and informal groups (such as in diners and parks), and online presentations and interactions. So we can talk about and discover who we are, and what we need and want to be. How about we begin with Maslow's Hierarchy of Needs?	9/1/2026 4:13 PM

116	There has been way too much development, especially of multi-family units (apartments). They are being built in places where there is not the structure to support them, nor the schools. Harford County, especially the northern part of the county such as Bel Air, Forest Hill, Fallston, Hickory and beyond are *not* prime targets for apartments to be built. Fountain Green Rd. at the Rt. 1 Bypass is a prime example of this poorly conceived kind of construction. The Harford Mall apartments are also a terrible idea. If something had to be built there, better a medical facility which is actually needed instead of more apartments which don't fit the character of this county.	9/1/2026 1:20 PM

135	One of the most pressing challenges facing Harford County is the lack of accessible, appropriately equipped arts and performance venues. As the county continues to grow, its cultural infrastructure has not kept pace with the needs of local arts organizations, schools, performers, and audiences. Limited access to affordable performance spaces restricts opportunities for local organizations to present high-quality programming, expand audiences, and provide meaningful arts experiences for residents. Looking ahead, Harford County needs greater investment in dedicated arts and cultural spaces that can support performances, education, community events, and collaboration. Without this infrastructure, local arts organizations may struggle to grow, young artists will have fewer opportunities to perform close to home, and residents will continue to travel outside the county to access cultural experiences that could instead strengthen Harford County's own economy and sense of community.	9/1/2026 11:34 AM

192	The community is not welcoming to all, only to those who fit the perception of who "belongs" in Harford County. We have a huge perception issue. My husband and his family are HarCo natives. We moved our family up here as a result. When we were planning our move up here from Baltimore County, we received the same feedback from our neighbors, church friends, kids' school friends, work colleagues, etc.-- "Why would you want to move up there? They're a mess up there." The people cited different things about which HarCo is "a mess," but the message is the same. This place is not a place people should want to live, work, and/or play. They named the fact that our schools are under-resourced, that they are constantly in the news for needing to cut positions, that the buildings are in disrepair and are unsafe. They talked about bad experiences they have had with people being hostile to folks who look differently from them. The few who knew of others or themselves looked at HarCo as a potential home said housing is unaffordable and how there isn't a pipeline for eldercare support as they or their parents age. They talked about how Harford County is always in the news for some drama. How Harford County perceives itself to be this great place but that under the patina of idyllic towns and shopping centers lies a rotten core. Since moving here six years ago, we have found these things to be true. Our school buildings are old and unsafe and our schools are targets of ridiculous attacks and absurd levels of underfunding just for the sake of underfunding and destabilizing public education, while the people who are educating our children are working their fingers to the bone trying to stretch precious resources to support our youth. The community hosts events but the people are unfriendly and unwelcoming when you show up (other than at Mountain Christian Church. God bless that community-- we finally found our "village"). It is becoming more and more expensive to live here, yet the services we receive are negligible. And the social media groups we joined to learn more about our community have been overrun by the most awful, hate-mongering, fear-spreading propagandists who have made us truly wonder if this is a place we can continue to call home.	8/28/2026 10:02 AM

202	Affordable housing crisis. Affordable housing is not pertaining to home ownership either. Instead, it refers to the affordability of the local fair market rents that are listed throughout the county. How can the cost of rentals go up each year while the cost of goods and services also increase without income increases. Harford County focuses on tourism dollars but let me ask this question. Where does the local government expect those who work in the tourism, lodging, service and hospitality industries supposed to live? People in these industries routinely cannot afford to live in Harford County. There is a growing homelessness problem in Harford County that exists all over the county and not just on the Route 40 corridor that most like to think. There needs to be more public feedback sessions, open firms to discuss these topics and perhaps workgroups to help analyze the gaps in services that also exists. The local government needs to be more involved to help solve these problems. More importantly, speak tot he providers who service this population to get a better feel of the trends that go on in the county. Also, there needs to be more preventive resource to prevent families to enter into homelessness. Same grants with the same amounts with the same policies perpetuating homelessness.	8/27/2026 2:47 PM

213	One of Harford County’s most pressing challenges is balancing growth with preservation of its rural character and natural resources. 275	Over development. Water treatment facilities expenditures driving need for growth.	8/20/2026 12:00 PM
276	Overcrowding; infrastructure is not supporting the growth. Many, including my family & Friends are livid about all the apt complexes going up. It’s changing our community and inviting crime, safety issues. Illegals contribute to deep community issues & culture. Lack of police when needed. STOP housing developments. We don’t want Balto County issues coming into Harford County bringing issues.	8/20/2026 11:32 AM

280	Definitely energy costs. Even though this is a statewide issue, energy used to be more affordable here, and I feel like that should be a concern for local leaders. The redevelopment of Harford Mall should also be a big priority.	8/20/2026 11:03 AM

281	Development of data centers-they need to be stopped in the county; solar farms need to be limited-the development of the solar farm on rt 136 is disgusting; additional housing-schools?, school renovations are desperately needed; fire department-more equipment needed for new apartment structures being developed in the county; sherriff department-additional coverage across the county needed for safety; keeping the agricultural land, parks, and open spaces for the community.	8/20/2026 8:48 AM

309	Increased traffic. Not enough parking	8/19/2026 10:21 AM
310	Sports and recreational needs. Specifically, from a personal perspective, freshwater fishing in the county is very, very poor, but could be much better. Existing public lakes, ponds, etc. need better maintenance, dredging, etc... they've become completely unfishable (Friends Park, pond on 155 in Churchville, etc.).	8/19/2026 10:04 AM

313	If the continued acceptance of just developing anywhere one can, the appeal of living here will degrade to "just another neighborhood like Baltimore City". Crowded, infrastructure challenges, and an overall less safe environment for living.	8/19/2026 9:10 AM
314	Transportation system needs significant investment not just for cars but for pedestrians and bicycles. 329	The ability to ride bike to shops or do things is not safe. Public transportation is not good. That rides and developments are not connected. The county doesn't have enough structure to handle the number of people who live here.	8/18/2026 3:07 PM
330	Over development with no checks and balances. The infrastructure does not meet the growth in housing and business development. The county just approves without considering the effect on infrastructure. Also the development has impacted the school system which is extremely underfunded. Maybe look at decreasing the funding on the county police department. Or increase the taxes on developers.	8/18/2026 2:53 PM

338	Housing growth and expansion seem to anger the population especially from low income housing perspective. All of the businesses closing, mall closure, restaurants closing, makes finding options in the county very difficult.	8/18/2026 1:11 PM
339	How to sustain growth while preserving our natural resources and historical sites that keep people coming to the county. Also, growing while preserving that "small town" feel in our downtown areas.	8/18/2026 12:49 PM
340	Lack of funding for schools, government departments, etc. Salaries are not competitive with other counties. Promoting what is going on in Harford County as a whole. Not recognizing open spaces and parks as tourism. Overcrowded schools. Lack of cohesiveness with our county leaders.	8/18/2026 12:31 PM
341	Too much development of large buildings and houses	8/18/2026 12:20 PM
342	The overcrowding of our schools is a big concern, and the seeming lack of oversight over continued building. regarding bringing business (especially any that require Health Dept approval), its very VERY difficult, and extremely expensive. 351	Harford County is losing its rural charm. It’s expensive to live here now due to people that we provide services for that should not be here. I see plenty of mentally ill people homeless (our people) that we should have a place for, and people that are here illegally that are given a home, food, clothes and an education. It makes no sense. I do not blame it on them. So many are nice people . Our government said come on in. There are consequences though. Our taxes especially real estate taxes for people that are facing retirement. AI is going to take jobs. We are in for hard times. No sugar coating it.	8/18/2026 9:02 AM

384	There's a lot of resistance to new development and increased density but there aren't enough affordable places for native Harford Countians to live (particularly for Millennials and Gen Z that grew up here). They instead move to Baltimore City, Baltimore County, Cecil County, and York County, PA. Density should be encouraged in and around the municipalities; however, creative ways can be used to create more density in rural areas (ADUs, singular 2-3 story apartment buildings). The transportation network is focused on cars at the detriment of people who are unable to drive, such as children, teens, disabled people. We need more safe bike facilities and sidewalks everywhere across the county.	8/17/2026 11:14 AM
385	Too many homes are being built .	8/17/2026 11:05 AM
386	Redevelopment - as we continue to allow more development, the traffic is becoming worse. Where I believe the mall revitalization will be great for the area, the traffic is already congested. It will only worsen the situation. Also, I wish the area was more walkable to Town from the East MacPhail side by MD Golf & Country. 592	Racism. Deprioritizing education. Appeasing older, white people at the expense of young families and people of color. The low taxes are not a plus if our public school is embarrassingly behind other counties. I work in HCPS and it is appalling what we are expected to do with what we have is pathetic.	8/12/2026 7:03 PM
593	Schools are underfunded for a growing community. Roads cannot safely carrying the load of the increase in housing.	8/12/2026 6:27 PM

594	Housing, there is a huge affordability problem in Harford County. Houses that can be purchased in PA for 200-300,000 dollars are upwards of 500,000 to 600,000 here. Additionally, the tax rates and other expenses are higher due to local and state taxes and fees. The housing availability is also lower, as more people grow of age to rent or own a home, there is a lack of apartments, homes (single family, town home, or condo) available at a price that is affordable. Apartments are through the roof, as are houses, with no county assistance for residents (especially those who are volunteers with emergency services) to buy a home in the community or county in which we were raised. The schools are amazing, but due to a lack of long term planning and financial investment, many are run down, over capacity, and there is a struggle to build new schools, as well as to renovate current schools to be higher capacity, more modern, meet modern needs, and provide services for all students.	8/12/2026 6:24 PM

617	School capacity - solution is not to redistrict lines. People bought houses based on the area they were zoned for. Need to look within districts that share MS/HS (ie reorganize elementary schools for HdG/Darlington) to keep numbers at ok level but not redistrict to other middle/high We also need a Trader Joe's! And a Costco but not in Bel air (Aberdeen, plenty of warehouse space and off of 3 major roadways, 22, 40, and 95) and perfectly in the middle of the next two closest locations (White March and Delaware) Having Bel Air as the only hub for bigger shopping stores - opportunity for Aberdeen to serve as that too with the warehouse zoned spaces and ease of access off of major roadways	8/12/2026 2:55 PM

626	If there's an open space, small space, or a farm, developers build. Unfortunately, it is in the back of every Harford county resident that our local government may be getting kickbacks from builders. We want the town to maintain it's aesthetics. It seems that violent crime is seeping into Harford county that is a major concern.	8/12/2026 12:24 PM
627	County officials getting along Sheriff needs to realize the county executive is not an enemy	8/12/2026 12:07 PM
628	Healthcare - Have to travel to Baltimore, Philadelphia or Delaware for specialist care, Upper Chesapeake has fallen short too many times - there are good nurses there and some good (contracted) Dr's but need many more good Drs.. Thwarting the crime that is moving from Baltimore City to Baltimore County and then to Harford County. Ensuring education is focused on the basics and skills to make ones way through life, tracking students to the best way to succeed - College or trades. The homelessness population may be small as compared to Cities but there needs to be better programs and solutions.	8/12/2026 12:07 PM
629	Expansion in the 16+ years that I have been here is awful. Traffic is a nightmare Schools used to be top in MD but have been overrun by political agendas and lack of sufficient funding levels (it was what drew us to Bel Air for relocation in 2009)	8/12/2026 11:58 AM

687	Some of the most pressing challenges facing Harford County are the lack of diverse employment opportunities for experienced professionals, limited public transportation, and insufficient retail, dining, entertainment, and cultural options. Many residents have to commute outside of the County to find professional careers with competitive salaries or to enjoy amenities such as quality shopping, fine dining, brunch, live entertainment, theaters, and family entertainment venues. Harford County also lacks a major shopping and entertainment destination, such as a mall or modern mixed-use town center. As the County continues to grow, I believe it is important to focus not only on housing development, but also on attracting professional employers, improving public transportation, and creating places where residents can work, shop, dine, socialize, and enjoy entertainment without having to leave Harford County.	8/9/2026 10:39 PM

797	The declining education system. I am a public school teacher. I've taught for more than 20 years in this county. The perpetual underfunding of education has led to a decline in the teaching talent within the public schools. The teacher in the classroom is THE MOST important element to a child's education. Over the past few years HC has not been able to hire the talented high quality taught after teachers because they go to the counties where they can make 10-25k a year more. Such a shame and a loss for the county. I am speaking from my observations and experiences. I have consistently prepared students who scored in the 80% proficient range most of my career. 842	Rapid over-development with no focus on infrastructure.	8/7/2026 9:13 PM
843	Overpopulation/Overdevelopment. Sacrificing forest and farm for huge neighborhoods, condos and shopping centers must stop. It is killing the charm, safety, ease of travel that this county once had. My family moved here from a more urban area	8/7/2026 9:11 PM

	and are now planning to move elsewhere within the next 2 years bc Harford County is adding too many houses/congestion and very few options for quality dining and mature recreation. Too much lower quality development /shopping centers and not enough higher quality establishments. This county has so much natural and historic beauty and it is being destroyed by overdevelopment with new construction instead of preserving the existing character.	
844	Bad politics. Not enough social justice. Need new leadership ans sheriff. Way too expensive. Not enough help. Need more community and support for youth.	8/7/2026 9:05 PM

849	Traffic	8/7/2026 8:43 PM
850	Development causing the need for more water, power, and other resources that is also destroying the rural culture of the County. Schools are overcrowded. Make the developers pay for the schools, road repairs, and other infrastructure needs. Example, why would you approve to build a whole community right across from South Hampton Middle school when you know the traffic is already horrible by the school. Obviously the politicians and engineers in this county are unable to think logically.	8/7/2026 8:42 PM
851	Too much traffic, over building, crime, infrastructure, ruining views with solar farms, wildlife losing homes rapidly, losing the rural feel, loss of trees, pollution of land and waterways	8/7/2026 8:39 PM

859	Over development and section 8 housing which brings crime into the area.	8/7/2026 8:17 PM
860	We need to slow down building and continue preserving our rural areas and charm. We are adequately taxed and perhaps we need to be audited to see where funds are going vs building more apartments and townhomes. We need representation that serves the public.	8/7/2026 8:17 PM

878	Poor protection of communities by allowing encroaching business and through traffic, section 8 housing, infrastructure not keeping up with development	8/7/2026 6:52 PM
879	Overdevelopment, declining open areas, crime increase, overcrowded schools, high traffic, too many businesses, apartment complexes & homes, increased pollution. All putting a severe strain on our infrastructure & way of life. Such a waste.	8/7/2026 6:50 PM

899	Infrastructure enhancements, specifically related to walkability, take far too long to complete. Not enough schools for all these people, not enough quality hospital space, the roads are too crowded!!! It's sad every time I look up, farm land is being sold and apartments or condos are being built. It's starting to look like Columbia.	8/7/2026 4:02 PM

928	Not expanding the development envelope and to LEAVE agricultural lands alone. Help young people who want to farm, get the ability and help to farm.	8/7/2026 1:07 PM
929	Financial instability, poor planning with business operations. What is going on with planning where and what businesses are being placed etc	8/7/2026 1:04 PM
930	Only one hospital and it was too small when they built it! Traffic and now more growth (ie: Harford Mall) than the power grid, cell towers and water shed can handle as well as the hospital, schools and grocery stores. More growth means more potential crime.	8/7/2026 12:52 PM

931	It’s getting too crowded. I moved to Harford County in 2008 because it had a nice country feel to it. The rapid growth has changed that. Low income housing is going to hurt the public school system (long-term).	8/7/2026 12:51 PM
932	Traffic, need for expended hospital.	8/7/2026 12:48 PM
933	School quality - they need proper funding, staffing, and attention. Hospitals - need more beds. Affordable housing, not “starting at 800k” developments or luxury apartments. Adult children are priced out of the towns they grew up in, they can’t afford kids. The schools are ranking lower and lower which will bring down home values, but will create a generation who is behind academically and economically.	8/7/2026 12:41 PM

937	Infrastructure is not being improved at the same rate as development.	8/7/2026 12:21 PM
938	Traffic due to over population. 152 needs to be expanded! Rise in crime due to new apartment complexes and the eventual addition of section 8 housing. We don't need more people! And we should be preserving the land that is left. We should NOT BE CONVERTING ANYTHING WE CAN FIND INTO HOUSING OR APARTMENTS.	8/7/2026 12:18 PM

943	Over development, road maintenance, walkability, schools	8/7/2026 11:38 AM
944	Too much growth by developers. Too many people coming in from Baltimore City and County. Increasing crime. Increasing traffic. Over crowded schools.	8/7/2026 11:28 AM
945	Over development E-bikes and lack of responsibility/ accountability for behaviors	8/7/2026 11:18 AM
946	The ongoing pressure to develop areas both for housing and industry/Commercial warehousing. Lack of dedicated and areas for teens to hang out. Lack of updates to community facilities - The Jarrettsville Library has been closed nearly all summer due to lack of working AC, and v few community programs run there - kids can't get books over the summer without travelling to Fallston - this should be a community hub! with lots of baby and toddler activites, a book club for teens & adults, gaming and computer access for teens, craft activites for all ages etc	8/7/2026 11:12 AM
947	Over development and getting to be over crowded. We do not want to become a big town.	8/7/2026 11:11 AM
948	Too many cars, and not enough roads. We need better accommodations for public transportation, bikes, and pedestrians. We need more parks that have walking paths, not just soccer fields.	8/7/2026 11:11 AM
949	The infrastructure isn't keeping pace with the increase in Harford County residents needing to use such infrastructure. Traffic is very much congested now. Multi-family housing needs to be limited to preserve Harford County's charm.	8/7/2026 10:49 AM
950	Planning for growth. A lot of people complain about adding more people to the community, but often what they are really	8/7/2026 10:14 AM

	complaining about is not properly planning for that growth (e.g., the roads can't handle the traffic, the schools have a large influx of kids, etc.). I worry that some of the development will be viewed negatively simply because the infrastructure to support the growth wasn't in place. Education. The fight between HCPS and the county executive over the budget this year and last year was really disheartening. Obviously, we want thoughtful spending, but also an investment in education has a huge ROI. Finding politicians willing to work with each other respectfully. I've lost track of all the different arguments between the the county executive's office and the county council, the sheriff's office, etc.	
951	Maintaining conservative government.	8/7/2026 10:09 AM

954	Grocery cost Gas cost	8/7/2026 9:56 AM
955	Population growth impact on quality of life. Infrastructure isn't keeping up. Schools, roads,and utilities seem to be lagging the population growth. Also, loss of agricultural land to development changes the character of the town.	8/7/2026 9:53 AM
956	Over development	8/7/2026 9:24 AM
957	Rising crime. Influx of lower income, too many apartments means too many people and too much traffic	8/7/2026 9:18 AM
958	Over development that does not take into account the added costs of traffic, schools, police and fire services. I see apartment building everywhere. The other main problem is the increasing congestion on the roads, especially Rt 22 and 155.	8/7/2026 8:47 AM
959	Too much growth. Traffic is becoming a problem. Especially in the Bel Air area.	8/7/2026 8:32 AM
960	AI solar battery warehouses no doctors terrible hospital too small for number of people horrible road accidents . lack of police	8/7/2026 8:22 AM
961	Too much low income housing. Traffic.	8/7/2026 7:03 AM
962	Run by republicans who follow a felon and con man. White supremacists. Bleeding people dry with all the raising costs but not income. No planning or upkeep of our infrastructure, jamming more people in new homes, roads, schools, hospitals. Green space and environment not a priority.	8/7/2026 4:56 AM
963	No outlets for middle school and high school kids. There isnt a community center that is open to the public. Need more pools that arent private and expensive. A skating rink would be nice. We need better public transportation and more public meeting spaces.	8/6/2026 10:58 PM
964	Traffic, reducing crime, preserving our character, not expanding the development envelope, fully funding our schools.	8/6/2026 10:46 PM
965	too much subsidized housing	8/6/2026 10:45 PM
966	Over development, water scarcity, understaffed schools, loss of rural character, data centers, solar panel fields, mismanagement at the state level of government.	8/6/2026 10:07 PM
967	Cost of living	8/6/2026 9:44 PM
968	Too much growth and affordability	8/6/2026 9:43 PM
969	Illegal immigration. Crime from local states or Balt city. Or even shadier parts of the county. Homelessness. Rising home prices, prevent local family from upgrading from town homes to single families because the costs of everything has risen.	8/6/2026 8:27 PM

	Even high earning families are trying to make more prudent spending decisions.

976	development! Stop it! Pretty soon we will look like White Marsh and have the crime rates of Baltimore City. Keep Harford Rural or be prepared for the OG's to move away	8/6/2026 3:24 PM
977	Losing all the farmland to development, overcrowding, insurgents of crime coming from Baltimore City and Baltimore county as new people move in.	8/6/2026 2:52 PM

982	Restricting further development	8/6/2026 11:46 AM
983	Picking and choosing certain businesses that align with what politicians want and not what are in the best interest of what the people of the county wants. For example not bringing legislation up for cannabis to allow more dispensaries in the county. You are not making it convenient for the local communities and they have to travel further just to access a dispensary	8/6/2026 11:38 AM
984	Potential power grid Taxes Increase in traffic and housing projects	8/6/2026 11:20 AM

986	Keeping it the GREAT place I have enjoyed for the last 33 years!	8/6/2026 10:39 AM
987	Expansion beyond infrastructure; inequities in education (need more tech school seats, and summer educational options).	8/6/2026 9:28 AM
988	Harford county needs to expand public mass transit, including buses and trains that service across a wider area, if these transportation methods were more accessible it would cut down on road congestion. Harford county needs to focus on preserving its parkland and green space and expanding it. It should be rewilding and restoring unused commercial space, and shrinking the Development Envelop. New developments need to be disallowed as it’s eating up green areas and inviting more people where there are no jobs besides APG and Warehouses to support them.	8/6/2026 9:17 AM
989	sprawling growth	8/6/2026 9:09 AM
990	Traffic, too much housing development, lack of competent medical facilities including hospitals. Upper Chesapeake facility inadequate. Lack of shopping for items other than groceries such as Christiana or white marsh.	8/6/2026 8:45 AM

991	Adequate funding for county responsibilities (schools, fire, sheriff) with the increase in costs due to the economy.	8/6/2026 8:41 AM
992	Maintaining the historic charm and small town feel of the towns. It will be a travesty for bel air to continue on the path it's on quickly turning into another Towson or Newark, DE with the loss of small town feel and looking more like cities with 4+ story modern style buildings & high density housing towering over the streets. Many towns successfully preserve history charm and thrive - look at havre de grace, Lewes, DE or so many thriving small towns in PA. Similarly, stopping the influence of developers / development of high density housing in rural areas, including places like Hickory with the horribly misplaced Taco Towers or mixed use near kohls in Forest hill. High density housing at the former mall is also a mistake, like at the former Hunt Valley mall and former Owings Mills malls. Traffic congestion and loss of small town feel in and around Bel Air will soon stop us from trying to go in / around town. The route 40 corridor is much better suited for density growth. Stopping data centers is also key. Also need to commit to not allow flock cameras or similar technology. Finally, schools (our student graduated in 2018 - went to school at Prospect Mill and then North Harford elementary & middle): overcrowding & large class size was a big issue, as was "new math" and removing grammar from the curriculum and relatively low emphasis on reading and writing. Never was in our purview to consider private school, but at our son's request & with our full support chose a private high school school in Cecil County with an outstanding curriculum. Our student was a top student in public school and still had a lot of catching up to do entering private school in 9th grade. Would be amazing to have access to a high quality public education (like I feel we had in the 70s / 80s). Shouldn't need to commit to an hour commute each way to get a quality education.	8/6/2026 8:27 AM

998	stop building/overdeveloping open or low density space. I think we have enough mostly empty warehouses. A Costco between 924 and 24 is a travesty. Do any of you guys actually drive there because you sure don't live in that traffic tangle or it'd be a no go.	8/6/2026 6:06 AM
999	TOO much development	8/6/2026 5:35 AM
1000	Over crowding. Traffic congestion due to the same. Too much new construction and corporate business instead of local business. Lack of support for life long residents and farming community	8/6/2026 2:27 AM
1001	As a lifelong resident, I feel the government is allowing too many housing projects, too many of the same businesses within close proximity to each other (hence chicken restaurants back to back on Route 1, etc. Services like health care is a pressing matter because there are too many people here now to accommodate the demand. This is really a major problem! Too many people without the services to keep pace. There are too many businesses that are repeat businesses of the same categories overlapping our county. Especially in Bel Air. I remember when Bel Air had one stop light. I realize progress does happen. But there seems to be no real thought about what businesses open here. I do not want it to turn into Towson or a drunk bar zone like Federal Hill or Fells Point in Baltimore. Bel Air and Harford County is a special place that is why have I have stayed here, in my childhood home. I must admit there are times when I drive thru Bel Air and do not recognize my hometown. Havre De Grace does a better job of preserving its past. Please protect Bel Air, the HEART of Harford:)	8/6/2026 1:17 AM

1008	Over Development!! Stop building more houses and apartments, until you fix the infrastructure. Forest Hill used to be a great area, but now everything is being overdeveloped with more apartments and housing and traffic is becoming horrible. It's one reason I would consider moving. The second issue is not enough hospitals. One emergency room for all of Harford County is insane. I've had to take my mom a few times and the wait ends up being greater than 12 hours. The county needs an additional hospital/emergency facility.	8/5/2026 10:17 PM

1052	Harford County is, unfortunately, stuck behind the times, and it's starting to show. In areas we used to be excellent (education, historic preservation, agricultural preservation, willingness to work across difference), we've been lacking. People are not willing to come together to support each other, and infighting in our government and school board is appalling. Our schools are falling further and further behind. I had an excellent education at HCPS; I cannot say the same for my child. The curriculum is outdated, the buildings are falling apart, and class sizes are atrocious (over 30 children in an elementary school for the last three years). We need to figure out how to properly fund our schools so the kids we graduate can then become productive members of society who want to stay in Harford County. Also, the infighting within government is childish at best and is making us a laughingstock in the state. Let's do better and try to actually meet needs. Another huge issue is food and housing insecurity. My church has a small food pantry; it is emptied multiple times a week. Harford Community Action Agency has a long waiting list and no resources. Housing is unaffordable; as a two-income household, my husband and I never would've been able to afford our house if we hadn't bought it ten years ago. We are not supporting our most vulnerable members of the community.	8/5/2026 2:39 PM

1082	We need bike lanes. We need places for people to safely ride their bikes (especially e-bikes) from Bel Air neighborhoods to down town. The Ma & Pa trails are great, but for kids to ride there, they need to be driven there by an adult, who then must have a car that can transport the bike. Kids and adults are riding bikes to and from local businesses (Wawa, Dairy Queen, etc) on MAJOR Roads (543, rt. 1, 22). We have so much traffic and kids on bikes, accidents are happening...it would open up a lot of opportunities for kids and families that are interested in riding bikes/scooters instead of driving cars. 1147	Escalating housing and business development with inadequate infrastructure. Our once vibrant rural community is becoming increasingly overcrowded.	8/2/2026 7:44 PM
1148	Overall, poor development choices are the biggest challenge. We keep getting more grocery stores and basic retail instead of the kinds of places that actually improve quality of life and draw more people in. Roadway conditions are a big issue in Harford County, especially near the 24 and 924 intersection and heading into the Constant Friendship shopping center. There are also way too many grocery stores and basic retail in Northern Harford County. At some point you have to ask how many more we actually need and why aren't you expanding it to neglected parts of the county instead. The old Mars grocery store has been sitting in Edgewood, vacant for 10 years and that whole Route 40 corridor is rundown. The area would benefit a lot more from real attractions and places people want to go. Harford markets itself as an active area, so something like a climbing gym would be a huge hit. There is a large demographic here that would use it, but climbing is basically inaccessible unless you drive far, so people either do not climb or they go very infrequently. Also, all bike lanes should be protected when feasible. If Harford wants to call itself an active community, it needs real complete streets with protected bike lanes. Paint on the road is not enough when cars are flying past you on their phone while drifting into the bike lane. The Regal movie theater was removed, and that took away one of the few entertainment options. The pool was also closed and leveled in Joppa and the majority of pools are private. There should be a public pool or two somewhere in the Joppa/Edgewood or Abingdon area. Maybe an Escape Room even. More recreation spots would bring in money, give families something to do, and make the area feel more complete.	8/2/2026 5:34 PM

1184	Overdevelopment and sprawl which means less connected green spaces. Little bits of trees here and there is much less desirable than large swathes of forest or other habitat. Instead of redeveloping existing plots, empty storefronts, it seems people would rather tear down or cut down trees. The character of the town has already declined over the past 20 years. It would be wise to creatively use what is in place.	7/30/2026 9:01 AM

1225	Balancing future growth with with current character. The county needs to address the needs of both sides of the county, not just west of Route 40 when planning and protecting land etc. Our public school teachers need to be paid appropriately and school budgets prioritized over other petty county projects. Living in Havre de Grace for us is taking the best of Harford County and incorporating it into 1 area. If all of Harford County looked like this it would be great. I wish Havre de Grace could run our own school system.	7/29/2026 5:44 PM

1269	Lack of respect for our teachers, not enough pay supplied to teachers and staff, poor disciplinary actions because of focusing on “feelings”. Schools need to bring back the old school mentality. Make education better and pay the teachers and staff more. We need to motivate the future generation to become educators.	7/29/2026 4:40 PM

1278	Preservation of our farmlands. I er the last 35yrs Too many have already been lost to housing developments, solar panel farms, and easements for electric poles. And now we have AI industrial centers trying to take our farmland as well as Solar Panel companies. Where will get our food supply if all the farms are gone? 	between our sheriff's office and county executive. Increased traffic with lack of infrastructure to support demands.	
1281	The infrastructure doesn't keep up with the development. The volume of traffic has increased exponentially and congestion is everywhere.	7/28/2026 9:15 PM
1282	Overdevelopment without infrastructure changes. Crime is becoming more prevalent as the city crime is coming into our county via busing. Our school board needs a new overhaul!!	7/28/2026 7:59 PM

1294	People buying into classified neighborhoods, like AG designated communities, with the intent to speculate a new housing development. They knew they bought into an AG area, as did their neighbors, knowing the regulations for the area, yet that speculator feels their desire to develop should override the desires of all their neighbors who want to live a quiet life in the zoning they bought their home in to live a quiet AG life. These same speculators grease the wheels of the zoning commission to push through .development.	7/27/2026 8:05 PM

1297	One of my major concerns is keeping our county land preserved and not allowing new technology, such as AI data centers and solar farms to destroy natural resources and our quality of life. I also have concerns about keeping public schools funded. As a homeowner I am aware that any drop in Harford County school quality would result in an eventual loss of property value. Please keep teacher salaries strong . I want my grandchildren to have quality teachers.	7/27/2026 11:02 AM

1298	Aging population, Development ruining culture and open spaces in lower Harford County	7/27/2026 10:39 AM

1308	Lack of affordable housing specifically for young 20 something residents as well as recreational activities for the same age group. There are also many commercial buildings that are unoccupied, it seems like the route 40 corridor needs some revitalization. It would be nice if TUNE could expand or University of Maryland could open something similar. Finally, the class sizes in the school system are getting too big. That will definitely start to affect the educational system. Schools need to be funded.	7/26/2026 4:00 PM
1309	That sorry excuse for a governor we have and mayor	7/26/2026 3:11 PM
1310	Data Centers and over development	7/26/2026 1:42 PM
1311	Crime. Road signs covered with vegetation. Need more police, People constantly running stop signs. We have a hospital (Upper Chesapeake) that no one wants to work at, and does not provide good care for their patients. Not enough beds in the hospital. The Aberdeen facility is not a hospital! 1327	More crime, higher cost of living, building everywhere but yet the medical/dental/rehab/nursing home/roads/some schools and our first responders can not handle the growth. We need more police officers to make our roads safer, I live on a main highway and we have had several deaths at our intersection over the past few years. People not stopping at stop signs going over the speeding limit, (they shouldn't be allowed to go over 10 miles before getting a ticket) passing in no passing zones. Our government doesn't care about our algaculture or our hospitals, roads and other things or they would stop building and take care of who has lived /worked and paid taxes here there whole life before adding more people. The crime in northern harford county has went up and what are you doing about it? You want to add more busing for people so they don't have to drive what so we can become even more like another White Marsh and Towson? You can say we aren't in Bel Air you can keep your head in the sand, and Phil Raub doesn't care what happens to Bel Air I know the man personally he doesn't care, they could had turned the Harford Mall and Tollgate Malls around but they choose not too!! 1375	Over building homes	7/23/2026 1:39 PM
1376	Accessibility - lack of sidewalks is really bad. We need to welcome more large businesses, so my money can stay in the county. We need more public transport. But just importantly, we need "missing middle" housing. Not just giant homes or small condos restricted for elderly populations. More duplexes, small multifamily, shared living, etc.	7/23/2026 1:29 PM
1377	Over development, need more doctors/medical facilities, lack of retail shops, poor road conditions, too much traffic	7/23/2026 1:20 PM
1378	Decreasing green space in BelAir, Edgewood, Aberdeen, Abingdon, Fallston. But for some reason the development stays away from Churchville, Dublin, North Harford. Hmm maybe cause most of the county council and higher ups in the county have lived there except for the current CE. Just seems fishy to me.	7/23/2026 1:17 PM
1379	Traffic infrastructure Solar farms Corrupt politicians Division among politicians CRIME	7/23/2026 1:03 PM
1380	There are too many people and cars. We need to stop development of residential and commercial properties. There are	7/23/2026 12:52 PM

1386	School budget, overcrowding in schools, disparity of economic classes	7/23/2026 10:05 AM
1387	Crime and safety concerns from large apartment complexes and large housing development. Too much development, losing the rural, agricultural feel of the county, losing natural resources, not protecting wildlife. Protect the integrity of this county.	7/23/2026 9:56 AM
1388	School funding which will affect school quality; overbuilding of housing, especially apartments.	7/23/2026 9:47 AM

1391	Overdevelopment, traffic	7/23/2026 8:59 AM
1392	Overdevelopment!!! I want to live in the Harford County that my family moved here for. I want to keep the local farms farms and keep big developers, data centers, and solar farms OUT	7/23/2026 8:55 AM
1393	Over crowding and too much building. More people means increased traffic, more accidents, increased crime and less resources. All of those things are happening now. I fear Bel Air will become like Towson very soon.	7/23/2026 8:38 AM
1394	Too much building	7/23/2026 8:38 AM
1395	I think the schools are horrible. My family chose to homeschool all my boys after trying public school. Its gotten worse after COVID. Kids (teens) need more areas they can be kids and hang out without getting in trouble they are forced to just walk around stores or meet up at parking lots. Also working to add more hospital type facilities. Upper Chesapeake is over run and staff is over worked.	7/23/2026 8:20 AM
1396	Managing the increasing need for Fire and EMS services plus keeping development within the Development Envelope. There is sufficient capacity for redevelopment. Also, need to mitigate multiple car crashes and fatalities. Folks need to SLOW down.	7/23/2026 7:29 AM
1397	The disproportionate underachievement of students living in economically disadvantaged areas. There is a direct correlation between poverty, race and achievement in Hartford county. That is a result of a disproportionate concentration of people, experience, poverty in pockets of the community. there needs to be public, transportation and housing opportunities throughout the county for those with low income. We may need to consider redistricting schools, so that there is more proportionality in the demographics make up of it students.	7/23/2026 6:36 AM
1398	There is way too much development of farmland and a rush to build houses when the school infrastructure is not there. Supporting county schools is lacking!!	7/23/2026 5:54 AM

1409	Overgrowth, new housing, not enough quality shopping	7/22/2026 6:27 PM
1410	Development cohesion. When we build, we build in farm, forest, and wetland, and we spurn developing and redeveloping our existing urban and suburban areas. We need to truly maintain our envelope, but also upzone most if not all of the envelope to ensure it need not expand again.	7/22/2026 5:40 PM
1411	developers pushing projects the citizens do not want or need. The development envelop should be closed except for redevelopment. Save our remaining farms and open land.	7/22/2026 5:31 PM

1427	Our government officials spending more time arguing and not working for the people	7/22/2026 11:40 AM
1428	Infrastructure is not sufficient to meet needs.	7/22/2026 11:07 AM
1429	Over development without related improvements in infrastructure. Public schools not preparing students for careers or college. They are getting caught up in silly social issues, rather than focusing on rigorous academics. Behavioral expectations are sadly compromised, student accountability and consequences are not enforced. This does not prepare students for careers or college, as they lack basic self-discipline and lack the ability to follow directions, rules, or guidelines.	7/22/2026 10:39 AM
1430	Harford County's most pressing challenge today and in the future is managing growth responsibly. Recent solar farms, data centers, and large developments near Harford Mall are examples of projects that appear to be driven more by profit than by the needs of current residents. These developments will only make Bel Air's (and surrounding areas) already disastrous traffic worse, while roads, schools, utilities, emergency services, and other infrastructure are not keeping pace. Too often, decisions seem to favor short-term financial gain over long-term planning, with little regard for the loss of open space, farmland, environmental damage, or the overall quality of life for existing residents. Harford County needs sustainable, well-planned growth—not unchecked development that creates lasting problems for the community.	7/22/2026 10:25 AM

1451	Overcrowding, traffic congestion, too many new housing developments, roads are not suitable for so many people, crime is increasing, too much greed from developers, untrustworthy government officials and sheriff. Also if halting construction is out of the question the architectural flow of the buildings and housing should match and compliment one another. There should be standards in appearance especially in downtown bel air.	7/22/2026 2:10 AM
1452	I don’t feel as safe as I used to in Harford County.	7/22/2026 1:17 AM
1453	Over development, traffic, warehouses-solar farms-data centers that impact the community but don’t benefit them, crowded schools, destruction of farms and wildlife habitat , change of view shed, toxic politics, lack of necessary funding to critical needs like schools, stormwater runoff, replacing local businesses with only chain stores, replacing of small town community feel with transient residents that are not invested in long term health of communities	7/22/2026 1:16 AM
1454	Ever increasing home tax assessments, traffic congestion, increase in number of Apartments in Fallston and neighboring areas as that always leads to an increase in crime. Harford county now sounds like Baltimore City with all the police and ambulance sirens going off so frequently now.	7/21/2026 11:42 PM

1479	The county is rapidly getting 'paved over', or losing green space to housing. This not only puts strain on the schools - who are consistently underfunded given their student body - and takes away from potential recreation in places that don't have vast green spaces nearby.	7/21/2026 8:41 PM

1482	Too much development, even within the development window- traffic, noise & light pollution are diminishing the rural character of the county. Property taxes that continue to increase far beyond the purchase price of the home, while the number of residents renting (not paying property taxes) increases. 1514	Overdevelopment, unaccountable entities receiving County funding, utility costs, government overreach	7/21/2026 6:30 PM
1515	Harford County’s most pressing challenge is the rapid overdevelopment that continues to consume our remaining open space and productive agricultural land. Large housing projects, warehouse complexes, and utility-scale solar farms are replacing the rural landscapes that define our county’s identity and long-term sustainability. This pace of development is overwhelming infrastructure, increasing traffic congestion, straining schools and public safety, and degrading our natural resources through loss of tree canopy, stormwater runoff, and watershed impacts. If Harford County does not adopt stronger land-use protections and a more disciplined approach to growth, we risk permanently losing the farmland, open space, and rural character that make this county unique — and we will pass the financial and environmental consequences of sprawl on to future generations.	7/21/2026 6:29 PM
1516	Maintaining what is here while growing and adjusting for the future. Havre De Grace always feel like it is on the cusp of becoming somthing great. Bel Air is already a wonderful place. What can be the next destination for similar experiences. Could it be downtown Aberdeen for example? Creation of jobs or businesses is always a buzz word but what could be done is to create business incubators that extend beyond the small shop face. I have businesses interests that are based in Florida, Delaware and Germany primarily due to the state tax situation.	7/21/2026 6:19 PM
1517	Development of homes,apartments and costco. Too much traffic too congested. No to solar farms and AI data centers	7/21/2026 6:15 PM

1519	I believe the most pressing challenges is the pressure to develop. Whether that be housing developments, data centers, solar farms or corporate offices. 1526	keeping development focused where infrastructure is available, but making sure people want to live in those areas. there's no point of a development envelope if no one wants to live there. rural areas continue to see sprawl and housing growth because people want to move out of the towns and into the county, but then they want more services and the commercial uses follow them. we're used to driving 30 minutes to get to big box stores, we don't need them closer to us. but new people move out of town and expect to have all the same amenities within a short drive	7/21/2026 4:32 PM
1527	I hope that Harford County will curb the development of apartment buildings. Apartment buildings are flooding the schools with students and the roads with cars. People who own homes have more roots in the community and care about it. I think a challenge will be to create access to the community for people who cannot drive, especially seniors. I am also concerned about the schools. I know several teachers who have left the school system for their own personal safety. The teachers are being instructed that if a student is hitting or kicking them, the teachers are to put their hands behind their backs and not defend themselves. Who will work in that environment? I also feel sorry for students who are constantly being evacuated into the hallway because a student in their room is "having big feelings" which means being wild, disruptive, and throwing things. It's not right that the children who behave have to suffer because one child is acting out. Also, I hope that our farmers will be able to keep the farms that have been in their families for generations.	7/21/2026 4:31 PM
1528	The Cassilly administration is destroying at least one of the county's most important features: its public education system. Libraries are small, wonderful, but limited spacing and even smaller space for teens to be able to gather. 1566	TRAFFIC ON 152! We need more hospitals..the ER wait time and time to get a bed is absolutely unacceptable, Piecemeal Development without adequate public facilities. All of that needs to be redefined and the County council needs to put legislation in to modernize the zoning categories and what can be built in them. Comprehensive Senior housing communities similar to Oak Crest etc..and not shoved in some crappy route 40 location. Property crime, lack of meaningful parks that have fields, courts, skate parks, and yes, gasp, public pools- both indoor and outdoor ones, smaller and more schools- who thinks 1000 kids in an Elementary school is okay..who thinks 1700-2500 kids in a high school is okay?	7/21/2026 1:15 PM

1578	I think Bel Air and the surrounding developing areas are becoming too crowded and too "corporate". Chain businesses are taking over properties too frequently. Most of which are unhealthy, like a new chic-fil-a or chicken tender store, or a new arby's. I don't see how any of these developments will positively contribute to a Healthy Harford plan. I know it's not going to be entirely the county government's fault for a lack of local businesses, but I have to wonder why the markets are one of the only opportunities we have to shop local. Not everybody knows how to, wants to, or can afford to buy healthy/local products and then incorporate them into their lifestyle at home or when they want a healthy meal. I have noticed over the past decade, all the new housing (apartments) that are being built. Yet, very few advancements to our infrastructure are improving to support the people living there. For example, the intersection on Rt. 1 where the new sheets was built has had two complexes built within the last two years but there is hardly a sidewalk, and no crosswalk, on the same side of the road where the grocery store is, less than a mile from the older complex. I believe that the political and racial tension that Maryland in Harford pose risks to our citizens health. When really, our diversity and range of occupations, infrastructure, and culture is an amazing opportunity to build community, strengthen relationships among our rural and urban structures, and become an example of a diverse, thriving county/area. Similarly, living in Bel Air, I am very aware of everyone's interest in Baltimore City's infrastructure and how they believe Baltimore impacts our lives up here. There is racism and prejudice that is extremely layered, and definitely not one person's fault. But a brief take from me is that Baltimore City is villainized here, and people are afraid of being close to Baltimore, and that creates more division.	7/21/2026 11:57 AM
1579	Overdevelopment (mainly residential) led by greed and not grounded in actual community need. We risk overcrowding our schools and roadways and taking away the green spaces that make Harford feel like home.	7/21/2026 11:32 AM
1580	Poor planning; allowing well water dependent neighborhoods to be surrounded by radically upzoned CI parcels. In addition, allowing businesses that utilize hazardous chemicals to be in close proximity to private wells. Plus, allowing a business that uses known volatile organic compounds to build a well in the development envelope. That in itself is duplicitous. It's clearly stated in Harford County public information that any business in the development envelope utilizes public water and sewer. What happened? This is a prime example of local government not protecting existing citizens, with no accountability.	7/21/2026 11:19 AM
1581	Over development	7/21/2026 10:56 AM
1582	Overdevelopment causing road congestion. Rising cost to live in Harford County property taxes water sewer have all increased.	7/21/2026 10:37 AM
1583	Over population/development. Crime. Liberal school system.	7/21/2026 10:22 AM
1584	Controlling growth. I am not against growth, but it needs to the in the right locations and appropriately sized. Too often, new developments are too big and do not include adequate green space.	7/21/2026 10:21 AM
1585	Keeping development contained in the envelope. Work with Federal Government to develop greater access to water for Harford County... we're at the head of the bay and have the least water-centric culture of any county on that touches the Chesapeake	7/21/2026 10:18 AM
1586	Overpopulation	7/21/2026 10:14 AM
1587	Infrastructure to support the housing explosion, paid Fire Department, another Hospital, more schools to reduce over crowding....Route 22 being a parking lot since it's only 2 lanes and runs across the county and everyone uses it	7/21/2026 10:08 AM
1588	Over development - Housing and Data Centers. Improved infrastructure like more roads whether local or county roads. Cost of water and electricity. Method of paying property taxes should not have such a high processing fee for credit card and debit card payments!	7/21/2026 10:00 AM
1589	Hiring enough employees for smaller business. Housing is getting expensive and there are too many housing	7/21/2026 9:50 AM

1590	No more apartments the traffic is insane. That is why I take the backroads to Hunt Valley vs Bel Air. Now your building 289 apartments where the mall use to be. That's poor planning. It will also bring crime and everything else to BelAir. We're becoming the new White Marsh.	7/21/2026 9:10 AM
1591	Too much building	7/21/2026 9:01 AM
1592	Not fully funding education and starting dumb online fights like a child. Idiotic representation like Bare Minimum Bob threaten our future & our children's future. Act like adults. Overexpansion when there are empty buildings everywhere is mind boggling. Why are we building new when there's literal spaces available?? We also need to be putting in solar everywhere we can to reduce demand on the grid and help better serve our community with energy flexibility for the future. If we are at the whim of big energy, no one wins. Preparing ahead for options is a huge leg up for our communities. Legislating new solar to support and offset new buildings that aren't using current spaces would reduce demand for new & ensure those willing to build that they're doing their part to support the future. Finding affordable housing in another huge issue. I've been trying to convince my sister to move home to help with my aging parents but she simply can't afford the wild rent these "cheap" apartments want. I couldn't either if I were in her circumstances. We need more young adults & young families- if they can't afford to live here they're not going to shop & visit. We really need more transparency in our government as a final note. I'm so sick of petty online back & forths. Online transparency about major county transactions & projects, general amounts spent on government trips & food & events would help solidify a lot more trust. It's far more mature than finger pointing & accusations & twisting statistics to make one side look right. Anyone with a high school education knows better & you all look like ignorant fools. Do better.	7/21/2026 8:45 AM

Traffic near Chick-fil-A in Forest Hill is always congested and backed up but they are building about 70 homes right down the street. A few years ago they added in the apartments. This is happening all over the county and is taking away the rural feel.	7/20/2026 11:12 PM

1635	Harford County has allowed overdevelopment seemingly without considering roads, schools, and the impact on the environment, which has very negatively affected infrastructure. We don’t want more apartments in areas with two-lane roads that can’t handle the increased traffic, but it doesn’t seem to matter what county residents want. The county has also allowed the destruction of habitat, including habitat that should have been protected, which is extremely disappointing and also not what most people want. It seems that those in leadership roles have forgotten that safety and the well-being of the people and the environment we’re entrusted with protecting matter more than allowing developers to make money.	7/20/2026 8:10 PM

1661	Residents are afraid of change - Harford County is growing in popularity and we should strive to welcome people into our community, not push them away. High density housing and commercial businesses - large and small - will be key to our future.	7/20/2026 6:09 PM

1662	Over development	7/20/2026 6:05 PM
1663	Budget cuts to education is destroying the schools. We stay in harford county because of the quality of the schools. I have seen a significant decline in quality in the past few years. More kids in each class, less teachers, less activities like music and art being supported. Housing, we are continously adding more houses, apartments, etc. We don't need them, it's overcrowding or schools, adding traffic, and with increased people it results in increased crime.	7/20/2026 6:05 PM
1664	Solar farms on agricultural land, mega data centers, shifting populations due to high density housing in certain parts of the county	7/20/2026 5:45 PM
1665	Over crowding- neglected roads- one hospital with poor ratings to accommodate a growing population. Poor schools. Too many new housing developments. Crowded roads	7/20/2026 5:37 PM

1669	Over built housing development	7/20/2026 5:30 PM
1670	threat to the peaceful way of life and poor use of our currently developed land. the incident in fallston on the fourth is a perfect example of threat to peace. a party like that shouldn't even happen. we also have so many vacant buildings with empty parking lots that developers should either be required or incentivized to pursue. all new parking lot developments should have infrastructure in place to support solar ILO allowing it to be put on an land.	7/20/2026 4:59 PM
1671	Over development of green spaces	7/20/2026 4:54 PM

1676	Tech companies destroying agricultural land. Tech companies in general. there is tons of vacant warehouse space that is sitting unused. repurchase that for solar instead of farmland	7/20/2026 4:32 PM
1677	BUILDING MORE AND OVER POPULATED	7/20/2026 4:29 PM
1678	Gahler	7/20/2026 4:24 PM
1679	Keeping our County's character. I am very worried about Solar Farms and Data Centers. I worry that the Southern part of the county is going to be forced to deal with these things as a compromise and I don't want that. I also think education is a pressing challenge as the cost of things is going up, as well as the needs of the kids are significantly increasing. I see a big challenge with increasing crime as crime moves out of the city to the counties. Roads and bridges are a pressing challenge as our infrastructure is aging. It is also a challenge because we have this influx of so many developments and our roads	7/20/2026 4:15 PM

	aren't designed for this many people. Finally, our healthcare situation. Again, with the increase in population our medical resources are spread too thin.

1685	Data centers, solar farms on agricultural land, traffic congestion, rush hour, empty storefronts.	7/20/2026 3:56 PM
1686	Too many empty store fronts owned by companies like Cordish. If these could become Incubator Stores, that would help local businesses as well. Too many new houses being built while older more reliable houses are sitting empty. Too many solar fields already.	7/20/2026 3:54 PM
1687	transit-- bus lines are inadequate	7/20/2026 3:45 PM
1688	Keeping it rural. STOP the over-development!! Bel Air is insanely crowded, Fallston looking to catch up, even Havre de Grace is starting to overdo it	7/20/2026 3:42 PM

1701	Overdevelopment.	7/20/2026 2:43 PM
1702	I live in Woodcrest III. When we moved here in 2004, the land surrounding us was zoned for agriculture. Unbeknownst to me, the reckless County Council began rezoning and upzoning, destroying the legally preserved and protected Natural Resource District, our quality of life, and potentially our well water supply. There does not seem to be anyone involved in local government decision making that has the good sense and/or knowledge to not destroy neighborhoods. Plus, there are no nuanced architectural controls when it comes to commercial building near residential areas. I've never lived anywhere that the local government has allowed residential land to be altered to the point of real property devaluation.	7/20/2026 2:35 PM
1703	Over development!!!! It needs to stop- no more high density developments-apts and town houses. We need more than one hospital and the traffic is getting horrendous. 125	not just “local” businesses and economic development, but specifically small business development. we don’t need more ugly commercial property or high rise apartment complexes. these are antithetical to preserving the rural landscape that harford county is historically known for.	7/27/2026 8:44 PM
126	Invest in infrastructure but put it in place a less developed area as a planned community. Don’t just keep cramming stuff into established communities that currently lack public water and sewer and whose placement would cause serious disruption to those established communities. This method isn't conducive to affected/interested parties to stop & exit their vehicle to gather relevant information. If this notices are posted online, please provide access/veiwing details.	7/26/2026 10:15 PM

167	Change the narrative that you has set for Edgewood, this could be an affordable place to live but if the reputation (that the counties pushes) is all bad, why would anyone want to live there. You will need to be able to keep young college graduates iin Harford Co, right now you're losing them to Baltimore Co. 15	The county should stop focusing on growth and start focusing on preserving the natural resources we have. The roads are too crowded. The hospital is overcrowded.	9/5/2026 1:53 PM
16	Revitalizing already developed land like the closing mall and route 40	9/5/2026 11:45 AM

Make sure that there are many opportunities for recreation and activity for all ages...Improve on ways to retain our young adults. Address poverty, unhoused population, and food insecurity in a meaningful way. Seek to have accessible FQHC in multiple locales	9/4/2026 4:07 PM

25	I hate this question. This county has grown significantly the past few years and will continue to do so, and yet I feel we have totally failed to address the matter properly. We have allowed so many crappy luxury apartments to be built, horrifyingly quick and close new construction builds and this has happened all over the county. The question isn't where, it's how. We need to ensure we aren't putting up popsicle stick shacks that make people want to leave the area shortly after moving here. The places built recently won't be here 50-100 years from now, so what does that say about our county's dedication to historical/environmental/economic matters? Create better standards for the entirety of the county don't focus on one area. Harford is better together, we need whiteford and Edgewood and bel air all to be beautiful.	9/4/2026 10:27 AM
26	Improving the areas that are already developed.	9/4/2026 9:10 AM

29	Future growth should stay within the development envelope, including a focus on adaptive re-use and adjustments to zoning	9/3/2026 8:46 PM
30	NO MORE GROWTH	9/3/2026 7:29 PM
31	Invest in schools and safety personnel.	9/3/2026 6:43 PM
32	New growth should be focused on redevelopment of areas that are empty- ie mall, tollgate market place, etc	9/3/2026 6:29 PM
33	If you're looking to polish this into a stronger public comment or statement, I'd make it firm while avoiding a claim that violent crime is directly caused by underfunding unless you have data to support that connection: **NOT toward mini-storage facilities or additional condo and townhome communities.** We already have far too many of these developments, and continuing to put more people into increasingly dense communities places additional strain on resources and infrastructure that are already underfunded. Calling those cuts and shortages "savings" is shameful. Our county is already struggling to adequately fund the schools, public safety, transportation, and other services that residents rely on. We are seeing the consequences of those choices, and the answer should not be to continue adding development while expecting already-strained services to somehow keep up. Growth should be accompanied by the infrastructure, staffing, and resources necessary to support it—not by cutting corners and calling the result a savings. **Invest in the county we already have before continuing to build more of the county we cannot adequately support.**	9/3/2026 4:01 PM
34	Housing anywhere besides Joppa. Build in Fallston, Jarrestville (but do not over build). Restaurants along Rt 40 could match those of Bel Air. Not a lot, but some would be nice.	9/3/2026 3:42 PM
35	Growth needs to slow down	9/3/2026 3:41 PM
36	Energy infrastructure, specifically nuclear. We have the space and it'll do a heck of a lot more for jobs than a stupid data center.	9/3/2026 3:35 PM
37	I'm not sure.	9/3/2026 3:34 PM

38	I do not feel that we need more development, but if we are, the northern part of the county has more available space, but lacks the infrastructure.	9/3/2026 3:18 PM
39	Belcamp industrial park, Aberdeen industrial areas for business. Housing developments decided on a case-by-case basis compared to loss of forest or trees. Not every square inch of vacant land needs a house or a business on it. Make more use of vacant stores.	9/3/2026 3:07 PM
40	The southern district. It is beautiful with its water-oriented resources and it has so much potential. Rt. 40 underwent "beautification" over 20 years ago but that needs to be expanded through the rest of Edgewood and Aberdeen. I would love to see an urban planner consultant provide ideas on how to develop this area - there really is so much potential.	9/3/2026 3:03 PM
41	Edgewood/Aberdeen areas	9/3/2026 2:39 PM
42	Focus MUST be on community support and infrastructure first, then redevelopment of existing areas. STOP NEW HOUSING DEVELOPMENT and STOP REZONING. Housing density is ridiculously high with no proper planning for redistricting school zones, and new businesses continue to encroach on residential and agricultural spaces instead of seeking to improve upon existing areas zoned for business that are not utilized properly. Preserve agricultural areas and promote local business development NOT franchises.	9/3/2026 2:37 PM
43	North and west of the center of the county. Continuing to split the county into two halves is obvious and outdated.	9/3/2026 2:36 PM
44	Don’t know too new to the area	9/3/2026 2:30 PM
45	As far as growing new communities, that needs to stop. As far as redeveloping communities, I would focus on the rt 40 corridor	9/3/2026 2:26 PM

49	We need a better strategy for new housing and developments. There are plenty of vacant areas that are pre-developed yet an eyesore. These should be used first before considering deforestation. Traffic infrastructure with pedestrian infrastructure should take precedence to building the developments. A prime example of a failed project is off of 924 and plum tree road. Once this space is eventually developed it will be a net carbon area which is unacceptable in 2026. Major commercial development and buildings should be as environmentally friendly as possible. The county needs to place requirements for these developers to include planting back native plants and trees, better erosion and storm water infrastructure, use of solar on top of buildings and parking lots. With more housing development, there will be more demand in electricity. The county need to start use of solar power on county buildings such as recreation centers and parking lots. New growth should be directed to family-friendly activities and pedestrian infrastructure. Our family has yet to visit the HarCo farm fair due to parking.	9/3/2026 11:42 AM

83	Route 40 corridor to reinvigorate areas that have declined in safety and appeal. These areas have already been historically developed however the areas have declined and negative activity has taken hold (Aberdeen, Edgewood, AbingdonJoppa) Consider revitalizing these areas rather than developing new areas. I feel revitalizing could help with crime and illegal activities such as drugs, and violent crime while protecting the AG areas and forests that support wildlife habitat and smaller farming applications.	9/1/2026 5:57 PM
84	Harford County should pursue a thoughtful plan of minimal, responsible growth and carefully targeted economic development that protects the quality of life residents value most. Development should be focused where infrastructure already exists, while preserving our farmland, natural areas, open spaces, safe roads, and established communities. Economic growth should prioritize high-quality jobs and businesses that strengthen the County without overwhelming schools, roads, public services, or the environment—ensuring that quality of life remains the guiding principle for Harford County’s future.	9/1/2026 5:38 PM

91	I'm not certain what you mean by "growth"? Pursuing expansion of the county's tax base, no matter the cost to our standard of living and our mental and environmental health? That all development and building is good, never mind the consequences? Encouraging and supporting farmland expansion, or the expansion of "green space"? Encouraging increasing population -- birthrates and folks to move into the county? Are you asking about investment of tax monies, how to spend the time and attention of elected officials and county employees, emphasis on county website and other means of disseminating information to the public? Zoning and granting permits and variances? Is "growth" always good? It certainly needs to be directed. Please include in the Master Plan, the development of actual cohesive cities in Bel Air, Aberdeen, and Havre de Grace. Rather than the higgelty-pigglety plopping of shopping centers here and there, residential developments stuck out on what used to be good farmland (oh, the traffic issues!), and the neglect of town centers. About Question 12: I'm not certain what you mean by "envelope" in terms of future growth. But if "envelope" and "growth" includes any future development of the Rt 40 corridor, then the State of MD absolutely needs to remove its designation of Rt. 40 as a zone for unfettered growth -- including warehouses and large distribution centers and perhaps even data centers. The legalized current industrial and business developments along Rt 40 make a travesty of environmental and livability justice for the residents of our county. If, for instance, the state requires us to build "work force" or "affordable" housing on Rt. 40, then the state should include in its grants and other funding for such housing, monies to make the apartments or homes actually part of the community. So when an apartment building is built on one side of Rt. 40, then the funds to build a pedestrian bridge	9/1/2026 4:13 PM

	and improve sidewalks all the way into town and to schools should be included. Don't leave the kids -- within easy walking distance from their school or playgrounds or town's neighborhoods and businesses -- stranded on the opposite side of a busy highway! Fund and build so the entire list of needs of all family members can be met in their new home. So shrink the envelope along Rt 40, and demand the state stop using our county's Rt 40, and anywhere else in Harford County, as legalized dumping grounds for undesirable development, until the state learns it must not simply mandate developments of any kind, or attach strings to funding projects, that force those projects to be less than viable.

93	Commercial growth=along the commercial corrdor. Residential? If the pathway to building were quicker and more affordable, the "savings" could be passed on to the buyer and the builders could be OK. Right now our building process is too elitist. . . only the wealthy can buy even a "track home."	9/1/2026 4:01 PM

120	Nowhere. We're already overrun, especially in the southern part of the county. The upper part of the county should also be able to maintain their land	9/1/2026 11:38 AM
121	Future growth in Harford County should include intentional investment in arts and cultural infrastructure, particularly in central, accessible areas that can serve residents throughout the county. A dedicated performing arts venue with appropriate stage, seating, technical, rehearsal, and educational spaces would provide much-needed resources for local dance, theater, music, and other arts organizations. Locating this growth near established population centers and transportation routes would make performances and arts education more accessible to families, schools, and residents across the county. As Harford County grows, investing in a centralized arts and cultural destination would help keep artists and audiences local, support arts organizations, attract visitors, and strengthen the county's cultural and economic vitality.	9/1/2026 11:34 AM

135	The new development in my area has caused numerous speeding, traffic, and safety issues. Roads that were rural and 30mph speed limit have an enormous amount of traffic with most vehicles driving way over the speed limit. Also, expanding and paving roads have caused water runoff issues on our property.	9/1/2026 10:20 AM

The parks, libraries, playgrounds are all the last to get attention and funding, so we have to go out of Edgewood for many of these things, even if we'd prefer to stay in our local area and support it. Establishing mixed use zoning in communities will allow small coffee shops and cornerstores to pepper communities and create more convenient hubs for commerce. Also, something seriously needs to be done with the dying Harford Mall. I think it would be wise to convert this to mixed use apartments & small stores. Maybe some of the small stores could be a grocery co-op stocked by the small farms in harCo.	8/21/2026 8:30 PM

332	New growth should be directed as infill in and near the municipalities. No more large single family housing developments should be built, period. It's a waste to see new developments like, for example, Moonlight Drive and how much housing that could have been created there. Also, streets need to connect to each other to improve the transportation network. Looking at that same neighborhood, it was a waste to not connect it to Redfield Road to spread out the local transportation network to decrease the traffic at 543 & 22. If density isn't going to be increased, then the development envelope is going to need to grow, which is awful for the environment but people need to live somewhere. Also, people complain about school occupancies when what they should be focusing on is class sizes. If the choice was to have 28 kids in my daughter's class in a classroom versus 14 in a trailer I'd pick the trailer every time. I noticed a huge difference with the cuts made for the 25-26 school year - my daughter went from a class size of 18 to 28 as a result and it really impacted her academically. We need more teachers and smaller classes.	8/17/2026 11:14 AM

340	I hate to say it, but infill is only going to go so far. What are the stats for the new Ryan Homes development on 543 in Creswell? Is that bringing in new, younger workers and families? Abingdon and Forest Hill seem to be the prime options. I wonder if it makes sense to focus on Creswell and therefore build up Riverside/Belcamp.	8/17/2026 9:28 AM
341	Depends on intensity of that growth. We should be following sound zoning practices and limiting growth to where the	8/17/2026 9:10 AM

	The military has restricted many miles of shoreline already, keep the rest for the people, not commercial! Question 12- Future growth in business areas needs to have design standards where looks mean something. To not allow the rt 40 area to look so run down. Sign standards and mounting. Refocus on improving existing communities and any housing and businesses that are vacant. Too many people want newly built houses that are poorly constructed when there are existing houses available. Question 12 is not easy to answer without already knowing what the development envelope is. A link should have been provided to a map.

420	The Development Envelope has been an incredibly successful policy since the 1970's. Redevelopment of underutilized and blighted areas should be a high priority. Minor tweaks to the boundaries of the envelope may be appropriate not a major expansion.	8/15/2026 8:02 AM

437	Route 40 and up 543	8/14/2026 4:11 PM
438	New growth should be directed primarily within the existing Development Envelope and toward areas that already have the infrastructure to support it, including Aberdeen, Havre de Grace, Bel Air and the Route 40 corridor. I would prioritize redevelopment and better use of already-developed or underutilized properties rather than expanding into rural and agricultural areas.	8/14/2026 3:39 PM
439	The county does not need new housing developments. Our schools cannot sustain over development/over crowding. Howard County out paces us with quality open spaces/sports complexes/parks. HCPS teachers/staff need to receive funding & salaries for livable wages. Another quality beach volleyball court by NHHS. NH rec programs need access to bathrooms with running water, NHHS should not need a porta potty by the turf field. All the development goes to the Rt 40 corridor, it would be nice to have similar facilities like Fallston Rec/Churchville/Copperplex in the NH area for rec teams to have access to quality turf and bathrooms. The NHHS turf needs to be replaced, at least 3 torn ACLs on high school athletes in 1 year means there is something wrong with our turf. Dublin Elementary hasn't had consistent AC/Heat for years, part of the building is always without heat/ac and portable AC units & space heaters are brought in every year. Students/teachers should not have to sit in classrooms with winter jackets and/or sweating in a 90 degree room, or sitting in the hallway because it's cooler there than their classroom.	8/14/2026 3:06 PM

555	I'm not an expert, but I would think that we should maximize our most valuable assets and minimize our highest risks. With that said, I would suggest that a study be conducted to attract and improve the Rt 40/I-95 corridor business opportunities. Attracting larger businesses will increase local tax revenue which could be used to "prop up" other areas of the county and to service those who are less fortunate. My suggestion on that is to concentrate on keeping the food pantries stocked, staffed, and encourage a healthy outreach program for each community. Food insecurity is the beginning of a community's undoing.	8/12/2026 9:50 AM

I would love to see more fine dining and brunch restaurants, live shows and theater, comedy and music venues, arcades and family entertainment, and other activities that give residents more things to do locally. Growth should not only mean more housing, warehouses, or traditional shopping centers. I would like to see development that creates an experience and gives residents reasons to stay, socialize, celebrate special occasions, and spend their money within Harford County instead of traveling to Baltimore or surrounding counties for entertainment. A well-planned entertainment and dining district could also create jobs, support small businesses, attract visitors, and bring more energy to the County.	8/9/2026 10:39 PM

744	Not in the county where farmland is abundant. Come on a new funeral home and burial grounds on Grafton Shop-Laughable. Kohls' that is only busy at Christmas. We might need more stores such as WaWa, Royal Farm or Dollar Generals. We don't have one on every corner yet, but I am sure there will be 20-30 more in the next 10 years. Stop the building!!!!!!! I will drive the 10-25 minutes to get what I need.	8/7/2026 8:44 PM

746	You have too much growth and the school system and resources are struggling because you give the corporations tax breaks instead of making them pay to improve infrastructure and the school system! This survey is skewed as the questions do not allow you to create proper statistics with a unbiased mindset. Also, you would be surprised how many people have no idea what question 12 means, especially the word "envelope". Just state what you want.	8/7/2026 8:42 PM

Work on supporting our schools, community and expanding healthcare and emergency service before adding thousands more residents. Ive been to meetings where builders given extremely underestimated numbers on population growth ie this development has 10 apartments so we estimate 2 children as residents, while we all know thats a gross miscalculation.	8/7/2026 8:17 PM

832	Given the rural history of the county, I would probably direct the growth to existing towns in the county to preserve the rural areas. Since there is nowhere else to leave final comments, I'll put them here. This public input tool is not great. Anyone can take this survey and take it multiple times. Also, only people who are already tuned into county news will hear about the survey. So the findings will at best represent highly engaged residents, which may only be a small portion of county residents who may differ from most residents in important ways (e.g., higher income, older, etc.). The intro says "The first step in the public engagement process is to ask community members to tell us what type of place they would like it to be." But none of these questions really ask what I want in a community. Finally, there is jargon in here that I don't understand. What are "viewsheds"? What is the "envelope"?	8/7/2026 10:14 AM

835	It depends on the growth. Housing has historically been an issue—especially affordable housing. Placing affordable housing with no support (public transport, healthcare, schools, grocery options) defeats the affordable housing if nothing is available! Most (all?) business growth has been along the Route 24 corridor and the traffic in that area reflects those resources. Would the placement of Costco been better directed to the Edgewood/abingdon area? Maybe—certainly traffic would be less of an issue. Would patrons travelled to edgewood? Likely—since they already travel to the one in White Marsh.	8/7/2026 10:02 AM

We need to offer large incentives to replace old dilapidated structures on route 40 with new structures these would include high rise condos or apartments with integrated businesses on the bottom floor maybe even connect building via walking cover walking bridges over the road. We don't need to expand the envelope and build on more virgin land if we can just repurpose land that is alreasy compromised. New buildings and our publicly owned building need to begin installing solar energy in all roof structures and over parking lots. This will reduce environmental damage, reduce energy cost for home owners and cut taxes.	8/5/2026 11:29 AM

Leave northern and western Harford alone and parts of southern Harford that are still rural. Please, as development continues, hold the developers responsible for the appearance of what they are building. It must fit the character of the location. For example those ugly high apartments built in Fallston along the	8/1/2026 12:06 PM

Plan for this, we all know it is how it works. There is no "mystery" here to solve. Travel/commuting is how people survive. Keep some of our best healthcare workers near by with a better hospital system to work in. Farms will remain rural and can be designated agricultural but overtime some of these areas will need zoning changes when the population continues to grow. The county certainly appears to have an abundance of warehouses that should be used before new ones are built. Some of the development envelope will need to be expanded west if the county wants to grow and generate tax revenue.	7/29/2026 5:44 PM

1128	This survey needs an area for free-form comments. I worry that when I mark that I want Ag preservation, that is interpreted as forcing farmers to be unprofitable. I own a farm with two hundred acres and it is very hard to make money as a farmer. We basically need full time jobs outside the farm to survive. The county doesn't allow us to build apartments on ag land, even though this is the #1 way to attract long term help. I'd like the county to be more favorable toward farm owners who	7/28/2026 9:55 AM

	want to offer event space for weddings etc. If I lease to a farmer growing corn/wheat/soy I make $110 per farmable acre which is about $15k per year. It isn't enough to survive without other revenue sources. I'd like the option to put solar on part of the farm to help with costs. If I put solar on just my worst land, which wouldn't affect my ag profits at all, I'd be able to pay the mortgage long term. The council should allow solar with stipulations - like a max % of the farm, or justify why the area isn't suitable for other crops, or show a plan for multi use (goats/cattle under the panels), and an agreement not to subdivide the farm while solar lease is active. This would help so much.

1139	Protect open land from noise, air, water population; do not allow open land to be utilitzed for data centers, solar or battery farms. Add solar panels for electric grid relief above public parking areas similar to IKEA in Baltimore County. Test this process at the public libraries and schools and county buildings. Plant trees...every county facility, park, school, and library should have trees. Provide discounted tree sales (shade or fruit) whips to any HC resident for their own property to create shade or fruit. Lead Maryland in agriculture safe havens. In our area, drop electric lines underground to stop outages caused by downed trees. Start a home solar program education and discounted bulk purchases for those who would like to convert. Lean into self-reliance as a county. More resteraunts like Burton's in Bel Air. Finally, political signs should have to be taken down within 7 days from election date, ruins the green space.	7/27/2026 9:41 AM

1143	Towards park lands and 3rd spaces - community resources and gathering places. Not more pavement and big corporations. Small businesses lead by local owners that keeps the revenue within Harford County. Hard to say where to put more "growth". Rural areas should stay rural - it's the biggest draw to our area. And populated areas (Bel Air) need to keep the green spaces they have left. It's sad the forest that was cleared for Costco was cut down YEARS before any development	7/26/2026 10:15 PM

	was in the works. And sad the forest earmarked for the Maryland Center for the Arts was cut down with no progress besides a parking lot. Massive areas on Moore's Mill and 543 are in development - or stalled - when tight housing was just introduced off Route 1 and in Bel Camp...

We need another hospital and the staff to fill it. You shouldn't	7/25/2026 1:30 PM

1175	Route 40 has a ton of development space that could be revitalized or reimagined rather than breaking new ground in rural areas or adding more crowding to Bel Air and Abingdon. Growth should be directed overall to places that have outlived their current existence such as Harford Mall or other shopping areas on Route 1. Just because there is less desire for physical clothing or department stores does not mean the area itself isn't good for commerce. 1336	Future growth in Harford County should be directed toward already-developed and already-served areas within the existing Development Envelope, rather than expanding into rural northern Harford or converting more farmland and open space. Concentrating growth where infrastructure, schools, roads, and utilities already exist will reduce sprawl, protect agricultural land, and maintain the rural character that residents value. New housing, commercial development, and even solar or industrial projects should be prioritized on infill sites, redevelopment areas, and underutilized commercial or industrial parcels instead of pushing outward into the county's remaining open landscapes.	7/21/2026 6:29 PM

Expand the libraries and create a teen area, especially at Bel Air where many people can walk to that library and during the school year teens get dropped off. I am not sure how to answer 12, growth in creating places and activities for community members to gather. Shrink the development of ag land.	7/21/2026 1:37 PM
1375	It should remain along the route 40 corridor, up route 24, and possibly expanding along routes 22 and 152.	7/21/2026 1:32 PM

1376	Growth should be eco focused on eco and ag tourism. Prohibiting data centers, solar arrays and BESS battery storage systems that will use our water, take up green space and pollute our rivers. 1381	Along the Route 7 and Route 40 corridors. The majority of the important infrastructures are there. It is close to I95. It is close to rail. The entire area can be redeveloped, updated with mixed price and mixed type housing but higher density housing..get out of this State and go look at redevelopment areas in Scottsdale, Phoenix, Vancouver, Seattle, Munich etc..we think SO small!! Look at the Paradise Valley Mall redevelopment- it is actually gorgeous and functional. Look at Kierland area of Scottsdale. High end, dynamic beautiful and busy! We are wasting the redevelopment of Harford Mall. Much of what has been posted looks tacky, and does nothing to create community. We could be utilizing our bay acces..but there is soooo little of it for the general public.	7/21/2026 1:15 PM

1390	I read that Harford is going to be surveying places like farm fiar, first friday's and farmers markets for the Harford Forward initiative. However, that is only a small fraction of people who represent our diverse county. And those people are probably more likely to share feedback, and are aware of county resources, since they are attending these public events. Those who are lower income, and not attending these public events needs their voice to be heard as well. New growth would be beneficial to those groups, too. I see Harford taking initiative to create more public events and resources. The local groups, orgs, and businesses that already exist and operate day-to-day need support and room to grow. Don't take over their spaces in the course of trying to create a more engaged County community.	7/21/2026 11:57 AM

1442	There isn’t room for more development in Bel Air and developing agricultural land in Fallston or Jarrettsville etc is a horrible idea. You can call it “growth” like it’s a good thing, but it isn’t. It’s like we’re in an overcrowded city when we’re in Bel Air. Trying to turn out of our street is dangerous at certain times of day due to the increased development around us. We would also be extremely upset if the trees and necessary habitat around us were destroyed in the name of “growth”.	7/20/2026 8:10 PM

1483	First, before any growth, a logical plan for roads, schools, and healthcare should be developed to deal with the increased growth. As far as where, that depends on what is being built. Growth should be very strategic. Also, please remember that the people in the Abingdon, Riverside, and Perryman areas of the 40 corridor also want nice communities, not just continued building. We want open spaces, clean and safe communities. We are tired of large warehouses and industrial building up. I would really limit industrial building up in Harford County, period. Focus on shopping centers with character and green spaces within them, restaurants, housing, and parks and entertainment venues that the community can enjoy.	7/20/2026 4:15 PM

1512	Route 40 corridor. Edgewood, Joppa, Aberdeen, etc. It is a busy and populated area full of abandoned and unkempt shopping areas that deserve to be revitalized. There are many low-income people who deserve social resources, parks, and gathering places, who are openly ignored and denigrated in favor of "upscale" areas like Abingdon and Bel Air.	7/20/2026 1:16 PM
